

7. ESSAY TOPICS

7. ESSAY TOPICS	1071
1. 毕业或工作前就结婚 #101001	1075
2. 成长环境是否影响个人成就, 如何影响 #101002	1076
3. 法律改变人类的行为 #101003	1077
4. 员工参与决策的利弊 #101004	1078
5. 书面考试是否有效评估学习成果 #101005	1079
6. 旅行对于教育的必要性 #101006	1080
7. 欠发达国家的旅游业 #101007	1082
8. 极限运动 #101008	1083
9. 大众传媒引发的信息革命带来的利弊 #101009	1084
10. 大众传媒影响观点与个性 #101010	1085
11. 大众传媒对年轻人的影响 #101011	1086
12. 气候变化谁负责 #101012	1086
13. 电视功能 (学习、放松、陪伴) #101013	1088
14. 100 年内最重要的发明 #101014	1089
15. 日用消费品的营销应该重品牌还是重优惠 #101015	1091
16. 研究气候变化的某方面 #101016	1092
17. 明星是年轻人的偶像 #101017	1093
18. 住在城市好不好 #101018	1095
19. 学校竞争 #101019	1096
20. 生活方式影响健康 #101020	1097
21. 应不应该限制私家车的使用 #101021	1098
22. 公众资金应放在环境问题上还是太空旅行上 #101022	1099
23. 维护过去的建筑 #101023	1100
24. 学专家的内容 #101024	1102
25. 阻碍学习的事物就是教育 #101025	1103
26. 强制性投票 #101026	1104
27. 幼龄时学习新语言 #101027	1105
28. 高中学习百年前戏剧的利弊 #101028	1107
29. 传媒的变化 #101029	1108
30. 大商场替代小商铺 #101030	1109
31. 垃圾的原因和解决方案 #101031	1110
32. 数码时代的优点缺点 #101032	1112
33. 网上信息是否应该付费 #101033	1113
34. 青少年需不需要上理财课程 #101034	1114
35. 孩子用电影和文学学习一样重要 #101035	1115
36. 学生应该学习, 而不是考试 #101036	1117
37. 创造力是天生的还是后天的 #101037	1118
38. 无现金社会的优缺点 #101038	1119
39. 医学延长人们寿命是好是坏 #101039	1120
40. 体验式学习在学校有无好处 #101040	1121

41. 理科比文科更重要 #101041	1123
42. 家长需要为孩子的行为负法律责任吗 #101042	1124
43. 学校扣迟交作业学生的分数 #101043	1125
44. 兼顾工作和学习 #101044	1126
45. 学习道德和价值观和对于实际操作能力一样重要吗 #101045	1128
46. 飞机和汽车哪个更影响人们的生活 #101046	1129
47. 音乐帮助学习吗 #101047	1130
48. 怎么看待高中生表演戏剧 #101048	1132
49. 移民海外的优点和缺点 #101049	1133
50. 健康饮食比锻炼更重要 #101050	1134
51. 学生兼职打工的优点缺点 #101051	1136
52. 哪种学习资源最靠谱 #101052	1137
53. 广告的优点缺点 #101053	1139
54. 父母教育重不重要 #101054	1140
55. 政府面临的最严重的问题是什么 #101055	1142
56. 建筑设计对工作生活的影响 #101056	1143
57. 学校是否应该按照学生能力分组教学? #101057	1144
58. 大学生应该支付全额学费 #101058	1145
59. 教育和医疗, 哪一个更值得政府投入更多资金 #101059	1147
60. 低生育率和老龄化现象的主因和后果 #101060	1148
61. 集中考试和不停考试哪个好 #101061	1150
62. 城市生活与乡村生活, 你喜欢哪个? #101062	1152
63. 医生网络沟通好不好 #101063	1153
64. 流行音乐的大学学位 #101064	1155
65. 平价公交的优点及其代价 #101065	1156
66. 艺术文化是否该由政府资助 #101066	1157
67. 国民幸福指数 #101067	1159
68. 你国家的教育系统 #101068	1160
69. 全球化与外语 #101069	1161
70. 富国帮穷国 #101070	1162
71. 大学学费免费 #101071	1164
72. 学校应该教打字还是手写 #101072	1165
73. 工作学习还是旅游做志愿者 #101073	1166
74. 记者是最艰难的工作 #101074	1168
75. 医生病人用网络沟通 #101075	1169
76. 流行文化的大学学位 #101076	1170
77. 文学是浪费时间 #101077	1172
78. 媒体让人隔绝真实生活 #101078	1173
79. 英语全世界普及 #101079	1174
80. 商业企业帮助解决环境问题 #101080	1176
81. 聆听者与倾诉者 #101081	1177
82. 选工作为工作还是兴趣 #101082	1178
83. 使用手机的优缺点 #101083	1180
84. 考试应该被替换 #101084	1181

85. 年轻人 25 岁后才准开车投票 #101085	1182
86. 控制城市人口 靠规划还是政策 #101086	1184
87. 网络让年轻人远离人际沟通 #101087	1185
88. 参加个人或团体运动 #101088	1186
89. 男女适合不同的职业 #101089	1187
90. 气温升高的起因和解决方案 #101090	1189
91. 学校注重考试而非教育 #101091	1189
92. 商业组织应该帮助解决全球问题 #101092	1191
93. 社会大学和学位哪个重要 #101093	1192
94. 城市空间拥挤, 有何良策 #101094	1193
95. 高中毕业后该找工作还是读大学 #101095	1194
96. 科技让生活更有趣 #101096	1195
97. 懒惰的新闻报道已成为家常便饭 #101097	1196
98. 政府不应该承诺经济持续增长 #101098	1197
99. 人类活动导致气温上升 #101099	1198
100. 先天因素和后天因素哪个更加影响人们的性格和行为 #101100	1199
101. 学生能不能自己选择去不去上课 #101101	1200
102. 新员工比老员工更有技能知识 #101102	1201
103. 大学离家近和远的优缺点 #101103	1202
104. 学校用电脑代替书本 #101104	1203
105. 每个人都必须学一门外语吗 #101105	1205
106. 全球化谁最受益 #101106	1206
107. 生活经验和好学历哪个对找工作更有帮助 #101107	1207
108. 应不应该举办大型赛事 #101108	1208
109. 性格是不是决定个人生活 #101109	1210
110. 找工作应该更看中薪水还是工作条件 #101110	1211
111. 课外活动对中小学生和大学生都很重要 #101111	1212
112. 你国家的公共交通的优缺点 #101112	1213
113. 监狱应不应该惩戒犯罪 #101113	1214
114. 同不同意增加燃料的价格 #101114	1215
115. 企业利益最大化 #101115	1217
116. 大学教育是职业成功的必要条件 #101116	1218
117. 孩子放学后补习还是玩耍 #101117	1219
118. 对于求职市场来说, 校园生活/校园经历比一纸文凭更重要? #101118	1220
119. 运动员应该有更高的薪水 #101119	1222
120. 你国家的公交系统优缺点 #101120	1223
121. 大学教育在现今世界中是不是必需的 #101121	1224
122. 与书本或正统教育相比, 人生经历是最好的老师 #101122	1225
123. 大学购买数码媒体取代纸质书的利弊 #101123	1226
124. 政府应该改善公共交通还是多修路 #101124	1227
125. 教师护士应该有更高的薪水 #101125	1228
126. 兼顾工作与私人生活 (普遍性与后果) #101126	1229
127. 兼顾工作与私人生活 (重要性与成因) #101127	1230
128. 描述一个新发明及其优点或缺点 #101128	1231

129. 成长环境对人的影响（名人为例） #101129	1232
130. 电视功能（放松、陪伴） #101130	1234
131. 女性兼顾家庭与职场的建议 #101131	1235
132. 减少工时以缓解就业率 #101132	1236
133. 学校是否应该强制规定穿校服 #101133	1238
134. 名人是否要放弃隐私 #101134	1239
135. 未来人们工时会减少 #101135	1240
136. 年龄限制 #101136	1241
137. 外语应该成为必修课吗 #101137	1243
138. 国家把钱花在建筑修复，而非现代住房 #101138	1244
139. 21 世纪的孩子越来越难 #101139	1245
140. 要不要限定最高薪资 #101140	1247
141. 负担过重有利于更高成就 #101141	1248
142. 过度竞争对个人和社会的利弊？ #101142	1250
143. 既然有人工智能翻译，还需要学外语吗 #101143	1252
144. 太空旅行对现代生活的影响 #101144	1253
145. 多种媒体同时向公众传递信息 #101145	1254
146. 年轻人模仿名人 #101146	1255
147. 雇主是否应该在工作场所提供健身器材 #101147	1255
148. 是否应该为学生的成就而付钱给老师 #101148	1256
149. 文艺应该政府资助还是慈善资助 #101149	1257

1. 毕业或工作前就结婚 #101001

It is argued that getting married before finishing school or getting a job is foolish. To what extent do you agree or disagree?

有人认为，在完成学业或找到工作之前结婚是愚蠢的。你在多大程度上同意或不同意？

参考

观点1：是愚蠢的

Personally speaking, I firmly believe that getting married before finishing school or getting a job is foolish.

论点1：影响学业

Getting married before graduating from school or starting a career can lead to a negative impact on academic performance.

参考论证1：毕业前结婚 – 关注家庭 – 学习分心

[marriage before getting a degree] – [focus on family] – [distractions from study]

参考论证2：毕业前结婚 – 更多家务 – 无心备考

[getting married before graduation] – [more housework duties] – [reduced exam preparation time]

论点2：经济负担

Getting married before graduating from school or starting a career will bring about a financial burden.

参考论证1：工作前结婚 – 家庭支出 – 经济压力

[marriage before securing a job] – [extra household costs] – [greater financial pressure]

参考论证2：工作前结婚 – 家庭支出 – 经济困难

[getting married before employment] – [extra family expenses] – [financial difficulties]

论点3：离婚率高

Getting married before graduating from school or starting a career can cause a higher divorce rate.

参考论证1：工作前结婚 – 财务纷争 – 关系受损

[marriage before starting work] – [financial conflicts] – [damaged relationships]

参考论证2：毕业前结婚 – 沟通不成熟 – 婚姻破裂

[marriage before finishing school] – [immature communication] – [marital breakdown]

观点2：不是愚蠢的

Personally speaking, I firmly believe that getting married before finishing school or getting a job is not foolish.

论点1：提升责任感

Getting married before graduating from school or starting a career can lead to a stronger sense of responsibility.

参考论证1：毕业前结婚 – 共同面对生活 – 承诺感增强

[marriage before finding a job] – [joint problem-solving] – [stronger commitment]

参考论证2：工作前结婚 – 情感支持 – 婚姻责任感

[getting married before employment] – [long-term emotional support] – [marital responsibility]

论点2：应对压力

Getting married before graduating from school or starting a career can result in better coping strategies for life stress.

参考论证1：毕业前结婚 – 配偶支持 – 学业压力缓解

[marriage before getting a degree] – [spousal support] – [reduced mental pressure from study]

参考论证2：工作前结婚 – 精神支持 – 社会压力应对力

[getting married before employment] – [emotional support] – [ability to handle social pressure]

论点3: 心理健康

Getting married before graduating from school or starting a career can contribute to mental health.

参考论证1: 工作前结婚 – 伴侣陪伴 – 找工作时的情感安慰

[marriage before entering workplace] – [partner companionship] – [emotional support when job hunting]

参考论证2: 毕业前结婚 – 相互支持 – 备考时辅助稳定情绪

[getting married before graduation] – [mutual support] – [emotional stability during exam weeks]

2. 成长环境是否影响个人成就, 如何影响 #101002

Nowadays, people believe that the environment influences their accomplishments. Some people think their success and accomplishments were influenced by the places where they grew up. Do you think the environment does or does not affect people's accomplishments and how it affects?

现在, 人们认为环境影响他们的成就。有些人认为他们的成功和成就是受他们成长的地方的影响。你认为环境会影响还是不会影响人的成就? 环境是如何影响人的成就的?

参考

观点1: 会影响个人成就

Personally speaking, I firmly believe that the environment can affect people's accomplishments.

论点1: 充足的经济条件

The adequate capital resources in the places where people grew up play a crucial role in self-achievement.

参考词汇

[financial support / obtaining high-quality educational opportunities / academic achievement]

论点2: 充足的教育资源

Sufficient educational resources in the places where people grew up can broaden people's horizons.

参考词汇:

[knowledge and skills / enough learning resources / comprehensive education system / highly qualified professionals / explore and learn new things / open up one's eyes / access to diverse thoughts]

论点3: 社会背景影响品质和行为

The milieu directly influences people's behaviors and qualities.

参考词汇:

[social culture / mimic behaviors / shape / personality / characteristic shaping / war]

论点4: 高质量的社交网络和人脉

High-quality social networks and connections can promote people's accomplishments.

参考词汇

[interpersonal resources / advice from industry leaders / insight into industrial information and development]

观点2: 不同意

Personally speaking, the environment does not affect people's accomplishment.

论点1 – 后天努力可以实现个人的成功

Individual efforts can help people to actualize self-achievement

参考词汇

[change the original social-economic status / bring someone out of poverty / break the limitation of original environment]

论点2 – 坚忍不拔的性格可以实现个人的成功

The success of a person is also dependent on his personalities which cannot be shaped by the environment.

参考词汇

[hard-work and persistence / inborn characteristics, innate, nature / nurture, hard to acquire]

论点3 – 全球化弱化了出生环境的重要性

Globalization has overcome the geographical barriers, which means environment cannot limited people's growth.

参考词汇

[online education / online employment / can get access to various sources all over the world]

论点4 – 个人成功取决于能否抓住机遇

The success of a person is also dependent on whether he can seizure the opportunities.

参考词汇

[same environment, different reaction to the opportunities]

3. 法律改变人类的行为 #101003

Some people think human behaviors can be limited by laws, others think laws have little effect. What is your opinion?

一些人认为法律可以限制人的行为，另一些人认为法律没有什么作用。你的意见是什么？

参考

观点1：可以限制

Personally speaking, human behaviors can be limited by laws.

论点1：防止犯罪

Laws can prevent people from taking part in crime.

参考论证1：法律 – 惩罚 – 避免犯罪

[legislation] – [punishments and penalties] – [reduced criminal behavior]

参考论证2：法律 – 定义犯罪行为 – 避免犯法

[rules and regulations] – [definition of criminal behaviors] – [the avoidance of crime]

论点2：正确价值观

Laws can help shape citizens' sense of morality and influence their behavior.

参考论证1：法律 – 定义道德标准 – 道德行为

[laws and legislation] – [moral standards] – [ethical conduct]

参考论证2：法律 – 清晰的行为准则 – 遵守法律的行为

[rules and regulations] – [clear behavioral boundaries] – [lawful compliance]

论点3：承担社会责任

Laws can guide people to build their social responsibilities.

参考论证1：法律 – 建立社会责任感 – 对社会负责的行为

[laws and legislation] – [a sense of public duty] – [responsible conduct]

参考论证2：法律 – 法律义务 – 实现法律责任

[rules and regulations] – [legal obligations] – [the fulfillment of civic duties]

观点2：不能限制

Personally speaking, laws have little effect on human behaviors.

论点1：法律约束无法限制内在动机

Legal control have limited capacity to regulate people's internal motivations and behaviors.

参考论证1：法律 – 建立社会责任感 – 对社会负责的行为

[laws and legislation] – [external constraints] – [limited influence on personal choices]

参考论证2：法律 – 法律义务 – 实现法律责任

[rules and regulations] – [limited fear of punishment] – [temporary compliance]

论点2：法律缺乏执行力

Law's limited enforcement reduces the ability to regulate behavior.

参考论证1：法律 – 执行力有限 – 震慑作用低

[laws and legislation] – [enforcement gaps] – [low deterrent effect]

参考论证2：法律 – 监管能力不足 – 规避合法行为

[rules and regulations] – [weak supervision] – [rule avoidance]

论点3：法律不能预防犯罪行为

Laws are unable to prevent legal violations.

参考论证1：法律 – 以惩罚为主的机制 – 预防作用有限

[laws and legislation] – [punishment-based measures] – [weak preventive effect]

参考论证2：法律 – 事后型执行方式 – 行为预防能力不足

[rules and regulations] – [reactive enforcement] – [limited behavioral prevention]

4. 员工参与决策的利弊 #101004

In some companies, some employers involve employees in the decision-making process of products and services. What are the advantages and disadvantages of such a policy?

有些雇主会让员工参与产品和服务的决策过程。这种政策的优点和缺点是什么？

参考

观点：既有优点，也有缺点

Personally speaking, I firmly believe that there are both advantages and disadvantages of such a policy.

Body Paragraph 1 – 优点

论点1：增加员工忠诚度

Employees' participation in the decision-making process of products and services can result in high employee loyalty.

参考论证1：员工参与决策 – 工作参与度 – 归属感

[employees making decisions] – [more engagement in work] – [a sense of belonging]

参考论证2：员工参与决策 – 动力和热情 – 忠诚度

[involving employees in the decision-making process] – [their motivation and passion] – [higher employment loyalty]

论点2: 提高工作表现

Involving employees in the decision-making process of products and services will lead to better business performance.

参考论证1: 员工参与决策 – 更好的商业建议 – 更高的公司收入

[employees making decisions] – [better business suggestions] – [more business revenue]

参考论证2: 员工参与决策 – 满足顾客需求 – 顾客认可度

[involving employees in the decision-making process] – [meeting clients' demand] – [customers' recognition]

Body Paragraph 2 – 缺点

论点1: 产生上下级矛盾

Employees participating in the decision-making process may create conflicts between employees and managers.

参考论证1: 员工参与决策 – 意见不同和争执 – 老板员工之间的冲突

[staff participation] – [disagreement or arguments] – [conflicts among employees and employers]

参考论证2: 员工参与决策 – 不同意见 – 管理层和员工之间关系紧张

[staff engagement in decision making] – [different opinions] – [tensions between management and employees]

论点2: 降低工作效率

Employees engaged in the decision-making process will cause a decrease in working efficiency.

参考论证1: 员工参与决策 – 复杂的协商流程 – 浪费时间

[employee involvement in decision making] – [complex negotiation procedures] – [waste of time]

参考论证2: 员工参与决策 – 冗长的讨论时间 – 拖慢工作进度

[employee engagement in the decision process] – [longer discussion time] – [slower work progress]

5. 书面考试是否有效评估学习成果 #101005

The formal written examination can be a valid method to assess students' learning. To what extent do you agree or disagree? Use your own experience.

正式的笔试是评估学生学习成绩的有效方法。你在多大程度上同意或不同意? 运用你自己的经验。

参考

观点1: 是有效方法

Personally speaking, I firmly believe that a formal written examination can be a valid method to assess students' learning.

论点1: 准确评估知识掌握程度

A formal written examination can lead to a clear measurement of knowledge mastery.

参考论证1: 笔试 – 数字化成绩 – 学习结果准确评估

[formal written examination] – [quantified scores] – [accurate assessment of learning outcomes]

参考论证2: 笔试 – 数字化考试结果 – 学业表现准确评估

[written examinations] – [numerical test outcomes] – [precise evaluation of academic performance]

论点2: 客观测试学习成果

A formal written examination can ensure removal of subjectivity in grading.

参考论证1: 笔试 – 考试形式统一 – 无主观偏差

[formal written examination] – [identical test formats] – [bias-free evaluation]

参考论证2: 笔试 – 考试流程统一 – 客观学术评价

[written examinations] – [standardized procedures] – [objective academic evaluation]

论点3: 全面测试学习成果

Formal written examination can result in comprehensive understanding of students' learning outcomes.

参考论证1: 笔试 – 精细的题目设计 – 全面检测学生知识漏洞

[formal written examination] – [careful exam item design] – [identification of learning deficiencies]

参考论证2: 笔试 – 有代表性的题目选取 – 检测学生重点知识点掌握情况

[written examination] – [representative question selection] – [assessment of core concept mastery]

观点2: 不是有效方法

Personally speaking, I firmly believe that a formal written examination is not a valid method to assess students' learning.

论点1: 无法检验实践能力

Formal written examination can have inability to assess practical ability development.

参考论证1: 笔试 – 小组项目不足 – 难易检测团队合作力

[formal written examination] – [few group projects] – [failure to evaluate teamwork skills]

参考论证2: 笔试 – 注重理论 – 无法判断实践能力

[written examinations] – [focus on theory] – [limited measurement of problem-solving ability]

论点2: 成绩失真

Formal written examination can bring about distorted results under pressure.

参考论证1: 笔试 – 备考焦虑 – 无法反映实际水平

[formal written examination] – [exam anxiety] – [failure to reflect true mastery]

参考论证2: 笔试 – 考试时间紧张 – 匆忙作答/未完成作答

[written examinations] – [strict exam time limits] – [rushed responses / incomplete answers]

论点3: 不计过程 (只重结果)

Formal written examination can lead to neglect of the learning process evaluation.

参考论证1: 笔试 – 应试记忆 – 无法审核是否知识内化

[formal written examination] – [test-oriented memorization] – [lack of assessing conceptual understanding]

参考论证2: 笔试 – 死记硬背 – 无法检验知识理解

[written examination] – [exam cramming] – [insufficient assessment of knowledge comprehension]

6. 旅行对于教育的必要性 #101006

“The value of travel has been overrated”. It is said that one can be a brilliant scholar without leaving one's home base. Do you think travel is a necessary component of a quality education?

“旅行的价值被高估了。有人说，一个人无需离开家乡也能成为卓越学者。”你认为旅行是优质教育的必要组成部分吗？

参考

观点1: 有必要

Personally speaking, I firmly believe that travel is a necessary component of quality education.

论点1: 开拓学术研究方法

Travel can bring about new approaches to academic research.

参考论证1: 海外旅行 – 接触新思维 – 新视角研究

[overseas travel] – [exposure to new mindsets] – [fresh research perspectives]

参考论证2: 海外游学 – 与海外学者交流 – 研究视野拓宽

[overseas travel for education] – [interaction with foreign scholars] – [broader research ideas]

论点2: 语言习得

Travel can result in effective foreign language acquisition.

参考论证1: 出国旅行 – 与外国人交流 – 提升口语和听力能力

[traveling overseas] – [communication with locals] – [improved speaking and listening ability]

参考论证2: 出国游学 – 外语环境 – 第二语言迅速进步

[overseas travel for study] – [foreign language environment] – [rapid second-language progress]

论点3: 深化知识理解

Travel can lead to a deeper understanding of knowledge.

参考论证1: 海外游学 – 想法碰撞 – 理论理解更深

[overseas study tour] – [exchange of new ideas] – [better theory comprehension]

参考论证2: 海外游学 – 接触不同研究方法 – 学术理解更全面

[overseas tour for education] – [access to different methodologies] – [more comprehensive academic insights]

观点2: 没有必要

Personally speaking, I firmly believe that travel is not a necessary component of quality education.

论点1: 经济压力

Travel can impose heavy financial burdens on scholars.

参考论证1: 海外旅行 – 额外学费支出 – 经济困难

[overseas travel] – [extra tuition spending] – [significant financial hardships]

参考论证2: 海外游学 – 交通住宿费用 – 经济压力

[overseas study tour] – [transportation and accommodation costs] – [huge financial pressure]

论点2: 学习效率降低

Overseas travel can result in reduced learning efficiency.

参考论证1: 海外旅行 – 耗时适应环境 – 学习分心

[traveling overseas] – [time for adaptation] – [less focus on study]

参考论证2: 海外研学 – 社交分心 – 学习不自律

[overseas travel for study] – [social and shopping distractions] – [weaker academic discipline]

论点3: 线上学习课替代出国

Local online learning can lead to similar academic results as overseas travel.

参考论证1: 在线学习科技 – 接触外国教师 – 学习国外专长

[online learning technology] – [access to foreign teachers] – [learning of international expertise]

参考论证2: 数字教育平台 – 跨国学术讨论 – 居家学术交流

[digital education platforms] – [cross-broader discussions] – [academic exchange at home]

7. 欠发达国家的旅游业 #101007

For a less developed country, the disadvantages of tourism are as great as the advantages. Please discuss this statement, and give and explain your opinion.

对于一个欠发达的国家来说，旅游业的利与弊一样大。请讨论这一说法，给出并解释你的观点。

参考

观点：利弊相当

Personally speaking, the disadvantages of tourism are as great as the advantages.

Body Paragraph 1 – 优点

论点1：促进就业

Tourism can generate more employment opportunities in less developed countries.

参考论证1：旅游业的发展 – 岗位空缺 – 就业率上升

[the development of tourism] – [job vacancies] – [increased employment rate]

参考论证2：旅游业 – 对导游和服务人员的需求 – 更多工作岗位

[tourism] – [the increasing need for guides and service staff] – [more work chances]

论点2：促进消费

Tourism can boost local consumption in less developed countries.

参考论证1：旅游业的发展 – 更多外地游客 – 更多本地饮食消费

[the development of tourism] – [more foreign travelers] – [local food consumption]

参考论证2：旅游业 – 世界各地游客 – 本地住宿类消费

[tourism] – [tourists around the world] – [more money spent on local accommodation]

Body Paragraph 2 – 缺点

论点1：破坏环境

Tourism can damage the local environment in less developed countries.

参考论证1：旅游业 – 乱扔垃圾的行为 – 环境污染

[tourism industry] – [the act of littering] – [environmental pollution]

参考论证2：很多旅客 – 更多生活垃圾 – 环境压力

[more travelers] – [more general waste] – [environmental pressure]

论点2：犯罪率上升

Tourism can drive up the crime rate in less developed countries.

参考论证1：本地旅游 – 大量难以控制的游客 – 犯罪率上升

[local tourism] – [a large number of tourists out of control] – [increased crime rate]

参考论证2：大量游客 – 对警力的需求 – 社会安全压力

[a large number of tourists] – [the need for police force] – [social security stress]

8. 极限运动 #101008

问法一：In your opinion, what are the advantages and disadvantages of extreme or adventure sports?
在你看来，极限或冒险运动的优点和缺点是什么？

问法二：Nowadays, more and more people engage in dangerous activities, such as skiing, or white-water rafting. Are you in favor of them? Why? Use examples to support your opinion.

如今，越来越多的人从事危险的运动，如滑雪、漂流。你赞成他们吗？为什么？用例子来支持你的观点。

参考

观点：既有优点，又有缺点

Personally speaking, there are both advantages and disadvantages of extreme or adventure sports.

Body Paragraph 1 – 优点

优点1：满足心理需求

Doing extreme or adventure sports can help individuals gain thrilling experiences.

参考词汇

[thrill-seeking / adrenaline rush / pursue adventure and excitement / psychological satisfaction / fulfillment]

优点2：开拓眼界

Doing extreme or adventure sports can broaden people's horizons.

参考词汇

[unique life experience / enlarge and expand social circles / experience various entertainment activities / new experiences]

优点3：提高我们的身体素质

Doing extreme or adventure sports can promote physical fitness.

参考词汇

[a more robust physique / strength our muscle]

优点4：帮助人们释放压力

Participating in extreme sports can help people relief mental and physical pressure.

参考词汇

[life pressure / work pressure / mood / emotional balance / stress / tension / calm mind]

Body Paragraph 2 – 缺点

缺点1 - 危险

Engagement in extreme or adventure sports involves a high degree of risks.

参考词汇

[treading along the brink of death / serious injuries / risk of death or disabilities / trauma]

缺点2 - 花费高，不是大部分人能负担得起

Doing extreme or adventure sports is not affordable for everyone.

参考词汇

[specialized equipment / high significant costs / expensive coaching service]

缺点3 - 花费时间

Doing extreme or adventure sports is very time-consuming.

参考词汇

[long-term training program / additive / distract people from study and career]

缺点4 - 削弱自信心

Doing extreme or adventure sports can dent participants' confidence.

参考词汇

[loss confidence / if a person is unable to perform satisfactorily in such sports / many people see these sports as a proof of guts, daring and many a times masculinity]

9. 大众传媒引发的信息革命带来的利弊 #101009

“The information revolution by modern mass communication has both positive and negative consequences for individuals and for society.” To what extent do you agree? Explain with your own experience.

“现代大众传播带来的信息革命对个人和社会都有积极和消极的影响。”你在多大程度上同意? 用你自己的经历来解释。

参考

观点：既有优点，又有缺点

Personally speaking, I firmly believe that the information revolution by modern mass communication has both advantages and disadvantages for individuals and for society.

Body Paragraph 1 – 优点

论点1：加速信息传播

The information revolution by modern mass communication will lead to fast information transmission.

参考论证1：大众传播信息革命 – 快速接触最新新闻 – 快速传播国际事件

[the information revolution driven by modern mass communication] – [immediate exposure to the latest news] – [quick access to global affairs]

参考论证2：大众传播信息革命 – 了解突发新闻 – 快速应急

[advancement of modern mass communication technology] – [rapid updates on breaking news] – [quick response to emergencies]

论点2：建立人际关系

The information revolution brought by modern mass communication can foster closer relationships among people.

参考论证1：大众传播信息革命 – 便利的人际沟通 – 拉近人际关系

[modern mass communication] – [convenient interpersonal communication] – [close bonds among people]

参考论证2：大众传播信息革命 – 社交媒体及时共享 – 减少地理限制

[the information revolution of modern media] – [real-time sharing on social media] – [fewer geographical barriers]

Body Paragraph 2 – 缺点

论点1：提高网络犯罪率

The information revolution driven by modern mass communication can lead to an increase in cybercrime.

参考论证1：大众传播信息革命 – 虚假广告 – 网络诈骗

[media-driven information revolution] – [fake online advertisement] – [cyber fraud]

参考论证2：大众传播信息革命 –

[information revolution of modern communication] – [personal information leak] – [identity theft]

论点2: 影响工作/学业

The information revolution by modern mass communication can cause a decline in work performance and academic achievement.

参考论证1: 大众传播信息革命 – 线上内容繁杂 – 工作学习分心

[the information revolution driven by modern mass communication] – [complex online content] – [distractions in work and study]

参考论证2: 大众传播信息革命 – 过度使用社交媒体 – 无心工作学习

[information revolution of digital media] – [excessive use of social media] – [less focus on work and study]

10. 大众传媒影响观点与个性 #101010

The mass media, including TV, radio and newspapers, influences our society and shapes our opinions and characters. What is your opinion?

大众传媒, 包括电视、广播和报纸, 影响我们的社会, 塑造我们的观点和性格。你的意见是什么?

*建议这道题选择“同意”

参考

观点: 影响深远

Personally speaking, mass media has a profound influence on society and individuals' opinions and characters.

Body Paragraph 1 – 影响观点塑造

论点 1: 引导公众观点形成

Mass media can influence shared values and judgments.

参考论证 1: 大众传媒 – 呈现社会价值与立场 – 公众观点形成

[mass media] – [presentation of social values and viewpoints] – [formation of public opinion]

参考论证 2: 公共讨论 – 主流观点聚焦 – 集体判断形成

[public discourse] – [focus on dominant perspectives] – [collective opinion formation]

论点 2: 叙事方式影响事件解读

Mass media can influence opinions through the way events are framed and interpreted.

参考论证 1: 新闻叙事方式 – 特定语言与角度 – 事件理解被引导

[media framing] – [specific language and perspectives] – [guided interpretation of events]

参考论证 2: 评论节目 – 解释性报道 – 公众判断形成

[commentary programs] – [interpretive reporting] – [formation of public judgement]

Body Paragraph 2 – 影响性格形成

论点 1: 塑造价值观与道德判断

Mass media can shape people's values and moral standards.

参考论证 1: 媒体内容呈现 – 对是非善恶的强调 – 价值判断形成

[media content presentation] – [emphasis on right and wrong] – [formation of moral values]

参考论证 2: 新闻叙事 – 榜样塑造 – 道德标准内化

[media narratives] – [portrayal of role models] – [internalization of moral standards]

论点 2: 塑造社会认同感与自我认知

Mass media can shape individuals' sense of identity and self-perception.

参考论证 1: 媒体形象呈现 – 对成功的定义 – 自我认知形成

[media representations] – [definition of success] – [formation of self-identity]

参考论证 2: 大众传媒信息 – 推崇社会公认的特质 – 自我评价受影响

[mass media messages] – [promotion of socially valued traits] – [influenced self-perception]

11. 大众传媒对年轻人的影响 #101011

Mass media, including TV and newspapers, have a great influence on humans, particularly on the younger generation. It has a pivotal role in shaping people's opinions. Discuss the extent you agree or disagree. Use your own experience or examples.

大众传媒, 包括电视和报纸, 对人类有很大的影响, 特别是对年轻一代。它在塑造人们的观点方面起着关键作用。讨论你同意或不同意的程度。用你自己的经验或例子。

参考

观点: 塑造人们观点

Personally speaking, I firmly believe that mass media, including TV and newspapers, have a pivotal role in shaping the younger generation's opinion.

论点1: 批判性思维

Mass media can foster critical perspectives among the younger generation.

参考论证1: 大众传媒 – 真伪信息并存 – 批判比较观点

[mass communication channels] – [mixed true and false information] – [critical comparison of opinions]

参考论证2: 电视报纸 – 多样时事报道 – 青少年综合视角

[TV and newspapers] – [diverse current affairs reports] – [integrated teenage perspectives]

论点2: 视野拓宽

Mass media can lead to broader perspectives among the younger generation.

参考论证1: 主流媒体 – 对同一信息的不同评论 – 多元视角

[mainstream media] – [diverse comments on the same issue] – [multiple viewpoints]

参考论证2: 大众传媒 → 内容丰富 → 全面视角

[mass communication channels] – [a variety of media content] – [comprehensive viewpoints]

论点3: 偏见性观点

Mass media can cause young people to develop biased opinions.

参考论证1: 大众传媒 – 偏颇报道 – 误导性政治观点

[mass media] – [biased reports] – [misleading political opinions]

参考论证2: 公共媒体 – 片面信息 – 片面化观点

[public media] – [one-sided information] – [biased views]

12. 气候变化谁负责 #101012

Climate change is a concerning global issue. Who should take the responsibilities: governments, big companies or individuals?

气候变化是一个令人关切的全球问题。谁应该承担责任, 政府, 大公司还是个人?

参考

观点1: 政府负责

Personally speaking, I firmly believe that governments should take responsibility for climate change.

论点1: 有效治理

The government's access to cutting-edge technologies can lead to more effective climate governance.

参考论证1: 清洁能源 – 化石燃料替代 – 碳排放减少

[government-led clean energy] – [replacement of fossil fuels] – [reduction in carbon emissions]

参考论证2: 先进技术 – 可再生能源推广 – 碳中和社会

[government's access to advanced technology] – [renewable energy promotion] – [carbon-neutral society]

论点2: 政策执行

Governments can ensure policy enforcement.

参考论证1: 政府管控 – 气候破坏惩罚 – 公共遵守

[governments control] – [penalties for climate damage] – [public compliance]

参考论证2: 政府政策 – 环境违法处罚 – 公共环保行为

[government policies] – [punishment for environmental violations] – [pro-environmental behaviors]

论点3: 财政支持

Governments can allocate sufficient financial resources.

参考论证1:

[governmental fund in green projects] – [development of new eco-friendly technologies] – [better control of carbon emission]

参考论证2:

[governmental investment in environment] – [more sustainable infrastructure in society] – [enhanced national capacity to combat climate change]

观点2: 大公司负责

Personally speaking, I firmly believe that big companies should take responsibility for climate change.

论点1: 企业减排

Emission control by big companies can bring about fewer pollutants into the atmosphere.

参考论证1: 可持续运营 – 有害废气减少 – 全球变暖缓解

[sustainable operations] – [reduced harmful emissions] – [mitigation of global warming]

参考论证2: 减排措施 – 工业废气减少 – 气候变化控制

[emission control measures] – [less industrial emissions] – [climate change control]

论点2: 环保科技研发

Big companies can drive research on green technologies.

参考论证1: 绿色研发 – 可再生能源技术 – 化石燃料依赖减少

[green research] – [renewable energy technologies] – [reduced fossil fuel dependence]

参考论证2: 绿色创新 – 碳减排方案 – 气候变化缓解

[green innovation] – [carbon-reducing solutions] – [climate change mitigation]

论点3: 提升公众环保意识

Corporate responsibility for climate change can enhance public environmental awareness.

参考论证1: 企业责任 – 宣传环保理念 – 公共意识提高

[corporate responsibility] – [promotion of eco-friendly values] – [greater public awareness]

参考论证2: 企业责任 – 绿色品牌战略 – 消费者环保行为

[corporate responsibility] – [green branding strategies] – [pro-environment consumer behaviors]

观点3：个人负责

Personally speaking, I firmly believe that individuals should take responsibility for climate change.

论点1：个人参与促进法规落实

Active participation of individuals can lead to effective enforcement of environmental regulations.

参考论证1：遵守环保规则 – 节约能源 – 实现气候目标进展

[rule compliance] – [more energy saving] – [progress towards the climate goals]

参考论证2：个人参与 – 私家车使用减少 – 温室气体排放控制

[individual engagement] – [reduced private car use] – [greenhouse gas control]

论点2：生活方式促进碳减排

Individual lifestyle choices can result in significant carbon reduction.

参考论证1：改变出行方式 – 减少燃油车使用 – 降低碳足迹

[travel mode change] – [less use of gas vehicles] – [lower carbon footprint]

参考论证2：可持续生活方式 – 家庭绿色能源使用 – 温室气体减少

[sustainable lifestyle] – [green energy consumption at home] – [reduced greenhouse gas]

论点3：消费选择促进可持续生产

Individual consumption choices can promote sustainable production.

参考论证1：理性消费 – 偏好环保产品 – 企业转向绿色生产

[responsible consumption] – [preference for eco-friendly products] – [sustainable business practice]

参考论证2：绿色消费 – 减少一次性塑料使用 – 环境污染降低

[green consumption] – [less use of single-use plastics] – [reduced environmental pollution]

13. 电视功能（学习、放松、陪伴） #101013

Television serves many useful functions. It helps people to relax. Besides, it can also be seen as a companion for the lonely. To what extent do you agree with this? Explain why with your own experience?

电视有许多有用的功能。它帮助人们放松。此外，它也可以被视为孤独的伴侣。你在多大程度上同意这个观点？用你自己的经历来解释为什么。

参考

观点：既可放松，也可陪伴

Personally speaking, I firmly believe that television helps people to relax and can also be seen as a companion for the lonely.

Body Paragraph 1 – 放松

论点1：缓解情绪

Television can provide emotional comfort.

参考论证1：电视节目 – 喜剧和脱口秀 – 缓解压力

[TV programs] – [comedies and talk shows] – [relief from daily pressure]

参考论证2：每天看电视 – 综艺笑声 – 焦虑减少情绪改善

[daily TV watching] – [laughter from variety shows] – [reduced anxiety]

论点2：放松身心

Television can bring physical and mental relief.

参考论证1：电视节目 – 风景纪录片 – 心情平静舒缓

[TV shows] – [scenery documentaries] – [peaceful and calm mind]

参考论证2: 电视节目 – 音乐节目 – 身心放松恢复精力

[TV programs] – [music shows] – [relaxation and energy recovery]

Body Paragraph 2 – 陪伴

论点1: 减少孤独感

Television can lead to reduced feeling of loneliness.

参考论证1: 看电视节目 – 填补空闲时间 – 陪伴感

[watching television programs] – [filling free time] – [a sense of companionship]

参考论证2: 看新闻 – 了解全球动态 – 满足感

[watching news] – [global updates] – [a sense of fulfilment]

论点2: 提供社交性陪伴感

Television can bring a connection to the outside world.

参考论证1: 看新闻节目 – 了解社会动态 – 产生社会融入感

[watching news programs] – [awareness of social events] – [a sense of inclusion]

参考论证2: 看热门综艺 – 拥有共同话题 – 增加社交交流机会

[watching popular shows] – [shared discussion topics] – [more social interaction]

14. 100年内最重要的发明 #101014

There are many important inventions in the modern world, including antibiotics, airplanes and computers. What do you believe is the most important invention of the past hundred years? Why?

现代世界有许多重要的发明, 包括抗生素、飞机和计算机。你认为过去一百年里最重要的发明是什么? 为什么?

参考

观点1: 抗生素

Personally speaking, I firmly believe that antibiotics are the most important invention in the past 100 years.

论点1: 医药行业发展

Antibiotics can drive the development of the medical industry.

参考论证1: 抗生素发明 – 药物研发启发 – 医药行业成长

[the invention of antibiotics] – [inspiration for drug research] – [medical industry growth]

参考论证2: 抗生素 – 未来创新典范 – 医学工程进步

[antibiotics] – [a model for medical innovations] – [progress in medical engineering]

论点2: 全民健康收益

Antibiotics can provide health benefits for people of all ages.

参考论证1: 抗生素 – 治疗常见感染 – 降低疾病死亡风险

[antibiotics] – [treatment for common infections] – [lower risk of death]

参考论证2: 抗生素应用 – 有效治疗康复 – 延长寿命

[wide antibiotic use] – [effective treatment and recovery] – [longer lifespan]

论点3: 公共卫生水平提升

Antibiotics can enhance public health systems.

参考论证1: 抗生素 – 控制传染病爆发 – 改善社区健康

[antibiotics] – [control of infectious outbreaks] – [better community health]

参考论证2: 抗生素 – 广泛用于医疗机构 – 公共卫生体系强化

[widespread antibiotic use] – [availability in hospitals] – [strengthened public health system]

观点2: 飞机

Personally speaking, I firmly believe that the airplane is the most important invention in the past 100 years.

论点1: 旅游业增长

Airplanes can promote the growth of the travel industry.

参考论证1: 航空旅行 – 跨境出行 – 当地旅游业发展

[airplane travel] – [cross-border trips] – [local tourism development]

参考论证2: 航空旅行 – 进入偏远地区 – 旅游收入增加

[air travel] – [access to remote areas] – [higher local tourism revenue]

论点2: 留学便利化

Airplanes can facilitate overseas study.

参考论证1: 国际航班 – 缩短旅程时间 – 留学机会实现

[international flights] – [shorter travel time] – [possibility of study abroad]

参考论证2: 国际航班 – 打破地域限制 – 国际学习支持

[modern air transport] – [removal of geographic barriers] – [support for international study]

论点3: 商务与文化交流

Airplanes can promote business and cultural exchange.

参考论证1: 航空旅行 – 人员与货物跨境流动 – 商业文化互动增加

[airplane travel] – [cross-border movement of people and goods] – [more business and cultural interactions]

参考论证2: 国际航班 – 国家间频繁交流 – 跨境关系增强

[international flights] – [frequent cross-country communications] – [stronger cultural and business ties]

观点3: 计算机

Personally speaking, I firmly believe that the computer is the most important invention in the past 100 years.

论点1: 降低人工成本

Computers can bring about reduced labour costs.

参考论证1: 电脑系统 – 替代办公室人工 – 人员成本降低

[computer systems] – [replacement of manual office work] – [lower personnel costs]

参考论证2: 电脑程序 – 高效处理重复任务 – 公司节省成本

[computer programs] – [efficiency in repetitive work] – [corporate cost savings]

论点2: 安全存储信息

Computers can ensure secure information storage.

参考论证1: 电脑硬盘 – 电子文件存储 – 长期保存

[computer hard disk] – [digital storage for files] – [long-term preservation]

参考论证2: 电脑硬盘 – 数据备份系统 – 防止资料损坏

[computer hard drive] – [data backup systems] – [protection from damage]

论点3：提高工作效率

Computers can bring about higher work efficiency.

参考论证1：职场电脑 – 获取软件工具 – 任务完成更快

[workplace computers] – [access to software tools] – [faster task completion]

参考论证2：多功能电脑 – 多任务和自动化功能 – 减少人工

[multi-functional computers] – [multitasking and automation functions] – [higher outputs with less manual work]

15. 日用消费品的营销应该重品牌还是重优惠 #101015

Should marketing in companies producing consumer goods like food and clothing, place emphasis on the reputation of the company or short-term strategies like discounts and special offers? Why?

在生产食品和服装等消费品的公司中，营销应该强调公司的声誉还是短期战略，如折扣和特价？为什么？

参考

观点 1：品牌声誉

Personally speaking, marketing for consumer goods should place more emphasis on the reputation of the company.

论点 1：建立长期消费者信任

Building brand reputation can help develop consumer loyalty.

参考论证 1：品牌声誉 – 消费者信任 – 长期客户忠诚

[brand reputation] – [consumer trust] – [long-term customer retention]

参考论证 2：品牌形象 – 感受到的可靠性 – 重复购买

[brand image] – [perceived reliability] – [repeat purchases]

论点 2：提升产品附加价值

A strong brand can increase the perceived value of products.

参考论证 1：品牌声誉 – 价值感知 – 更高支付意愿

[brand reputation] – [value perception] – [higher willingness to pay]

参考论证 2：品牌认同 – 质量认可 – 溢价定价

[brand identity] – [well-recognized quality] – [premium pricing]

论点 3：增强市场竞争力

Brand-focused marketing can strengthen a company's competitiveness.

参考论证 1：品牌声誉 – 品牌独特性 – 竞争优势

[brand reputation] – [brand uniqueness] – [competitive advantage]

参考论证 2：品牌认知 – 消费者偏好 – 稳定市场份额

[brand recognition] – [consumer preference] – [stable market share]

观点 2：短期优惠策略

Personally speaking, marketing in companies producing consumer goods should place emphasis on short-term strategies like discounts and special offers.

论点 1：刺激即时消费

Discounts and promotions can stimulate immediate consumer spending.

参考论证 1：价格折扣 – 购买激励 – 即时销量增长

[price discounts] – [purchase incentives] – [immediate sales growth]

参考论证 2: 促销活动 – 降低购买门槛 – 冲动消费

[special offers] – [reduced purchase barriers] – [impulse buying]

论点 2: 快速吸引新客户

Short-term promotions can help quickly attract new customers.

参考论证 1: 促销活动 – 低进入成本 – 新客户获取

[promotional activities] – [lower entry cost] – [new customer acquisition]

参考论证 2: 限时优惠 – 消费者好奇心 – 试用型购买

[limited-time offers] – [consumer curiosity] – [trial purchases]

论点 3: 应对激烈市场竞争

Discount-based strategies can help companies respond to intense competition.

参考论证 1: 价格促销 – 竞争应对 – 市场留存

[price promotions] – [competitive response] – [market retention]

参考论证 2: 折扣策略 – 短期价格优势 – 稳定市场份额

[discount strategies] – [short-term price advantage] – [stabilization of market share]

16. 研究气候变化的某方面 #101016

You are given climate change as the field of study. Which area would you prefer? Explain why you pick this particular area of your study and give an example in the area you pick.

你的研究领域是气候变化。你更想选哪个领域？解释你为什么选择你研究的这个特定领域，并给出一个你选择的领域的例子。

参考

观点1: 研究极端天气

Personally speaking, I firmly believe that extreme weather should be a main study area in climate change.

论点1: 栖息地保护

Studying extreme weather can lead to the protection of habitats.

参考论证1: 研究极端天气 – 降雨预测 – 相应洪水管理

[studying extreme weather] – [prediction of precipitation patterns] – [adaptive flooding management]

参考论证2: 研究极端天气 – 极端气候检测 – 应对生态环境不稳定

[studying extreme weather] – [extreme climate monitor] – [better response to ecological instability]

论点2: 维护生态多样性

Studying extreme weather will bring about a reduction in biodiversity loss.

参考论证1: 研究极端气候模式 – 预测内陆强降雨 – 采取措施防止稀有动物灭绝

[studying extreme climatic patterns] – [prediction of extreme weather events] – [prevention of rare animal extinction]

参考论证2: 研究异常天气 – 监测气候灾害 – 减轻对动物的破坏

[studying abnormal weather] – [monitoring climate disasters] – [mitigation of damage to animals]

论点3: 减轻财物损坏

Studying extreme weather patterns can lead to reduced property damage.

参考论证1: 研究异常天气 – 预测持续强降雨和热浪 – 减少人员与财产损失

[studying unusual weather] – [prediction of heavy rainfalls and heat waves] – [reduction of life and

property losses]

参考论证2: 研究极端气候事件 – 预警干旱和冰雹 – 降低对建筑和农田的破坏

[studying extreme climate events] – [early warning of droughts and hailstorms] – [less damage to buildings and farmland]

观点2: 研究全球变暖

Personally speaking, I firmly believe that global warming should be a main study area in climate change.

论点1: 减少生态影响

Studying global warming will lead to mitigated detrimental effects on the ecological environment.

参考论证1: 研究全球变暖 – 监测气温和海平面上升 – 预防环境破坏

[studying global warming] – [rising temperature and sea-level monitoring] – [prevention of environmental damage]

参考论证2: 研究全球气温变化 – 预测高温和强降水 – 缓解不适宜居住的风险

[studying global temperature change] – [prediction of extreme heat and heavy precipitation] – [reduced risk of uninhabitability]

论点2: 维护生态多样性

Studying global warming can result in a reduction of biodiversity loss.

参考论证1: 研究全球变暖 – 预测极端高温 – 防止物种灭绝

[studying global warming] – [prediction of extreme high temperatures] – [prevention of rare species extinction]

参考论证2: 研究全球气温异常 – 监测年度温度变化 – 减轻对动物生存的威胁

[studying abnormal temperature] – [the monitor of unusual temperature changes] – [mitigation of threats to animal lives]

论点3: 减少自然灾害风险

Studying global warming can lead to the reduction of natural disaster risks.

参考论证1: 研究全球变暖 – 监测气象不稳定性 – 减少洪水冰雹的发生风险

[studying global warming] – [forecast of unstable meteorological conditions] – [less flood and hailstorm risks]

参考论证2: 研究全球气温上升 – 预测大气不稳定性 – 缓解台风和飓风的强度

[studying global temperature rise] – [prediction of atmospheric instability] – [mitigation of high-intensity typhoons and hurricane]

17. 明星是年轻人的偶像 #101017

Successful sports stars and glamorous film stars act as role models for youngsters. Do you support this or not?

成功的体育明星和魅力十足的影视明星成为了年轻人的榜样。你是否支持这种现象呢?

参考

观点1: 同意

Personally speaking, I believe that successful sports stars and glamorous film stars act as role models for youngsters.

论点1: 学习优秀的品质

Youngsters can cultivate outstanding qualities from successful sports stars and glamorous film stars.

参考词汇

[persistence / optimistic characteristics / never give up / life coach / mentor]

论点2: 影响职业选择

Successful sports stars and glamorous film stars can guide youngsters' future career path.

参考词汇

[inspired by their stories / encourage the young to thoroughly understand the industry / highly motivated and follow one's steps]

论点3: 从小树立理想

Youngsters can set a goal to become a successful figure and achieve accomplishment under the influence of their role models.

参考词汇

[learn unconsciously / influenced by what one constantly sees and hears / learn their idols' successful experience / generate strategy / be strict with oneself]

论点4: 发掘自己的兴趣和特长

Successful sports stars and glamorous film stars may help youngsters find their interests and strengths.

参考词汇

[imitate acts or performance / identify what they are good at / cultivate their interests / role model's power]

观点2: 不同意

Personally speaking, I don't support the idea that successful sports stars and glamorous film stars act as role models for youngsters.

论点1: 坏的习惯也会学

Youngsters will easily imitate the negative behaviors of the celebrities because they are mentally immature.

参考词汇

[luxurious / lavish lifestyle / vanity / inappropriate behaviors / mislead youngsters]

论点2: 被明星轻易获得的成功蒙蔽双眼

Youngsters will be blinded by the easy success of stars and neglected the endeavors behind the success.

参考词汇

[ignore the countless hard work and sweat behind it / take a short-cut走捷径 / efforts and endeavors / strive against difficulties / break through oneself 突破自我]

论点3: 容易因为过分追星而导致精神疾病

Youngsters will get mental illness when they see some negative comments on their role models.

参考词汇

[obsession / stalker 跟踪狂 / go to the extreme / get fired up easily / only accept the praise to their role model / easily lose their mind]

论点4: 花时间在追星上

Youngsters may be easily distracted from their study if they become starstruck.

参考词汇

[track the latest information / never miss a game / attend the activity in person / reluctant to study / absent-minded in class]

18. 住在城市好不好 #101018

Over half of population lives in cities. Is it a positive or negative development?
超过半数的人口居住在城市。这是一个积极的发展还是消极的发展？

参考

观点1：积极发展

Personally speaking, over half of population living in cities is a positive development.

论点1：促进城市发展

Most of the people living in cities can accelerate urban development.

参考词汇

[improve residential quality and environment / improve sanitary and hygiene conditions / the process of urbanization]

论点2：提高就业率

Most of the people living in cities will promote higher employment rate.

参考词汇

[job opportunities / abundant worker / labor resources]

论点3：促进文化繁荣

Most of the people living in cities can promote cultural prosperity.

参考词汇

[different social background / cultural fusion / learn from each other / share different perspectives]

论点4：促进区域性经济发展

Most of the people living in cities will stimulate urban economic development.

参考词汇

[create demand / boost consumption / business district / shopping center / invigorate the market / promote the competition]

观点2：消极发展

Personally speaking, over half of population living in cities is a negative development.

论点1：城市失业率升高

Most of the people living in cities will exacerbate the issue of unemployment rate in urban area.

参考词汇

[overpopulation / job vacancies are lower than the supply of labor force in cities / manpower resource]

论点2：市民竞争激烈，生活压力大

Most of the people living in cities will increase the living pressure for all families.

参考词汇

[fierce competition for natural and social resources / increasing number of urban population / fast pace of modern life]

论点3：交通堵塞

Most of the people living in cities will exacerbate the issue of traffic congestion.

参考词汇

[densely inhabited district / morning peak / commuting time / city roads / carrying capacity]

论点4: 粮食产量下降

Most of the people living in cities will have negative impact on agricultural production.

参考词汇

[fewer farmers / grow crops / insufficient agricultural goods / rural areas / agricultural land abandoned / uneven development]

19. 学校竞争 #101019

Is a competitive environment in school or university good or bad? Discuss and give your own experiences as examples.

学校或大学中的竞争环境是好是坏? 请展开讨论, 并以自身经历为例。

参考

观点: 既有好处, 也有坏处

Personally speaking, there are both advantages and disadvantages of a competitive environment in school or university.

Body Paragraph 1 – 有好处

论点1: 提高主观能动性

School or university with competitive environments can enhance the motivation of students' better performance.

参考词汇

[stimulate the students to outperform / surpass / outshine their peers / active and highly motivated]

论点2: 增加学生的信心

School or university with competitive environments can help students build self-confidence and esteem.

参考词汇

[break through psychological barriers / broaden one's horizons / open one's outlook]

论点3: 培养竞争意识, 适应未来工作的竞争环境

School or university with competitive environments can help students adapt to competition in job market.

参考词汇

[adapt to the social competition / live under pressure / workplaces / cultivate the awareness of competition / competition among peers and colleagues]

论点4: 促进学业表现

School or university with competitive environments can help students improve their academic performance.

参考词汇

[be compelled to learn / achieve progress / stimulate / unlimited potential / virtuous circle]

Body Paragraph 2 – 有坏处

论点1: 影响学生心理健康

School or university with competitive environments will put pressure on students' mental health.

参考词汇

[face mounting / tremendous pressure / anxiety / peer group pressure / counterproductive / depression / commit suicide]

论点2: 影响同学之间的友谊

School or university with competitive environments can affect friendship among peer groups.

参考词汇

[focus on the academic performance instead of building friendship / competitive relationship]

论点3: 让落后的学生失去学习的兴趣

School or university with competitive environments will damage students' learning interests.

参考词汇

[fall behind, cannot catch up / lack of motivation / lose passion / tutors focusing on students with better academic performance]

论点4: 影响个人的全面发展

School or university with competitive environments can have negative impact on individual's integrated development.

参考词汇

[focus on certain aspects / ignore other practical or complex skills / use tricks, take shortcut / ignore the valuable quality / individual's full-scale development]

20. 生活方式影响健康 #101020

Lifestyle influences people's health. Talk about what political services could help.

生活方式影响着人们的健康。谈谈哪些政治服务能够提供帮助。

参考

观点:

Personally speaking, (任意选择两个political services) could help.

*文章两段body paragraphs任选两个以下选择, 论证部分写这些political service如何通过影响人们的生活方式来改善人们的健康

Option 1 - 公共设施

Building more public facilities can help people adopt a healthy lifestyle.

参考词汇

[smoking room in airports / gym equipment accessible by all citizens]

Option 2 - 组织讲座

Government can organize lectures to emphasize the importance of healthy diet.

参考词汇

[community education / the principles of nutrition / knowledge about disease prevention]

Option 3 - 免费早餐

Breakfast for free can be one of the political services that can work to develop healthy lifestyle for individuals.

参考词汇

[skip breakfast / modern lifestyle / motivate citizens to get regular meals three times a day / form the

regular diet / pick up a free breakfast]

Option 4 - 组织定期体检

Government can organize regular health check for people.

参考词汇

[form a habit of having body check / know more about the problem of current lifestyle / acknowledge personal health condition / pay more attention to health / listen to the doctor's advice]

21. 应不应该限制私家车的使用 #101021

Should individuals limit the use of cars and use alternatives instead to protect the environment?

个人是否应该限制汽车的使用，转而采用其他出行方式来保护环境？

参考

观点1：应该

*因为题目对应的是保护环境，论点应该往环境上挂钩

Personally speaking, individuals should limit the use of cars and use alternatives instead to protect the environment.

论点1 - 减少非可降解材料的堆积

Reducing the use of private car can mitigate the non-disposal material used in creating vehicles on the planet.

参考词汇

[non-biodegradable / non-biodegradable vehicle industry chemicals (非可降解的汽车工业化学物质) / degraded / material / stuff]

论点2 - 缓解气候变暖

Reducing the use of private cars and using alternatives instead can help solving the problem of global warming.

参考词汇

[carbon-dioxide emissions / rising temperature / greenhouse gases emissions]

论点3 - 减少有害气体和污染气体排放

Reducing the use of private cars and using the alternatives can greatly reduce harmful vehicle exhaust.

参考词汇

[automotive gas emission / air pollution / make full use of public transportation / sustainable development]

论点4 - 节约能源

Reducing the use of private cars can help solving the problem of energy shortage.

参考词汇

[exploitation of oil resources / irreproducible energy / save fuel and petroleum resources/ Unsustainable consumption of fossil fuels/ Environmentally friendly]

观点2：不应该

Personally speaking, individuals should not limit the use of cars and should use alternatives in order to protect the environment.

论点1: 给偏远地区上班的人带来不便

People living in rural area will have a huge waste of time on commuting without private vehicles.

参考词汇

[long-distance travel / lengthy commutes / transfer and switch between trains and buses / time-consuming / behind schedule 晚点]

论点2: 给公共交通带来压力

Using alternatives instead of cars will bring an immense burden to the public transportation services.

参考词汇

[sharply increasing number of passengers / pressure to the public transportation department / push and squeeze / be crowded to the full capacity of public transport]

论点3: 阻碍汽车制造业的可持续发展

Reducing the use of private cars and using other transportation options will impede the development of auto manufacturing industry.

参考词汇

[research and development expense / find solutions, replaceable green energy / a booming industry / greener technology in vehicle industry]

论点4: 只限制私家车不会有很好的环境保护效果

Only limiting private vehicle will not lead to a significant effect of environmental protection.

参考词汇

[limited effect / come up with an effective solution / contribute only part of environmental problems / vehicle exhaust]

22. 公众资金应放在环境问题上还是太空旅行上 #101022

Space travel is fantastic these days, but there are many issues – such as environmental problems – that we should be focusing on. What are your views on the allocation of public funding?

如今太空旅行令人神往，但诸如环境问题之类的诸多问题仍值得我们关注。对于公共资金的分配，您有什么看法？

参考

观点1: Space Travel 太空旅行

Personally speaking, public funding should be allocated more on space travel.

论点1: 未来宇航科技的发展

Public funding allocated on space travel will benefit the development of space technology.

参考词汇

[make more accurate weather forecasts / satellite-based service / inventions and innovations]

论点2: 解决人口过多的问题

Public funding allocated on space travel helps solving the problem of over population.

参考词汇

[discover new planets to live on for future generations / astronomer / new resources / new habitats]

论点3: 解决资源短缺问题

Public funding allocated on space travel will solve the shortage of natural resources.

参考词汇

[astronomers / field trip / outer space / scarcity metals and mineral / substitution of fossil fuels]

论点4: 深度了解地球, 以便更好的开发

Public funding allocated on space travel helps explore the earth in order to do further exploitation.

参考词汇

[verify theoretical knowledge of the home planet / new perspective of learning the earth / use new equation to detect the natural resources of our planet by searching for minerals]

观点2: Environmental Problems 环境问题

Personally speaking, public funding should be allocated more on other issues like environmental problems.

论点1: 拯救人类生命

Public funding should be allocated on environmental problems because it will protect people's physical health.

参考词汇

[detrimental / air quality / smog and fog / lung diseases / shorten human life span / save life]

论点2: 保护物种多样性

Public funding should be allocated on environmental problems because it will protect biodiversity.

参考词汇

[extreme weather events / drought and flood / destructive / distinction of species / diversity of animal]

论点3: 促进环境可持续发展, 为后代造福

Public funding should be allocated on environmental problems as it can promote the environmentally sustainable development for future generation.

参考词汇

[create a better living environment for next generation / sustainability / sustainable development capacity / proper habitat for descendant]

论点4: 提高农业生产

Public funding should be allocated on environmental problems as it can increase agriculture output.

参考词汇

[soil degradation / water and soil erosion / soil fertility / polluted land unsuitable for growing grain]

23. 维护过去的建筑 #101023

It is important to preserve the beautiful buildings of the past, even if it will be expensive to do so. To what extent do you agree or disagree with it? Please support your opinion with advantages or disadvantages.

保留过去那些美丽的建筑是非常重要的, 即使这样做的成本很高。你在多大程度上同意或不同意这个观点? 请用优点或缺点来支持你的立场。

参考

观点1: 应该保护

Personally speaking, I firmly believe that it is important to preserve the beautiful buildings of the past, even if it will be expensive to do so.

论点1：艺术多样性

The preservation of historical buildings can bring about artistic diversity.

参考论证1：保护传统建筑 – 保留旧有设计风格 – 艺术表现更广泛

[traditional building preservation] – [survival of old design styles] – [wider artistic expression]

参考论证2：保护过去美丽建筑 – 保持传统美学 – 更强艺术欣赏力

[past building conservation] – [exposure to traditional aesthetics] – [greater art appreciation]

论点2：文化遗产保护

The conservation of historic architecture can lead to the protection of cultural heritage.

参考论证1：保护旧建筑 – 记录过去生活方式 – 更好理解地方历史

[old building conservation] – [a record of past lifestyles] – [better understanding of local history]

参考论证2：保留旧建筑 – 青少年的教育资源 – 传统文化的可持续发展

[preserving old buildings] – [educational resources for teenagers] – [sustainable development of traditional culture]

论点3：旅游业发展

The preservation of old buildings can bring about a boost to the tourism industry.

参考论证1：保护旧建筑 – 更多旅游景点 – 当地旅游收入增加

[old building protection] – [more tourist attractions] – [increased local tourism income]

参考论证2：保护老建筑 – 文化旅游体验 – 吸引外国游客

[preservation of old architecture] – [cultural tourism experiences] – [greater appeal to overseas tourists]

观点2：不应该保护

Personally speaking, I believe that it is not important to preserve the beautiful buildings of the past..

论点1：财政负担

Preserving historical buildings can lead to heavy financial burdens.

参考论证1：保护旧建筑 – 需要购买稀缺材料 – 公共资金开销

[the preservation of old buildings] – [purchase of rare materials] – [public fund expenditure]

参考论证2：大规模修复 – 需聘请优秀工匠 – 地方财政压力

[large-scale restoration] – [the demand for skilled constructors] – [financial pressure on local government]

论点2：城市发展受限

The preservation of old buildings can cause limitations on city development.

参考论证1：保护旧建筑 – 新建工程空间减少 – 现代基础设施建设放缓

[preservation of old buildings] – [less space for new constructions] – [slower improvement of modern infrastructure]

参考论证2：保护旧建筑 – 道路扩建受限 – 城市化受影响

[conserving old architecture] – [restrictions on road expansion] – [negative impacts on urbanization]

论点3：安全隐患

The preservation of aging buildings can bring about potential safety risks.

参考论证1：保护老旧建筑 – 修复破损屋顶 – 高空坠物风险

[preservation of aging buildings] – [restoration of broken roofs] – [hazards of falling objects]

参考论证2：修复遗产建筑 – 隐蔽安全问题 – 施工事故风险

[restoration of heritage sites] – [hidden safety issues] – [risks of construction accidents]

24. 学专家的内容 #101024

With enough amount of motivation and practice, people can learn anything that the experts teach in the classroom. Do you believe or not?

只要有足够的动力和练习，人们就能学会专家在课堂上教授的任何东西。你信不信？

参考

观点1：相信

Personally speaking, with enough amount of motivation and practice, people can learn anything that the experts teach in the classroom.

论点1 - 练习促进理论知识学习

Right amount of practice can reinforce the theoretical knowledge taught by experts in class through application.

参考词汇

[practice makes perfect / hand-on experiments / digest and absorb knowledge / repetitious practice / performance / competence]

论点2 - 求知动力是学习知识的重要推动力

Motivation aspirations can act as the driving force behind students in class.

参考词汇

[motivation / overall learning capacity / inspiration / aiming higher marks / driving force / boost]

论点3 - 激励可以增加人对于学习的兴趣

Increasing willingness and eagerness apparently can be seen, if there is sufficient practicing and motivation.

参考词汇

[interest about studying / enthusiasm / willing to learn / build up confidence / rather than compelled to do it]

论点4 - 激励和充足的练习可以增强对于学习方面的毅力

Sufficient motivation and practice could increase the persistence of the learning process.

参考词汇

[increase the time of studying / affecting their learning and achievement / unafraid of difficulties / unremitting effort]

观点2：不相信

Personally speaking, I disbelieve with the statement that with enough amount of motivation and practice, people can learn anything that the experts teach in the classroom.

论点1：天生智力差异

Even with enough amount of motivation and practice, we have to admit that there are innate intelligence differences among different individuals.

参考词汇

[innate factor / genetic differences / cognitive competence]

论点2：学习能力的差异

Learning ability varies among different groups even with right amount of motivation and practice.

参考词汇

[deviation in understanding / cultural bias / learning styles / learning capacity]

论点3: 教育背景和专业的差异

Despite there might be enough motivation and practice, education background and major vary among different groups.

参考词汇

[different field of study and research / knowledge background / learning styles / no corresponding knowledge foundation]

论点4: 每个人对于学习的兴趣差异很大

Even though there may be sufficient motivation and practice, people might have deviations in the interest about studying.

参考词汇

[nature and nurture / different characteristics of personality / other hobbies and interests / no interest about studying]

25. 阻碍学习的事物就是教育 #101025

“The only thing that interferes with my learning is education.” – Albert Einstein. What did he mean by that? Do you think he is correct?

“唯一干扰我学习的东西就是教育。”——阿尔伯特·爱因斯坦。他这话是什么意思？你认为他说得对吗？

参考

观点:

Personally speaking, I think Einstein said this because ...paragraph1 论点..., and I think he is correct/incorrect.

Body Paragraph 1 – 解释含义

论点1: 限制学生的想象力

“The only thing that interferes with my learning is my education” as quoted by Einstein means that the educational institutes restrict the fertile mind of a young student.

参考词汇

[constrain creativity / limit one's imagination / limits opportunity to think out of the box / contribute energy and time / papers and exams]

论点2: 忽视培养学生的分析能力

“The only thing that interferes with my learning is my education” as quoted by Einstein means that the educational institutes ignore to build students' analytical and theoretical skills.

参考词汇

[research and analysis method / analytical approach / academic research / integrated development / academic skills and knowledge / comprehensive education / a large variety of subjects]

论点3: 教育导致学杂而不精

“The only thing that interferes with my learning is my education” as quoted by Einstein means that the students are required to master all the subjects instead of developing specialties.

参考词汇

[play one's strengths / generalist/ Specialist / to become a Jack of All Trades]

论点4: 应试教育浪费时间

“The only thing that interferes with my learning is my education” as quoted by Einstein means that the exam-oriented education is wasting students’ time because it contributes the most time and energy to exams and papers.

参考词汇

[the strict and normal school routine / ignore everything except academic / limit the opportunities for students to see the world outside]

Body Paragraph 2 – 他是否正确 (建议学生写正确)

如果认为correct, 就两段都是在解释formal education的缺陷(从Body Paragraph 1中选取1个没有写在Body Paragraph1里的参考论点即可)

如果认为incorrect, 就说明教育不会阻碍学习(教育的优点)。即第一段解释这句话的含义, 第二段写formal education的优势, 然后例子写成:

However, the ...优势... of education can outweigh the downside in the words of Einstein, because a recent study of Oxford University stated that 80% of people believe education is valid method to promote students’ learning.

教育的优点1: 正统教育更系统, 更科学

The formal education will not interfere with learning because it is systematic and scientific methodology.

参考词汇

[teacher’s monitor / comprehensive education / from teaching, learning, practice to assessment]

教育的优点2: 正统教育是综合型教育

The formal education will not interfere with learning because it is comprehensive education.

参考词汇

[both analytical skills and theoretical knowledge / academic skills and knowledge / integrated development]

26. 强制性投票 #101026

In some countries around the world, voting is compulsory. Do you believe with the notion of compulsory voting?

在世界上的一些国家, 投票是强制性的。你支持强制投票这一观点吗?

参考

观点1: 同意

Personally speaking, I believe with the notion of compulsory voting.

论点1: 维护社会平等

Compulsory voting would improve the equality in the society.

参考词汇

[equal rights / citizens and residents / fair social and economic policies / democratic society]

论点2: 使人们更加了解国家政策

When voting is made unavoidable, inevitably people tend to pay more attention to political issues in their own countries.

参考词汇

[encourage people to get involved / public affairs / powerful impetus / education and welfare]

论点3: 使政治不会被少数人操纵

Compulsory voting will keep politics being manipulated by the few.

参考词汇

[encourage people to get involved / manipulation / suffrage / under table dealing]

论点4: 让民众更有发言权

Compulsory voting will give everyone a say in how the country or the government is run.

参考词汇

[the public / democratic society / civic duty for all citizen / right of speech]

观点2: 不同意

Personally speaking, I disbelieve with the notion of compulsory voting.

论点1: 成本高昂

It needs significant funds to run compulsory voting.

参考词汇

[large number of money / vast sums of capital / national elections / election machines and supplies]

论点2: 许多人不了解政治, 导致高废选票率

Involving people not familiar with political issues might cause high rate of void ballot ticket.

参考词汇

[a huge population base / unfamiliar with candidates / vote in random / only with the intention of avoiding penalty / waste of time / inefficient]

论点3: 导致公众的不满

Compulsory voting might cause mass dissatisfaction among the public.

参考词汇

[a violation of one's freedom of choice / shift from civic right to duty]

论点4: 浪费时间

Compulsory voting takes a long time to finalize the election result.

参考词汇

[extremely time-consuming / time spending on deciding to vote which party / time spending on counting the votes]

27. 幼龄时学习新语言 #101027

Learning a new language at an early age is helpful for children. It is more positive for their future prospects, though it can also have some adverse effects. Do you believe or disbelieve?

孩子在幼年时期学习一门新语言是有益的。这对他们的未来前景更有利, 尽管也可能带来一些不利影响。你相信还是不相信?

参考

观点1: 同意

Personally speaking, I hold the point that learning a new language at an early age is more positive for their future prospects, though it can also have some adverse effects.

论点1: 开扩视野, 了解多样文化

Studying a new language at a young age could broaden young children's horizons.

参考词汇

[open-minded / cultural diversity]

论点2: 有利于孩子提高语言习得能力

Starting to learn more than one language at an early stage might help develop language acquisition skills for young children.

参考词汇

[command of language / facilitate learning other subjects / benefit their brain development]

论点3: 年纪小时学习语言更快更容易

Learning a new language at an early age is faster and easier because children tend to have stronger ability to accept new knowledge.

参考词汇

[pick up a language / maintain young learner's enthusiasm / innate ability]

论点4: 让孩子领先在起跑线上

Learning a new language at an early age can let the child get a head start over the others.

参考词汇

[better academic performance / maintain young learner's enthusiasm / well prepared to face a fierce competition in language speaking in the future]

观点2: 不同意

Personally speaking, learning a new language at an early age has some adverse effects and it is not helpful for children.

论点1: 增加学习压力

Children will get more pressure if they are forced to learn a second language at a young age.

参考词汇

[lack speaking and thinking ability / depression / mental health problems / psychological problems]

论点2: 影响其他学科的学习

They may be distracted from learning other disciplines.

参考词汇

[complex structure and grammar of new languages / large amount of time / be weighed down with / overloaded schoolwork]

论点3: 压力大容易导致心理问题

The pressure of learning a second language at a young age might cause psychological problem.

参考词汇

[complex structure and grammar of new languages / stressful/ Become demotivated / learning-weariness / be forced to]

论点4: 可能会影响母语的学习

Learning a second language at a young age might affect the learning of the mother tongue.

参考词汇

[be distracted and side-tracked from / defect of linguistic competence]

28. 高中学习百年前戏剧的利弊 #101028

There are both problems and benefits for high school students to study plays and works of theatres written centuries ago. Discuss and use your own experience.

对高中生来说，学习几个世纪前写的戏剧和戏剧作品既有问题也有好处。请就这个观念进行讨论，并使用你自己的经验。

参考

观点：利弊相当

Personally speaking, there are both benefits and problems for high school students to study plays and works of theaters written centuries ago.

Body Paragraph 1 – 好处

论点 1：提升语言与文学素养

Studying classical plays can improve students' language skills and literary awareness.

参考论证 1：学习古典戏剧 – 高级语言输入 – 语言能力提升

[studying classical plays] – [exposure to advanced language] – [improved language proficiency]

参考论证 2：学习古典文学作品 – 复杂表达方式 – 阅读理解能力

[studying classical literary works] – [complex expressions] – [stronger reading comprehension]

论点 2：帮助理解历史与文化背景

Studying classical theater works can help students understand historical and cultural contexts.

参考论证 1：学习过去的戏剧作品 – 了解历史知识 – 历史理解

[studying old theater works] – [historical knowledge] – [historical understanding]

参考论证 2：学习古典戏剧 – 社会价值观 – 文化认知

[studying classical plays] – [social values of the past] – [cultural awareness]

Body Paragraph 2 – 问题

论点 1：语言和内容理解难度大

Studying classical plays can be difficult for high school students to understand.

参考论证 1：古老语言形式 – 语言障碍 – 理解困难

[old-fashioned language in old plays] – [language barriers] – [learning difficulty]

参考论证 2：复杂剧情 – 理解负担 – 学习压力

[complex plots in theater works] – [cognitive burden] – [learning stress]

论点 2：与学生现实生活关联度较低

Some classical theater works may be irrelevant to students' modern lives.

参考论证 1：历史题材 – 现实距离感 – 现实参考性低

[historical themes in old plays] – [a sense of distance from reality] – [limited practical reference]

参考论证 2：古代社会背景 – 缺乏现实共鸣 – 学习投入度降低

[ancient social contexts in classical theater works] – [limited personal connection] – [reduced learning engagement]

29. 传媒的变化 #101029

Communication has changed significantly in the last 10 years. Discuss the positive and negative impacts of this change.

在过去的十年里，交流方式发生了显著变化。请讨论这种变化带来的积极和消极影响。

参考

观点：既有积极影响，也有消极影响

Personally speaking, there are both positive and negative impact of significant communication change in the last 10 years.

Body Paragraph 1 – 正面影响

正面影响1：提升交流效率

The communication efficiency has been boosted due to the significant change of communication.

参考词汇

[convenient for users / free from the limit of time and space / electronic signals / quicker, more efficient / time-saving]

正面影响2：范围更广

Through the improvement of digital communication, information can be effectively delivered in a global context.

参考词汇

[eliminate geographic barriers / save cost in travelling / globalization / pervasive network access / global communication]

正面影响3：促进文化交流

The communication between different nations and cultural background has been far easier because of the change of communication.

参考词汇

[cultural diversity / gain knowledge about different culture / cultural exchange and interaction / different nations and communities]

正面影响4：帮助维护亲情和友情

The significant change of communication allows us to stay connected with friends and family.

参考词汇

[kinship and friendship / keep in touch / maintain the relationship / emotional connection]

Body Paragraph 2 – 负面影响

负面影响1：隐私问题

Privacy issues emerge as the development of digital communication, the protection of personal information should be paid attention to.

参考词汇

[email hacking / cyber-attacks / personal information leaks / invasion of privacy / network information security]

负面影响2：人际关系疏远

The change in communication method can estrange interpersonal relationships.

参考词汇

[without face-to-face conversations / superficial communication / online conversation]

负面影响3：信息准确性下降

The change of communication will make the information misinterpreted and misleading.

参考词汇

[accuracy of information / information transfer / spreading rumors or inaccurate information / lazy journalism]

负面影响4：丧失面对面沟通的能力

The availability of online communication seems to distract us from the communication opportunities face to face.

参考词汇

[the willing to have face-to-face communication / sociability and interpersonal skills / body-to-body sociability / interpersonal skills]

30. 大商场替代小商铺 #101030

In many towns and cities, large shopping malls are replacing small local shops. Do you think this is a positive development? Give your reasons and examples.

在许多城镇和城市，大型购物中心正在取代小型本地商店。你认为这是一种积极的发展吗？给出你的理由和例子。

参考

观点1：是一个积极的发展

Personally speaking, large shopping malls replacing small local shops is a positive development.

论点1：商品更加便宜

Large shopping malls can provide customers with more affordable prices.

参考论证1：大商场 – 竞争优势 – 价格便宜

[large shopping centers] – [competitive advantages] – [lower commodity prices]

参考论证2：大商场 – 打折活动多 – 可负担性强

[big shopping malls] – [more discounts and promotions] – [affordable goods]

论点2：商品多样化

Large shopping malls replacing small shops can offer various products to customers.

参考论证1：大商场 – 多种进货渠道 – 多种商品

[large shopping complex] – [diverse supply channels] – [multiple kinds of goods]

参考论证2：大商场 – 食品服装电器的销售 – 多样化产品

[large shopping plaza] – [the sale of food, clothing and appliances] – [diversified products]

论点3：促进经济发展

Large shopping malls replacing small shops can improve the local economy.

参考论证1：大商场 – 多种优质产品和服务 – 刺激消费

[large shopping centers] – [different products and services of high quality] – [improve consumption]

参考论证2：大商场 – 吸引投资 – 增加当地税收

[large shopping malls] – [investment attraction] – [more tax income]

观点2：不是一个积极的发展

Personally speaking, large shopping malls replacing small local shops is a not positive development.

论点1：限制小商户的发展

Large shopping malls replacing small shops can hinder the development of small businesses.

参考论证1：大商场 – 低价商业策略 – 小商户的收入下降

[large shopping centers] – [low price business campaign] – [less income for small merchants]

参考论证2：大商场 – 强大的品牌吸引力 – 限制小商户发展

[big shopping malls] – [strong brand attraction] – [limited development of small shops]

论点2：造成交通、停车等问题

Large shopping malls replacing small shops can cause traffic or parking problems.

参考论证1：大商场代替小商店 – 大量停车位的需求 – 更多时间花在停车上

[large shopping complex replacing small stores] – [the need for more parking space] – [more time spent on parking]

参考论证2：大商场代替小商店 – 吸引大量车流 – 商场附近道路拥堵

[large malls replacing small shops] – [strong attraction to traffic flow] – [traffic jams around the shopping mall]

论点3：影响本地特色产品的发展

Large shopping malls replacing small shops can limit the development of local specialties.

参考论证1：大商场 – 连锁餐饮店 – 打压本地特色食品

[large shopping plaza] – [chain restaurants] – [restrictions on local special foods]

参考论证2：大商场 – 品牌服装配饰店 – 限制当地特色手工艺品

[big malls] – [brand clothing and accessory stores] – [reduced regional cultural characteristics]

31. 垃圾的原因和解决方案 #101031

We have entered a throw-away society and filled the environment with rubbish. What are the causes and what are your solutions?

我们已步入一个抛弃型社会，环境被垃圾所充斥。其原因是什么？你有什么解决办法？

参考

观点：

Personally speaking, the reason that the environment is filled with rubbish is ... and the solution to this problem is ...

Body Paragraph 1 – The cause 导致原因

论点1：经济实力上升导致的过度消费

As domestic economic level has been increased, the overconsumption can lead to excessive waste generation.

参考词汇

[economic status / disposable money / be capable of / the rise of middle-income households]

论点2：缺乏环保意识

The reason that we have entered a throw-away society is the lack of environmental awareness.

参考词汇

[environmental consciousness / eco-friendly education / ecological footprint / sustainable development]

论点3：科技的快速发展导致事物被淘汰的速度快

Rapid technology development has made gadgets and stuffs being eliminated and isolated significantly.

参考词汇

[advancement of technology / technology has marinated less-innovative products / phase out / obsolete / Knock out]

论点4：冲动购物

The reason behind throw-away society and increasing number of rubbishes is more and more impulse purchases.

参考词汇

[impulse buying / unplanned purchase / get people stay longer and deviate from their plans / purchase excess amount of goods]

Body Paragraph 2 – The solution解决方法

论点1：提高公众环保意识

An effective solution to the problem is to raise the environmental consciousness of the public.

参考词汇

[disseminate relevant information / eco-friendly education / organize environment-protecting activities]

论点2：限制消费者行为

The problem can be solved by restraint the consumers' behaviors, such as restricting non-recycle plastic bag.

参考词汇

[compulsory / charge plastic bag / reduce overconsumption / avoid wasting]

论点3：对于产品材料进行环保升级

A practical solution to the problem is to upgrade materials and resources to an environmentally friendly level.

参考词汇

[impose restrictions on / eco-friendly materials / reduce environmental impact / regulate the material that manufacturer could apply to new products]

论点4：限制每个人每年可以扔垃圾的量

For governments, they could have new limitations about the amount of rubbish one person could generate each year.

参考词汇

[formulate new policies / national waste policy / reduce waste / reduce wasting]

32. 数码时代的优点缺点 #101032

Some people claim that digital age has made us lazier, others claim it has made us more knowledgeable. Discuss both opinions, use your own experience to support.

有人认为数字时代让我们变得更懒惰，也有人认为它让我们变得更博学。讨论这两种观点，并用你自己的经历来支持。

参考

观点：既让我们变得更懒惰，也让我们变得更博学

Personally speaking, digital age has made us lazier and more knowledgeable at the same time.

Body Paragraph 1 – Made us lazier 人们变得更懒惰

论点1：获取信息的时间变短

The digital age has simplified the steps people take to get things done and they don't need to run around.

参考词汇

[functional search engine or apps / become much more efficient / without travelling to different places to complete daily activities / as the click of a button / less physical active]

论点2：失去辨别能力

The digital age has made us be reluctant to analyze the accuracy of information.

参考词汇

[inaccurate and misinterpreted information / lose discernment / incapable of analyzing / unable to use analytical approach]

论点3：不愿意进行系统的学习

The digital age has made people become unwilling to get systematically education.

参考词汇

[formal education curriculum / reluctant to get systematically study / don't want to spend time in academic studies / search answers online only by a click of a button]

优点4：不愿意养成阅读习惯

The digital age has changed the habits of younger generations in terms of reading.

参考词汇

[new generation / use online tools for entertaining and information gathering / get used to receive information from internet / become superficial readers who have little interest in reading deeply]

Body Paragraph 2 – Made us more knowledgeable 人们变得更博学

论点1：加快的信息传递

The digital age has changed the way people acquire information and accelerated the delivery of information to people.

参考词汇

[enable us to acquire information from various channels / diverse sources / have access to the cutting-edge theories / latest information]

论点2：容易获得大量信息

People can easily obtain a large amount of effective information.

参考词汇

[look for advice / abundant information and resources / globally accessible repository of knowledge]

论点3：让所有人都可以拥有获取知识的权利

The digital age will help poor people have access to gain knowledge.

参考词汇

[unable to go to school / get basic education / financial issues / financial constraints of their parents]

缺点4：促进交流，激发新灵感

Digital age made it much easier to communicate with others and have new ideas.

参考词汇

[exchange of opinions / different views / stimulate inspiration / spark inspiration]

33. 网上信息是否应该付费 #101033

Online materials like music, movies, xxx are accessible at no cost. Do you think online material should be accessed at no cost? Support or not.

像音乐、电影、色情内容之类的网络资料可以免费获取。您认为网络资料应该免费获取吗？支持还是反对。

参考

观点1：应该免费

Personally speaking, online materials like music and movies should be accessed at no cost.

论点1：传播文化和艺术

Free access to online materials can accelerate the spread of different culture and art.

参考词汇

[promote and popularize / broaden horizons / cultural exchange / impart basic knowledge / raise people's literacy level]

论点2：节省获取时间

It is more efficient for the users to download online materials if they are free of charge.

参考词汇

[easily get access to / time saving / no need of the payment process / efficient and convenient]

论点3：使穷人也能获取

Free online material will make it more accessible to a large group of people even poor individuals.

参考词汇

[unable to go to school / get basic education / financial issues / financial constraints of their parents]

论点4：可以快速增加创作者的名气

Free access to online materials like songs and movies could help creators to earn fame quickly.

参考词汇

[music and movie industry / attract many people's attention / large number of fans / become famous and popular]

观点2：不应该免费

Personally speaking, online materials like music and movies should not be accessed at no cost.

论点1：网上的资料耗费的劳动力和时间应该得到回报

The online materials are the fruits of labours and deserve to gain economic reward.

参考词汇

[cost human labor and time / labor cost / time-consuming / financial motivation]

论点2: 网上的资料拥有知识产权

The online materials are intellectual property, so people who want to get access to the materials should pay for them.

参考词汇

[musicians and songwriters / patent / awareness of intellectual property protection]

论点3: 激励优质资源的产出

Paying for online materials can motivate the production of high-quality content.

参考词汇

[musicians and songwriters / maintain incentives for creation / work with passion]

论点4: 付费可以拥有更高的品质

As a paid premium user, you can get better-quality online materials like songs, pictures and movies.

参考词汇

[high-definition movies / damaged audio and video / picture and sound quality / higher download speed]

34. 青少年需不需要上理财课程 #101034

Teenagers should receive lessons on principles of personal finance, such as investing and debt. To what extent do you believe with this statement?

青少年应当接受诸如投资和负债等个人理财原则方面的课程。您在多大程度上认同这一观点?

参考

观点1: 同意

Personally speaking, teenagers should receive lessons on principles of personal finance.

论点1: 积累财富

Receiving lessons on principles of personal finance can enable youngsters to accumulate wealth.

参考词汇

[save money / manage account / enhance awareness and knowledge / wealth management]

论点2: 将来做出明智的投资选择

Teenagers who receive lessons on principles of personal finance are capable of making wise investment decisions.

参考词汇

[avoid risks / risk adverse / recognize pitfalls / financial plan]

论点3: 避免财务欺诈

Youngsters receiving lessons on principles of personal finance can avoid financial fraud in the future.

参考词汇

[financial risk / avoid loss / risk analysis]

论点4: 培养良好理财习惯, 避免花钱无度

Teenagers who receive lessons on principles of personal finance would cultivate smarter money

habits and spend thoughtfully.

参考词汇

[avoid impulsive spending / waste money / extravagant / smarter financial habits]

观点2：不同意

Personally speaking, it is unnecessary for teenagers to receive lessons on principles of personal finance.

论点1：耽误学业

Receiving lessons on principles of personal finance can negatively influence youngsters' academic performance.

参考词汇

[distracted / fully concentrate on academic performance / waste time]

论点2：金钱主义

Teenagers who receive lessons on principles of personal finance are probably become money-oriented.

参考词汇

[money worship / attitude towards money / venality / pecuniary benefit / venal activity]

论点3：学习难度大，知识不好吸收

Lessons on principles of personal finance involves numerous knowledge points and profound contents which are too abstract and hard for teenagers to understand.

参考词汇

[difficulty level / abstract / complex formula]

论点4：过大的精神压力

Teenagers who receive lessons on principles of personal finance would be overwhelmed by mental pressure.

参考词汇

[burden / psychological pressure / overwhelming learning tasks]

35. 孩子用电影和文学学习一样重要 #101035

For children, using films to study is as important as studying literature. To what extent do you believe?

对于孩子来说，通过电影学习和学习文学一样重要，您在多大程度上认同这一观点？

参考

观点1：一边倒（学习电影更重要）

Personally speaking, using films to study is more important than studying literature.

论点1：画面可以增强理解

Use films to study is a good way to enhance understanding of knowledge.

参考词汇

[plots / boost comprehension / assist tools / frames / vivid]

论点2：增强对文学作品的记忆

Use films to study can enhance the memory of works.

参考词汇

[longer retention / impression of literature / combine plots and picture]

论点3：提高写作能力

Studying literature is essential due to its ability to improve students' writing skills.

参考词汇

[wording / accurate grammar / catachresis / increased vocabulary]

论点4：避免信息不完整而造成的曲解作者意图

Literature study is a proper way to avoid misunderstanding.

参考词汇

[cannot fully express intention / twist the meaning of the whole work]

观点2：一边倒 (学习文学作品更重要)

Personally speaking, studying literature is more important than using films to study.

论点1：学习文学作品很重要，因为文学作品可以提高写作能力

Studying literature is essential due to its ability to improve students' writing skills.

参考词汇

[wording / accurate grammar / catachresis / increased vocabulary]

论点2：学习文学更重要，因为原著包含了故事的完整情节

Studying literature is more crucial because the original books contain full plot of the story.

参考词汇

[cannot fully express intention / twist the meaning of the whole work]

论点3：学习文学作品很重要，因为可以激发学生学习历史知识

Receiving lessons on literature can intrigue students to learn more about history.

参考词汇

[historical writing / observation of history / reflect characteristics of certain period / cultural heritage]

论点4：学习文学作品很重要，因为文学作品可以提高阅读能力

Studying literature is essential due to its ability to improve students' reading skills.

参考词汇

[tens of thousands of words / reading proficiency / vocabulary / structure]

观点3：两边倒 (学习文学作品同样重要)

Personally speaking, I strongly believe that use films to study is as important as study literature for children.

*从以上两个观点中各任选一个论点即可

36. 学生应该学习，而不是考试 #101036

Some people claim that instead of having to prepare for huge numbers of exams in school, children should learn more. To what extent do you believe with this statement? Use your own experience to support your ideas.

有些人认为，孩子们在学校里不应该为了应付大量的考试而疲于奔命，而应该多学点东西。您在多大程度上认同这一观点？请用您自己的经历来支持您的想法。

参考

观点1：同意

Personally speaking, children should learn more instead of having to prepare for huge numbers of exams in schools.

论点1：让学生找到自己的兴趣所在

Children need to learn a wide range of knowledge to figure out their true interest for a lifetime pursuit.

参考词汇

[formation period / get access to various sources / recognize advantage and interest]

论点2：培养学生思辨能力

Learning more can strengthen children's critical thinking skills.

参考词汇

[wide range of knowledge / ability to respond thoughtfully / inspire thinking in depth / different angles]

论点3：形成跨学科的知识体系

Learning more can facilitate interdisciplinary knowledge system.

参考词汇

[take advantage of principles / knowledge pool / different perspective / integrated system]

论点4：开发智力，探索潜能

Learn more can help individuals, especially young children, develop intelligence and further exploit their potentials.

参考词汇

[long term benefit / cultivate thinking patterns / exploit potential / enhance learning ability]

观点2：不同意

Personally speaking, children should prepare for huge numbers of exams instead of learn more in school.

论点1：全面考察知识的掌握程度

Exam preparation is able to comprehensively assess the level of mastery of all theoretical knowledge.

参考词汇

[Mastery degree/ across whole range of key points in learning phrase/ highlight main points]

论点2：强化记忆

During the process of preparing exams, students can strengthen their memory, retaining knowledge for a long time.

参考词汇

[retention / prolong memory / repeatedly recite / frequency of occurrence]

论点3：增强抗压能力

Exam preparation is capable of improving children's resistance of pressure.

参考词汇

[compressive / anti-pressure ability / coping with stress / emotion regulation]

论点4：鼓励学生学习

Exam can directly stimulate students' passion of learning.

参考词汇

[higher scores / learning enthusiasm / academic performance / academic advances]

37. 创造力是天生的还是后天的 #101037

Some people said creativity is something a person was born with. Others thought creativity can be taught and developed. What's your opinion? Explain.

有些人认为创造力是与生俱来的。另一些人则认为创造力是可以教授和培养的。你怎么看？请解释。

参考

观点1：天生的

Personally speaking, creativity is something a person was born with rather than can be taught and developed.

论点1：和基因有关

Creativity is highly related to genes.

参考词汇

[innovation / creative power / inherit from parents / genetic traits]

论点2：跟大脑结构相关

Creativity is determined by how effectively the brain can communicate between different regions that usually work separately.

参考词汇

[come up with new ideas / brain regions / brain activities / distinct brain networks]

论点3：跟产前期的营养相关

Creativity is determined by prenatal nutrition.

参考词汇

[antenatal / brain development for infant / dietary needs / maternal nutrition]

论点4：和大脑大小相关

Creativity is highly related to the size of one's brain.

参考词汇

[skull / pericardium / brain weight / brain size variation]

观点2：后天培养的

Personally speaking, creativity can be taught and developed rather than something a person was born with.

论点1：和阅历相关

Creativity is determined by personal experiences.

参考词汇

[stem from experience / stimulated by seasoned life / veteran]

论点2: 由学习的知识决定

Creativity is highly related to width of knowledge pool.

参考词汇

[information gain / inspired by / existing technology / thinking from different perspectives]

论点3: 和文化背景相关

Creativity is closely connected to cultural background.

参考词汇

[common sense / thinking patterns / restrictions / encourage innovative thinking]

论点4: 通过家庭教育培养

Creativity can be cultivated by family education.

参考词汇

[encourage discussion / pluralism of opinion / family environment / educational level]

38. 无现金社会的优缺点 #101038

There are more and more situations using credit cards instead of cash. It seems that cashless society is becoming a reality. How realistic do you think it is? And do you think it brings benefits or problems? 越来越多的场合使用信用卡而非现金。无现金社会似乎正在成为现实。你认为这有多现实? 你认为它会带来好处还是问题?

参考

观点: 有好处的同时, 也会带来问题

Personally speaking, cashless society is realistic in (第一个BP论点设定的范围), and it brings benefits/problems (第二个BP的论点).

Body Paragraph 1 – 是否现实

论点1: 对于大城市的人是现实的

Cashless society is very realistic in metropolitan cities.

参考词汇

[credit cards / comprehensive infrastructure of information technology / facilitate online transactions]

论点2: 对年轻人是现实的

Cashless society is extremely realistic among young people.

参考词汇

[updated technology / operations / different languages / mobile payment app on smart phone]

论点3: 对于贫困地区的人是不现实的

Cashless society is unrealistic in poverty-stricken area.

参考词汇

[economic backwards / without mobile phone or facilities / don't know how to use]

论点4: 对于老年人是不现实的

Cashless society is unrealistic among elders.

参考词汇

[lack of relevant technological skills and knowledge / low learning pace / the elderly]

Body Paragraph 2 – 优点或缺点

优点1: 提高购物效率

Realization of cashless society helps boost efficiency of people's purchasing process.

参考词汇

[don't need to wait for change]

优点2: 保证资金安全

Paying without cash can secure capital and money.

参考词汇

[protect money / prevent from being stolen / enter password]

缺点1: 隐私泄露

Being cashless may result in leakage of personal information.

参考词汇

[privacy / data security / cyber crime]

缺点2: 小额支付可能产生手续费

Extra fees are charged when conducting petty payments.

参考词汇

[surcharge / expense / service fees are required]

39. 医学延长人们寿命是好是坏 #101039

Advanced technology is responsible for increasing the average life expectancy. Do you think it is a curse or a blessing?

医疗技术提高了人们的平均预期寿命。你觉得这是诅咒还是福祉？

参考**观点 1: 是福**

Personally speaking, the increase in life expectancy brought by advanced technology is a blessing.

论点 1: 提升个人生活质量

Longer life expectancy enabled by technology can improve overall quality of life.

参考论证 1: 寿命延长 – 更多生活阶段 – 更丰富的人生体验

[increased life expectancy] – [more years of living] – [richer life experience]

参考论证 2: 寿命延长 – 更多人生阶段与选择机会 – 人生更有意义

[increased lifespan] – [more life stages and personal choices] – [a more fulfilling life]

论点 2: 促进终身学习

Longer life expectancy caused by advanced technology allows individuals to pursue lifelong learning.

参考论证 1: 寿命延长 – 学习阶段拉长 – 技能持续更新

[increased life expectancy] – [extended learning period] – [continuous skill development]

参考论证 2: 寿命增长 – 多次职业转型机会 – 个人潜能充分发挥

[longer lifespan] – [opportunities for career transitions] – [full realization of personal potential]

论点 3: 延长有效工作年限, 促进社会发展

Longer life expectancy realized by technology allows people to contribute to society for a longer time.

参考论证 1: 寿命延长 – 工作年限增加 – 生产力提升

[increased life expectancy] – [longer working years] – [higher social productivity]

参考论证 2: 健康老龄人口 – 经验积累 – 社会发展

[a healthier aging population] – [accumulated experience] – [social development]

观点 2: 是祸

Personally speaking, the extension of life expectancy caused by advanced technology can be a curse.

论点 1: 加重社会与医疗体系负担

An aging population can place heavy pressure on healthcare systems.

参考论证 1: 寿命延长 – 老龄人口增加 – 医疗压力

[longer life expectancy] – [increased aging population] – [healthcare pressure]

参考论证 2: 老年护理需求 – 医疗资源消耗 – 公共负担

[elderly care needs] – [resource consumption] – [burden on public health system]

论点 2: 引发养老金与社会福利问题

Technology bringing longer life expectancy can create serious pension and welfare challenges.

参考论证 1: 人口老龄化 – 养老金支出 – 财政压力

[population aging] – [pension expenditure] – [financial strain on the welfare system]

参考论证 2: 寿命延长 – 福利需求增加 – 福利系统压力

[increased longevity] – [increased welfare demand] – [pressure on public welfare]

论点 3: 延长寿命不等于延长幸福

A longer life brought by advanced technology does not always mean a better or happier life.

参考论证 1: 延寿 – 长期疾病 – 生活质量下降

[life extension] – [long-term illness] – [reduced quality of life]

参考论证 2: 身体机能衰退 – 依赖他人 – 幸福感降低

[physical decline] – [increased dependence on others] – [lower life satisfaction]

40. 体验式学习在学校有无好处 #101040

Some people point out that experiential learning (i.e. learning by doing) can work well in formal education. However, others think a traditional form of teaching is the best. Do you think experiential learning is beneficial in high school or college?

有些人指出, 体验式学习 (即通过“实践”来学习) 在正统教育中效果很好。然而, 其他人认为传统的教学形式是最好的。你认为体验式学习在高中或大学是有益的吗?

参考

观点1: 体验式学习有益

Personally speaking, I firmly believe that experiential learning is extremely beneficial in high school or college.

论点1: 提升实践技能

Experiential learning can bring about the improvement of practical skills.

参考论证1: 体验式学习 – 真实情境中的动手实践 – 问题解决技能的建立

[experiential learning] – [hands-on practice in real scenarios] – [development of problem-solving skills]

参考论证2: 体验式学习 – 学术理论运用 – 有效获得沟通技能

[learning by doing] – [application of academic theories] – [acquisition of communicative skills]

论点2: 提升就业竞争力

Experiential learning can lead to stronger competitiveness in the job market.

参考论证1: 体验式学习 – 更多与工作相关的经验 – 更高就业机会

[experiential learning] – [more work-related experience] – [better job opportunities]

参考论证2: 体验式学习 – 发展解决问题与团队能力 – 更好适应职业生涯

[learning by doing] – [development of problem-solving and teamwork skills] – [better career adaptability]

论点3: 提升知识理解

Experiential learning can bring about a better understanding of knowledge.

参考论证1: 体验式学习 – 做实验的机会 – 理论更深入理解

[experiential learning] – [opportunities for experiments] – [deeper comprehension of theories]

参考论证2: 实践经验 – 理论在现实中的运用 – 知识的长期记忆

[practical experiences] – [application of theories in real life] – [long-term knowledge retention]

观点2: 体验式学习无益

Personally speaking, I firmly believe that experiential learning is not beneficial in high school or college.

论点1: 降低学习专注度

Experiential learning can bring about a decline in study concentration.

参考论证1: 体验式学习 – 过度关注课外活动 – 课本知识专注度降低

[learning by doing] – [excessive focus on hands-on activities] – [lower focus on textbook knowledge]

参考论证2: 体验式学习 – 过度强调活动和实地考察 – 考试准备不足

[experiential learning] – [overemphasis on activities and field trips] – [lack of exam preparation]

论点2: 降低学习效率

Experiential learning can cause decreased learning efficiency.

参考论证1: 体验式学习 – 学完一章所需时间更长 – 学习进度放缓

[experiential learning] – [longer time to learn a chapter] – [slower learning progress]

参考论证2: 体验式学习 – 动手活动步骤复杂 – 学习延误严重

[learning by doing] – [complex steps in hands-on activities] – [frequent learning delays]

论点3: 学生评估困难

Experiential learning can lead to difficulty in student performance evaluation.

参考论证1: 体验式学习 – 学习成果难界定 – 难以公平评分

[experiential learning] – [undefined learning outcomes] – [difficulty in fair scoring]

参考论证2: 体验式学习 – 任务评判缺乏标准 – 学业成绩不客观

[experiential learning] – [non-standardized task evaluation] – [subjective academic grades]

41. 理科比文科更重要 #101041

Some people argue that science is more important than arts. What is your opinion?

有些人认为科学比艺术更重要。你对此有何看法？

参考

观点1：理科更重要

Personally speaking, I strongly believe that science is more important than arts.

论点1 - 理科能让我们用可以衡量和观测的方式来解决科学难题

Science provides students with an opportunity to understand scientific problems using objective, measured and observable methods and practices.

参考词汇

[enhance real-world relations / objective / truths / raise the awareness of problems]

论点2 - 可以提高学生的分析和辩证思考的能力

Science promotes students' analytical skills and cultivates their ability to dialectical thinking.

参考词汇

[analytical skills / dialectical thinking / natural sciences / think logically]

论点3 - 理科能培养我们的对于现有知识的整合能力

Science develops students the ability to integrate information and concepts into existing knowledge base.

参考词汇

[integration of information and concepts / absorbing knowledge / knowledge pool / interdisciplinary research]

论点4 - 理科可以带动社会科技发展，提高人们的生活水平

Science promotes the technological development, which improves our living standards by utilizing modern technology.

参考词汇

[technological development / improve living standards / making life effective]

观点2：文科更重要

Personally speaking, I strongly believe that arts is more important than science.

论点1 - 文科可以帮助学生提升交流沟通的能力

Arts can help students improve their communication skills.

参考词汇

[communication skills / interpersonal skills / organize language / enrich expressions]

论点2 - 文科可以激发学生的创造性和想象力，激发学生潜能

Arts can inspire creativity and imagination, which is especially important to explore students' potentials.

参考词汇

[creativity, more creative / inspire imagination / perception of the world / cognitive function]

论点3 - 文科可以培养学生的思辨能力

Arts can help students improve their ability to think critically.

参考词汇

[critical thinking / think both sides of the problem / probe problems]

论点4 -文科可以提高孩子对美学的欣赏意识和敏感性

Arts can help students to develop their aesthetic awareness and sensitivity.

参考词汇

[aesthetic awareness and sensitivity / visual arts / appreciation of the beauty of arts / emotional side]

观点3：理科和文科一样重要

Personally speaking, I strongly believe that science is as important as arts.

*从以上两个观点中各任选一个论点即可

42. 家长需要为孩子的行为负法律责任吗 #101042

Should parents be held legally responsible for the actions of their children? Do you agree with this opinion? Support your position with your own study, experience or observations.

父母应该为孩子的行为承担法律责任吗?你同意这个观点吗? 用你自己的研究、经验或观察来支持你的观点。

参考

观点1：应该承担

Personally speaking, parents should be held legally responsible for the actions of their children.

论点1：父母对孩子的行为具有直接影响

Parents play a crucial role in shaping their children's behavior.

参考论证1：家庭教育 – 行为引导 – 行为模式形成

[parenting] – [behavior guidance] – [behavioral development]

参考论证2：父母示范 – 模仿学习 – 行为结果

[parental role models] – [imitation learning] – [children's actions]

论点2：法律责任可以强化父母的监管意识

Legal responsibility can encourage parents to supervise their children more effectively.

参考论证1：法律责任 – 家庭监管 – 行为约束

[legal responsibility] – [parental supervision] – [behavioral control]

参考论证2：法律后果 – 责任意识 – 预防不当行为

[legal consequences] – [a sense of responsibility] – [the prevention of misconduct]

论点3：有助于减少未成年人违法行为

Holding parents accountable can help reduce juvenile delinquency.

参考论证1：父母责任 – 行为规范 – 违法行为减少

[parental accountability] – [behavior regulation] – [reduced juvenile crime]

参考论证2：家庭约束 – 早期干预 – 风险行为降低

[family discipline] – [early intervention] – [lower risk behavior]

观点2：不应承担

Personally speaking, parents should not be held legally responsible for the actions of their children.

论点1：孩子是独立个体，应为自身行为负责

Children are independent individuals and should take responsibility for their own actions.

参考论证1：个体独立性 – 自主决策 – 行为责任

[individual independence] – [independent decision-making] – [personal responsibility]

参考论证2：违法行为 – 行为者本人实施 – 责任应由当事人承担

[illegal acts] – [direct involvement of the child] – [accountability of the individual offender]

论点 2: 父母控制能力有限

Parents have limited legal control over their children's behavior.

参考论证 1: 青少年成长阶段 – 独立意识增强 – 父母监管作用减弱

[adolescent development] – [growing sense of independence] – [reduced parental legal control]

参考论证 2: 学校与社会环境 – 同伴影响与外部刺激 – 超出家庭管控范围

[social and school environments] – [peer pressure and external influences] – [limitations of parental supervision]

论点 3: 不利于子女责任意识培养

Legal responsibility on parents can weaken children's sense of accountability.

参考论证 1: 父母代替承担后果 – 子女逃避责任 – 责任意识削弱

[parental assumption of consequences] – [avoidance of responsibility by children] – [weakened accountability]

参考论证 2: 外部惩罚转移 – 子女缺乏行为反思 – 不利于品格发展

[shift of punishment to parents] – [lack of self-reflection] – [negative impact on character development]

43. 学校扣迟交作业学生的分数 #101043

Some universities deduct students' marks if assignments are given late. What is your opinion and give your recommendations?

某些大学会对迟交的作业进行扣分。你的看法是什么？并给出你的建议。

参考

观点:

Personally speaking, I firmly believe that universities should / shouldn't deduct students' marks if an assignment is given late, and there are alternative recommendations.

Body Paragraph 1 – 同意 or 不同意

论点1 [同意]: 增强时间管理能力

Deducting marks for late assignments in universities can lead to stronger time management skills.

参考论证1: 扣分 – 制定学习计划 – 培养合理时间安排

[mark deduction for late assignments] – [study plan based on clear deadlines] – [ability to plan time wisely]

参考论证2: 扣分 – 更好分配时间 – 时间意识提高

[deduction for overdue assignments] – [better time allocation to meet deadlines] – [improvement in time awareness]

论点2 [同意]: 公平评估

Deducting marks for late assignments in universities can bring about fair evaluation among students.

参考论证1: 扣分 – 惩罚缺乏时间意识的学生 – 对合理规划的学生公平

[mark deduction for late assignments] – [penalty for lack of time awareness] – [fairness for students with wise time planning]

参考论证2: 扣分 – 惩罚未能规划的学生 – 公平评估学生综合能力

[deduction for overdue submissions] – [punishment for poor time management] – [fair assessment of students' overall ability]

论点3 [不同意]: 降低学习热情

Deducting marks for late assignments in universities can lead to a loss of learning enthusiasm.

参考论证1: 扣分 – 害怕无法按时完成 – 压力增加

[deducting marks for overdue tasks] – [fear of missing deadlines] – [increased mental pressure]

参考论证2: 扣分 – 无望取得高分 – 学习投入下降

[deduction for late submission] – [no expectation of high scores] – [decline in academic engagement]

论点4 [不同意]:

Deducting marks for late assignments in universities can cause a reduced quality of academic performance.

参考论证1: 扣分 – 匆忙完成缺乏深入研究 – 作业质量下降

[deduction for overdue tasks] – [quick finish without deep research] – [lower quality of assignments]

参考论证2: 扣分 – 抄袭或未完成作业 – 无法满足作业要求

[deduction for late submission] – [plagiarism or unfinished work] – [failure to meet assignment requirements]

Body Paragraph 2 – 方案

论点1: 发送提醒

Sending reminders before due dates can bring about better assignment planning.

参考论证1: 邮件提醒 – 学生明确截止日期 – 按时提交作业

[email notification] – [clear due dates in students' minds] – [on-time submission]

参考论证2: 邮件提醒 – 提高时间意识 – 降低错过截止的可能性

[email notification] – [enhanced time awareness] – [reduced risk of missing deadlines]

论点2: 以额外作业作为惩罚

Assigning extra work as a punishment instead of deducting marks can lead to on-time assignment submission.

参考论证1: 额外任务 (如值日) – 不打击自信的惩罚 – 时间意识增强

[extra tasks like cleaning duty] – [punishment without hurting confidence] – [improved time awareness]

参考论证2: 额外论文或报告 – 担心拖延导致更多作业 – 按时提交作业

[extra essays or reports] – [fear of heavier workload if late] – [motivation to submit assignments on time]

44. 兼顾工作和学习 #101044

In order to study effectively, it requires comfort, peace and time. So it is impossible for a student to combine learning and employment at the same time, because one distracts the other. Is it realistic to combine them at the same time in our life today? Support your opinion with examples.

有效的学习需要舒适平静的状态和充分的时间。因此一个学生不可能同时把学习和工作结合起来, 因为两者会相互干扰。在我们今天的生活中, 把它们同时结合起来现实吗? 用例子来支持你的观点。

参考

观点1: 现实

Personally speaking, I firmly believe that it is realistic to combine learning and employment at the same time in our life today.

论点1: 灵活的课程安排

Flexible study schedules can bring about the combination of learning and employment.

参考论证1: 机构提供的灵活课程设置 – 周中晚间或周末课程 – 更好协调工作与学习时间

[flexible course arrangements] – [weekday evening and weekend classes] – [better coordination between study and work]

参考论证2: 个性化的学习计划 – 非全日制或模块化课程 – 平衡工作与学习

[personalized learning plans] – [options of part-time courses] – [the balance between employment and education]

论点2: 线上学习模式

Online learning can facilitate the combination of study and career.

参考论证1: 线上教育平台 – 任何时间地点都能上课 – 工作学习同时进步

[online education platforms] – [access to course anytime and anywhere] – [simultaneous progress in study and work]

参考论证2: 线上学习系统 – 自主学习安排 – 同时实现学习和工作

[e-learning systems] – [self-paced learning arrangements] – [the realization of learning and working at the same time]

论点3: 远程工作模式

Remote working modes can lead to the realization of study-work combination.

参考论证1: 居家办公政策 – 节省通勤时间 – 工作之余更易安排学习

[the work-from-home policy] – [reduced commuting time] – [more spare time to study while working]

参考论证2: 远程工作 – 减少办公室无效社交 – 更能专心于学习

[remote work arrangements] – [reduced distraction of socializing in offices] – [quick transition into a learning state]

观点2: 不现实

Personally speaking, I firmly believe that it is not realistic to combine learning and employment at the same time in our life today.

论点1: 时间冲突

Time conflict can bring about the failure of study-work combination.

参考论证1: 固定的课程和工作时间安排 – 时间重合 – 难以协调两者

[fixed class schedules and working shifts] – [overlapping study and work hours] – [difficulty in managing both sides]

参考论证2: 对学习和工作的双重投入 – 过多时间投入 – 平衡工作与学习

[dual commitments to study and job] – [excessive time demand] – [challenges in handling both responsibilities]

论点2: 精神压力

Mental stress can lead to a decline in study and work performance.

参考论证1: 为了兼顾二者造成的持续精神压力 – 降低注意力和效率 – 工作和学习表现下降

[continuous psychological tension to handle study and work] – [reduced concentration and efficiency] – [bad performance for both learning and working]

参考论证2: 对考试和工作任务的焦虑 – 学习工作动力下降 – 无法专注与学业或职业目标

[anxiety about exams and job duties] – [decline in learning and working motivation] – [loss of focus on academic and professional goals]

论点3: 目标和要求有冲突

Different goals and requirements can cause difficulty in balancing study and work.

参考论证1：工作学习目标冲突 – 学习和工作难以转换 – 无效时间分配

[conflicts in working and learning goals] – [difficult transition between study and work roles] – [ineffective time allocation for both tasks]

参考论证2：工作学习要求不同 – 难以在工作和学习中轻松切换 – 二者效率受限

[variation in work and study requirements] – [difficulty in switching between academic and professional skills] – [limited efficiency in both duties]

45. 学习道德和价值观和对于实际操作能力一样重要吗 #101045

In education, is to learn life values and ethics as important as to learn practical skills for future development?

在教育中，学习生活价值观和道德规范与学习未来发展的实用技能一样重要吗？

参考

观点1：学习价值观更重要

Personally speaking, to learn life values and ethics is more important than to learn practical skills for future development.

论点1：降低了未来职场上违法的可能性

Learning life values and ethics reduces the likelihood of future misconducts in the workplace.

参考词汇

[learn life lessons / avoid office sexual harassment / obey rules and regulations]

论点2：有利于学生长期的个人发展

Learning life values and ethics builds people's behavioral norms and benefits their long-term personal development.

参考词汇

[instill discipline / build behavioral norms / moral values and ethics / code of conduct]

论点3：可以使我们变成一个正直的人

Learning life values and ethics plays an important role in educating us how to be a dignified and honest person.

参考词汇

[good personality / dignity and respect / shape our personalities]

论点4：为学生灌输纪律概念，规范学生行为

Learning life values and ethics helps us to instill discipline to students and build behavioral norms.

参考词汇

[instill discipline / build behavioral norms / moral values and ethics]

观点2：学习实用技能

Personally speaking, to learn practical skills is more important than to learn life values and ethics for future developments.

论点1：帮助学生更快融入职场

Learning practical skills prepares students to adapt to the workspace and avoid the mismatch between what schools deliver and what the market needs.

参考词汇

[hands-on experience / more practical and useful in workspace / school-taught knowledge]

论点2: 使学生在找工作时更有竞争性

Learning practical skills can enhance the competitiveness of students in the future job hunting.

参考词汇

[competitiveness, competitive / valued by employers / fiercer competition]

论点3: 加速将课本知识转化为实用技能, 更加实用

Learning practical skills help students speed up the transformation of textbook knowledge into real practice.

参考词汇

[transformation of textbook knowledge / have actual operation items / apply book knowledge to practice quickly]

论点4: 对学生全方位发展必不可少

Practical skills learning is a necessary ingredient for all aspects of development of students.

参考词汇

[all-round development / strengthen weakness / full range of skills]

观点3: 学习二者同样重要

Personally speaking, to learn life values and ethics is as important as to learn practical skills for future development.

*从以上两个观点中各任选一个论点即可

46. 飞机和汽车哪个更影响人们的生活 #101046

Which one has the greater impact on human's life, aero planes or cars?

飞机和汽车, 哪一个对人们生活的影响更大?

参考

观点1: 飞机

In my opinion, aero plane has greater influence on human's life.

论点1: 提高人们差旅出行的效率

It can promote people's travel efficiency.

参考词汇

[time-saving / less time consuming / increased productivity and efficiency / cost-effective access to destinations]

论点2: 促进经济发展

Aviation has greatly contributed to global economic prosperity.

参考词汇

[high flying speed / heavy capacity / load / boost sales of conventional local manufacturing]

论点3: 促进旅游业的发展

Airplanes can boost the development of tourism industry.

参考词汇

[small and remote countries / bring vitality / vigor / discover hidden beauty / less developed countries]

论点4: 促进文化交融

Airplanes propelled cultural exchange.

参考词汇

[bring the chance for cultural exchanging program / among different areas or even worldwide / cultural communication]

观点2: 汽车

As far as I am concerned, cars have bigger impact on human's life.

论点1: 提高人们日常通勤的效率

Improve people's daily commuting efficiency.

参考词汇

[long-distance travel / transfer and switch from places to places / less time-consuming / public transportation deficiency]

论点2: 让人们可以突破地区限制找工作

With a car, even in remote areas, people can still have the opportunity to work in their dream company.

参考词汇

[high accessibility / more freedom / get involved in working in big companies / geographical restrictions]

论点3: 提高出行舒适度

Having more comfortable seats, ventilation or other novel technologies help people to feel better than using other methods, like a bicycle or a public bus.

参考词汇

[private space / spacious seats / fresh air circulation / one-stop arrival]

论点4: 提高出行的时间灵活性

People can have absolute freedom on deciding the schedule and roads to reach their destination.

参考词汇

[not limited to fixed timetables / no time restriction / more flexibility and freedom / at any time]

47. 音乐帮助学习吗 #101047

Some people indicate that certain kind of music can promote learning for young children, while many researches showed that results are mixed. What is your opinion? Use your own experience and observation.

有些人认为某种音乐能够促进幼儿的学习，然而许多研究表明结果并不一致。你对此有何看法？请结合自己的经历和观察来阐述。

参考

观点1: 同意 *特定种类音乐能够促进学习

I believe with the notion that certain kind of music can promote learning for young children.

论点1: 外语歌曲可以帮助小孩子促进对于语言学习的乐趣

Music which has lyrics in a different language can improve young children's interests in studying another language.

参考词汇

[gain more interests / learning a second language / willing to learn / devote themselves into studying]

论点2: 古典音乐可以帮助小孩子舒缓情绪, 提高记忆力

Classical music can help students stabilize their emotions and helps them with memorization.

参考词汇

[get relaxed / reduce anxiety / boost motivation / memorize and recall more information / learning efficiency]

论点3: 蓝调音乐可以促进小孩子大脑发育, 有利于学习能力的提高

Blues music could have positive impacts on brain developments of young children, which will definitely help them to improve learning ability.

参考词汇

[cognitive function / cognitive skills / emotional relief / reduce stress]

论点4: 器乐演奏可以帮助小孩子提高专注度

Instrumental music reduces distractions and improves focus.

参考词汇

[be concentrated to learning / beat stress or anxiety while studying / background music / increase efficiency]

观点2: 不同意

*“不同意时”可以写为音乐不会促进学习; 或者某种音乐可以促进学习, 某种音乐会影响学习

I disbelieve with the notion that certain kind of music can promote learning for young children.

论点1: 摇滚乐使孩子叛逆, 失去对学习的兴趣

Rock music makes young children rebellious and lose interest in learning.

参考词汇

[teenagers and adolescents / easy to be influenced / feel bored at learning / pose negative images to children]

论点2: 古典音乐使孩子慵懒, 失去学习的行动力

Classical music can make students over-relaxed, and thus makes young children lose the motivation to study.

参考词汇

[lazy and reluctant to take actions / declined to get involved in studying / enthusiasm may fade / decreased academic demands]

论点3: 流行音乐过于嘈杂, 使孩子精神不集中, 影响学习专注度

Pop music may cause young children's mental distraction and affects learning concentration.

参考词汇

[too noisy / need recover time after listening / put less mental effort to study / can't get focused / have adverse effects on reading comprehension and on mood]

论点4: 器乐演奏脱离现实, 无法给孩子提供专业知识, 对学习没有助益

Instrumental music performance cannot provide children with professional knowledge and does not help learning.

参考词汇

[irrelevant to academic subjects / cannot keep up with the times / far from reality / cannot contribute

to better academic performance]

48. 怎么看待高中生表演戏剧 #101048

There are both problems and benefits for high school students study plays and works of theatres written centuries ago. Discuss and use your own experience.

高中生学习几个世纪前的戏剧作品既有问题也有好处。请结合自身经历进行讨论。

参考

观点：

Personally speaking, there are both benefits and problems for high school students study plays and works of theatres written centuries ago.

Body Paragraph 1 – 优点

优点1：了解古典文学 增加文化底蕴

For high school students, learning plays and works of theatres from several centuries ago could be beneficial to gain more knowledge about classical literature.

参考词汇

[inherit the arts and culture / appreciate sensuous beauty of classical / foster students' interests of traditional culture]

优点2：扩展知识面

Gaining knowledge about plays and works of theatres written hundreds of years ago could help high students to widen their range of knowledge.

参考词汇

[reflect the life of ancient society / expand knowledge base / having knowledge about history and art]

优点3：促进文化的发展和进步

Gaining knowledge about plays and works of theatres written hundreds of years ago could promote the development of culture and literature in our society.

参考词汇

[cultural awareness cultivation / cultural blending / promotes the harmony of local ethnic relations]

优点4：提高语言综合能力

Gaining knowledge about plays and works of theatres written hundreds of years ago could improve comprehensive language skills.

参考词汇

[communication and interaction / literature / ability of expression / communication skills]

Body Paragraph 2 – 缺点

缺点1：增加学生学习负担

Learning plays and works of theatres from several centuries ago will increase student's burden in high school.

参考词汇

[abstruse meaning / written in ancient languages like old English, Latin, or Hebrew / bring unnecessary difficulties in study / other disciplines and subjects]

缺点2：脱离现实，没有现实意义

Plays and works of theatres written hundreds of years ago seems to be detached from reality.

参考词汇

[unrealistic / not practical / not relevant to future career / isolated from reality]

缺点3: 容易产生消极情绪, 影响心理健康

Learning plays and works of theatres such as tragedy plays could lead to pessimism and affect mental health.

参考词汇

[pessimistic emotion / depression / mental health / negative mood and attitude]

缺点4: 分心, 影响其他学科成绩

Learning plays and works of theatres from several centuries ago might distract high-school student from learning other subjects and affect the academic performance.

参考词汇

[distraction / limited time and energy / declining grade]

49. 移民海外的优点和缺点 #101049

Many people choose to emigrate to other countries. What are the advantages and disadvantages of living in a foreign country? Discuss with your own experience.

许多人选择移民到其他国家。在外国生活有哪些利弊? 结合自身经历进行讨论。

参考

观点:

Personally speaking, there are both advantages and disadvantages for people to emigrate to other countries.

Body Paragraph 1 – 优点

优点1: 更好的养老福利

When they choose to live in another country, they may be entitled to better welfare system.

参考词汇

[sound superannuation / aged care / professional facilities / additional compensation / age pension]

优点2: 更多工作的机会

Living in a foreign country offers new immigrants more job opportunities.

参考词汇

[huge labor demand / labor market / chance to work in dream company / working opportunities]

优点3: 获取更多教育资源

Emigrating to another country enables people to get advanced education resources.

参考词汇

[opportunities to have better education / new teaching method / new technology / education and vocational training]

优点4 – 更好的医疗条件

Superior healthcare system can be another advantage of emigrating to a foreign country.

参考词汇

[better medication / treat severe health problems / decrease pain / minimize suffering]

Body Paragraph 2 – 缺点

缺点1：文化差异大

When they choose to live in another country, they have to face the problems, such as cultural diversity.

参考词汇

[hard to make friends / culture barrier / feel isolated / hard to get involved in the community]

缺点2：与亲朋好友疏离

Living in a foreign country may lead to estrangement from old friends.

参考词汇

[lack of communication / increase the probability of suffering from depression / out of touch / rootless alienated]

缺点3：语言学习压力大

Emigrating to other countries may cause huge pressure of learning a second language.

参考词汇

[language barrier / formidable difficulty / language tops the list of issues / regional accent]

缺点4：可能面对种族歧视

When you choose to live in a foreign country, you may unavoidably face racism.

参考词汇

[sad feature of the immigrant experience / even only a small amount of people / hostile public opinion on immigrants / recurrent theme]

50. 健康饮食比锻炼更重要 #101050

A healthy diet is more important for keeping fit than exercise. To what extent do you believe with this statement? Give example or personal experiences.

*选择任意一方的时候，都要补充：另一方没有办法做到这点

保持健康，健康饮食比锻炼更重要。您在多大程度上认同这一观点？请举例说明或分享个人经历。

参考**观点1：健康饮食更重要**

Personally speaking, I strongly believe that a healthy diet is more important for keeping fit than exercise.

论点1：健康的饮食可以促进人们的肠道健康，并且这个优点是锻炼无法做到的

A healthy diet can promote intestinal health, which cannot be achieved by exercise.

参考词汇

[colon Health / balance of bacterium in intestine / contains sugar / fat and calorie]

论点2：健康的饮食可以降低罹患心血管疾病的概率，并且这是锻炼无法做到的

A healthy diet can reduce the risk of cardiovascular disease, which cannot be contributed by exercise.

参考词汇

[cardiovascular disease / heart disease / high blood pressure / part of everyday routine]

论点3：健康饮食能帮人控制体重,并且如果只锻炼却不控制饮食并没有办法控制体重

A balanced diet plays a much more important role in body weight control than exercises.

参考词汇

[relieve anemia and low blood pressure / eating the right foods in the right amounts / maintain a healthy weight / lose weight]

论点4: 健康的饮食可以为人提供全面的营养, 这是锻炼无法做到的

A balanced diet could offer sufficient nutrients that meets the requirements of human body, and it cannot be provided by exercise.

参考词汇

[nutrition / vitamin / necessary amount of nutrients / necessary for daily life]

观点2: 锻炼更重要

Personally speaking, I strongly believe that exercise is more important for keeping fit than a healthy diet.

论点1: 锻炼可以促进新陈代谢, 健康的饮食效果没有那么明显

Exercise could effectively enhance metabolism, which cannot be achieved only by a healthy diet.

参考词汇

[blood circulation / accelerate metabolism rate / increase heart rate / basal metabolism]

论点2: 锻炼对于强化肌肉和骨骼影响更大, 只注重健康饮食并没有办法实现

Exercise could promote bone and muscular development, which cannot be achieved by only having a healthy diet.

参考词汇

[shape bodies / improve flexibility / muscle growth / reduce body fat rate]

论点3: 锻炼对于提高免疫力影响更大

Exercise could have much greater impacts on immunity enhancement.

参考词汇

[immune system / boost Immunity / protect you against the virus / other diseases]

论点4: 锻炼可以帮助人缓解精神压力

Exercise helps buffer the impacts of stress.

参考词汇

[Lower your anxiety / relieve mental stress / alleviate stress / enhance mental health level]

观点3: 健康饮食和锻炼同样重要

Personally speaking, I strongly believe that a healthy diet is as important for keeping fit as exercise.

*从以上两个观点中各任选一个论点即可

51. 学生兼职打工的优点缺点 #101051

What are the advantages and disadvantages for students doing part-time jobs?

学生做兼职工作有哪些优点和缺点?

参考

观点:

Personally speaking, there are both advantages and disadvantages for students doing part-time jobs.

Body Paragraph 1 – 优点

优点1: 可以给学生提供经济来源

For students, doing part time job could help relieve family financial burden.

参考词汇

[pay school fees / supplement of living expense / additional financial source / decrease parents' burden]

优点2: 更好的运用理论知识

As a student, having a part-time job could gain deeper understanding of knowledge through applying knowledge into practice.

参考词汇

[acquire practical skills / techniques / learn knowledge in a more practical way / theoretical knowledge]

优点3: 扩展社交圈

Having part-time jobs can also help students to expand their social circle.

参考词汇

[social network / make new friends / know some people that may help them in the future / interpersonal skills]

优点4: 积攒工作经验

Doing part-time jobs will necessarily help students to accumulate work experience before graduation.

参考词汇

[find the career path / gain more interests about their career / higher chance to get a full-time job after graduation / be familiar with the working atmosphere]

Body Paragraph 2 – 缺点

缺点1: 分散学生学习的精力,影响成绩

Doing part-time will occupy a large amount of time, which will have negative influence on students' academic performance.

参考词汇

[distract students' attention / having less time to do homework / decrease study efficiency / lower scores]

缺点2: 造成更大的精神压力

Having a part time job as a student may cause incredibly higher level of stress.

参考词汇

[too hard to balance work and study at the same time / mental illness / depression / mental health problems]

缺点3：无暇参与课外活动

For students, a part-time job may take the place of important extracurricular activities.

参考词汇

[higher rates of absenteeism / less involvement / fatigue and less rest time / discourage working teen to get involved in these activities]

缺点4：工作安全无法保障

For students who have part-time jobs, the importance of health and safety at workplace cannot be secured.

参考词汇

[lack of appropriate training / safety guidance / not having medical insurance / health insurance are not provided]

52. 哪种学习资源最靠谱 #101052

Students can obtain information on academic subjects online, the printed books and articles, and discussion with their teachers and their peers. Which one is the most reliable source?

学生可以通过网络、印刷书籍和文章以及与老师和同学的讨论获取学术科目的信息。哪一种是最可靠的信息来源？

参考

观点1：网上资源

Online resources of academic subjects are the most reliable source for students to obtain information.

论点1：更新的更快，包含与时俱进的信息

Academic subject from internet provides the most cutting-edge theories and knowledge.

参考词汇

[Websites are usually updated/ Fast-changing world/ Face pace of development/ Timely revise and changes]

论点2：包含不同立场的观点，更全面

From online academic subjects, students can find various opinions on the same topic.

Online academic subjects attempt to discuss and outline the merits of other explanations and viewpoints which are in contrast to their views.

参考词汇

[Diverse perspectives/ Open-minded/ Different country/ Many different angles]

论点3：包含评论系统，可以及时指出问题，减少误导信息

Online academic subjects often have comment systems which helps to find out the problem timely.

参考词汇

[Everyone can make mistakes/ Decrease the amount of misleading information/ Instant feedback/ More supervision]

论点4：包含形式多样的示例辅助理解，不容易误解

Most online academic subjects include different forms of illustrations, which helps us to understand the information more clearly.

参考词汇

[Including graphs, tables, images, photographs and videos/ Avoid the chance of misconception/ Have a compressive understanding/ Understand the words in the text]

观点2：纸质书和文章

Printed books and articles are the most reliable source for students to obtain information.

论点1：出版社会严格的控制质量,减少小错误

Publishers will control the quality of most printed books and articles.

参考词汇

[editor / spelling check / checking grammar / before publication]

论点2：作者一般是专业人士，内容很权威

Printed books and articles are usually written by experts and professionals, which is authoritative.

参考词汇

[after extremely careful investigation / tons of research / academic study]

论点3：需要更深思熟虑的学术研究才能完成

Getting a book to publication requires a high level of research of the writer, which makes the content more accurate.

参考词汇

[academic research / data analysis / not just written in a hurry / trustworthy]

论点4：作者写完之后，会有其他专业人士审核

Only after several times of reviews by other expertise will the books and articles be printed, which makes the content contain less error.

参考词汇

[other professionals in the same field / articles are checked by academics / experts' views on themes and topics / add depth to a research topic]

观点3：和老师同学讨论

Discussion with their teacher and peers is the most reliable source for students to obtain information.

论点1：讨论得来的信息更切合实际

Information from discussion with teachers and peers are based on individuals' experience, which is more practical.

参考词汇

[experiential learning / empirical evidence / contain more practical suggestions and advice]

论点2：讨论得来的信息更权威，因为经过老师的多年教学的验证

Discussion with teachers and peers can provide accurate and authoritative information to students because it is verified by years of teaching experience.

参考词汇

[teachers adjust the academic information comes from printed books to a more accurate one based on their teaching experience / teachers correct some error of theoretical knowledge from online sources according to their teaching experience]

论点3：讨论得来的信息更具有创新性

Information from discussion with teachers and peers are highly likely more innovative since some peers have creative thoughts.

参考词汇

[classmates and peers who hold innovative thoughts can offer new perspective of understanding academic knowledge / peers can be more open-minded so they will have new viewpoints of]

presenting academic information]

论点4: 讨论得来的信息更加全面, 因为综合了不同人的想法

Information obtained from discussion with teachers and peers can be more comprehensive, because it integrated different people's thoughts.

参考词汇

[a holistic suggestion that includes a wide variety of information sources / integrated views from different people / diverse perspectives / information generated from different angles]

53. 广告的优点缺点 #101053

Advertising may make people buy something they don't need or cannot afford, but also, they can convey information to increase their life quality. What is your opinion?

广告可能会让人们购买一些他们不需要或买不起的东西, 但同时, 广告也能传递信息从而提高人们的生活质量。你怎么看?

参考

观点1: 诱导人们购买不需要或者买不起的商品

Personally speaking, I strongly believe that advertising may make people buy something they don't need or cannot afford.

论点1: 存在误导性信息, 放大产品功效

Customers might form misconceptions and make unwise decisions by the influence of some advertisement.

参考词汇

[give an exaggerated account of a product's properties / misleading information / commercials / Misleading tone]

论点2: 利用人们攀比的心理

Advertising messages, usually based on imagery rather than information, which attempt to achieve the advertiser's objectives by evoking strong emotional feelings (fear, anger, passion, etc.) rather than by a rational appeal.

参考词汇

[vanity / ignore products' practical value / emotional needs trump rational needs / a concern for physical appearance]

论点3: 利用名人效应, 造成效仿

Featuring celebrities in advertising can grab attention immediately to make people do impulse purchase.

参考词汇

[platforms like Instagram, Twitter, and Facebook / shine a bright spotlight on all types of products / celebrity endorsements / creating associations with celebrities]

论点4: 营造稀缺性

Some advertisements create scarcity, which is a great way to boost impulse purchase.

参考词汇

[manufacturers / produce limited-edition versions / limited amount of products / secondary market]

观点2: 传达有用信息来提升人们的生活质量

Personally speaking, I strongly believe that advertising can convey information to increase

people's live quality.

论点1: 倡导健康生活方式

Some advertisements advocate the importance of a healthy lifestyle to encourage people to keep fit.

参考词汇

[dietary habit / health and well-being / healthy lifestyle / recover from diseases]

论点2: 展示新科技

Some advertisements inform people with the most advanced technology to improve their life quality.

参考词汇

[the latest products / the attributes of products / updated information / rapid pace of technology development]

论点3: 提供更划算的打折消息

Advertising informs consumers with discount goods, which helps citizens spend less money for same amount of goods.

参考词汇

[discount catalogue / lower prices / Save more money / effective multi-channel communication marketing]

论点4: 展示减轻体力负担的家庭工具

Advertisements will display gadgets or home appliance which could increase productivity in our daily life.

参考词汇

[change the way we do housework / reduce physical burden / new machines and equipment / changing domestic life]

观点3: 广告既有可能有让人们购买不必要的产品, 又有可能传达有用信息

Personally speaking, advertising can both make people buy something they don't need or cannot afford and can convey useful information to increase customers' life quality.

*从以上两个观点中各任选一个论点即可

54. 父母教育重不重要 #101054

Is parenting important to children?

养育孩子对孩子们来说重要吗?

参考

观点1: 重要

Personally speaking, I strongly believe that parenting is of great importance to children.

论点1: 家长对孩子性格有重要影响

Parents have a great influence on forming their kids' personality.

参考词汇

[act as children's first teachers / most direct impact / profound Influence / whole lifetime]

论点2: 家长教会孩子们道德和价值观

Parents will guide their kids with ethics and values.

参考词汇

[teach them good manners and behavior / obey rules and laws / through their actions / verbal instruction / social issues]

论点3: 家长会帮助孩子形成健康的生活习惯

Parents could help their children to form healthy lifestyle.

参考词汇

[lifelong health and well-being / benefit the whole life / regular exercise / dietary habit]

论点4: 家长教会孩子们生活技能

Parenting helps kids to learn practical skills in reality.

参考词汇

[interpersonal skills / take care of themselves / household affairs / fundamental living skills]

观点2: 不同意

Personally speaking, I strongly believe that parenting is not important to children.

论点1: 家长陪伴孩子的时间有限, 具有局限性, 其他因素对孩子影响更大

The time that parents stay with their kids is quite limited, thus their influence on their kids are not that significant.

参考词汇

[limitations of parenting effects / imprint almost nothing on children's personality / influences from social media, schoolmates and teachers / stereotype images]

论点2: 孩子也是一个独立的个体, 有自己独立的思想, 不受家长左右

Parents cannot control how their kids will grow up because children have their own opinions as an independent individual.

参考词汇

[from early childhood / self-awareness / social cognition / their own thoughts, wants, motives and feelings]

论点3: 家长对孩子不具权威性, 孩子更容易听从老师的教导

Children would prefer to listen to their teachers rather than their parents because parents are not authoritative over their kids.

参考词汇

[unwilling to accept their opinions / less acceptance / teachers and tutors from institutions like kindergartens or schools / formal education system]

论点4: 家长的教育无法改变一些先天因素

No matter how hard parents are working on their kids, they cannot make a difference on some innate factors.

参考词汇

[genetic difference / congenital contribute / level of intelligence / birth defect / nature and nurture]

55. 政府面临的最严重的问题是什么 #101055

The world's governments and organizations are facing a lot of issues. Which do you think is the most pressing problem for the inhabitants on our planet? And give solutions.

世界各国政府和组织正面临着许多问题。你认为对地球上的居民来说，哪一个是最紧迫的问题？并给出解决方案。

参考

观点1：全球变暖，及其解决方案

Personally speaking, I firmly believe that global warming is the most pressing issue for the inhabitants on our planet, but there are solutions to it.

Body Paragraph 1 – 全球变暖

论点1：野生动物灭绝

Global warming can cause the extinction of wild animals.

参考论证1：全球气温上升 – 不适宜的生存条件 – 生物多样性下降

[rising global temperature] – [unsuitable living conditions] – [decline in biodiversity]

参考论证2：全球变暖 – 气温与海平面上升 – 稀有栖息地小时

[global warming] – [rising temperatures and sea levels] – [loss of rare habitats]

论点2：财产损失严重

Global warming can lead to severe property damage.

参考论证1：全球气温升高 – 连续强降雨与热浪 – 生命和财产损失

[higher global temperature] – [heavy rainfalls and heat waves] – [loss of life and property]

参考论证2：全球变暖 – 干旱和冰雹等自然灾害 – 建筑与农田被毁

[global warming] – [droughts and hailstorms] – [destruction of buildings and farmland]

Body Paragraph 2 – 解决方案

论点1：发展公共交通

Developing public transportation can help the mitigation of global warming.

参考论证1：更多公共交通选择 – 私家车减少 – 温室气体排放减少

[more public transport options] – [fewer private cars] – [less greenhouse gas emissions]

参考论证2：公共交通系统改善 – 化石燃料使用减少 – 二氧化碳排放减少

[improved public transportation systems] – [reduced fossil fuel use] – [decreased carbon emissions]

论点2：实施环境法

Enforcing environmental laws can bring about strengthened control over climate change.

参考论证1：环境法律 – 惩罚有害环境的行为 – 提高全球变暖意识

[environmental law] – [legal punishment for harmful behaviours] – [improved awareness of global warming]

参考论证2：气候立法 – 限制工业排放 – 减少温室气体排放

[climate legislation] – [restrictions on industrial emissions] – [reduction in greenhouse gas emissions]

观点2：空气污染，及其解决方案

Personally speaking, I firmly believe that air pollution is the most pressing issue for the inhabitants on our planet, but there are solutions to it.

Body Paragraph 1 – 空气污染

论点1：身体健康受害

Air pollution can have a negative impact on people's physical health.

参考论证1: 空气污染 – 吸入有毒气体 – 肺部疾病

[air pollution] – [inhalation of toxic gases] – [lung diseases]

参考论证2: 空气污染 – 长期暴露于有害气体 – 慢性肺病风险上升

[air pollution] – [long-term exposure to harmful gases] – [increased risk of chronic lung diseases]

论点2: 经济发展受损

Air pollution can lead to negative effects on economic growth.

参考论证1: 空气污染 – 雾霾影响空运与海运 – 商业贸易受阻

[air pollution] – [smog affecting air and marine traffic] – [impact on business trade]

参考论证2: 污染空气 – 影响城市形象 – 当地旅游受损

[polluted air] – [damage to city appearance] – [decline in local tourism]

Body Paragraph 2 – 解决方案

论点1: 发展可再生能源

Developing renewable resources can bring about a significant reduction in air pollution.

参考论证1: 发展可再生能源 – 化石燃料使用减少 – 有害气体排放减少

[developing renewable energy] – [reduced use of fossil fuels] – [less release of harmful gases]

参考论证2: 清洁能源投资 – 降低对煤和石油依赖 – 有效控制空气污染

[investment in clean energy] – [less dependence on coal and oil] – [effective control of air pollution]

论点2: 限制工业排放

Restricting industrial emissions can lead to a reduction in air pollution.

参考论证1: 限制工厂排放 – 大气有害气体减少 – 较少污染物

[restricting factories' emission] – [less harmful gases] – [fewer pollutants in the air]

参考论证2: 工业排放法规 – 雾霾减少 – 城市空气质量改善

[regulations on industrial emissions] – [reduced smog] – [improved urban air quality]

56. 建筑设计对工作生活的影响 #101056

How does the design of buildings affect, either positively or negatively, where people work and live?

建筑设计如何影响人们工作和生活的地方, 无论是积极的还是消极的?

参考

观点: 会影响工作和生活

Personally speaking, I firmly believe that the design of buildings affects where people work and live in both positive and negative ways.

Body Paragraph 1 – 对生活的影响

论点1: 改善心情

Comfortable housing design can bring about a better mood in daily life.

参考论证1: 大窗户设计 – 通风与采光 – 情绪舒适度提高

[buildings with big windows] – [good ventilation and lighting] – [greater emotional comfort]

参考论证2: 大窗户设计 – 空气流通与光照 – 愉悦的生活体验

[buildings with big windows] – [better airflow and light exposure] – [a more enjoyable living experience]

论点2: 心理健康受损

Poor architectural planning can bring about mental health problems.

参考论证1: 小窗户设计 – 室内昏暗通风差 – 情绪低落甚至抑郁

[building design with small windows] – [dark space and poor ventilation] – [low mood and depression]

参考论证2: 建筑隔音差 – 持续噪音干扰 – 焦虑压力上升

[building design with poor soundproofing] – [constant noise disturbance] – [increased stress and anxiety]

Body Paragraph 2 – 对工作的影响

论点1: 工作效率提升

Spacious office buildings can lead to greater work productivity.

参考论证1: 大空间设计 – 功能分区合理 – 文件查找更便捷

[big-room office design] – [functional workplace planning] – [easy file searching]

参考论证2: 大空间设计 – 功能区划分清晰 – 工作干扰减少

[big-room office design] – [clear functional zoning] – [less disturbance at work]

论点2: 对工作不满

Inefficient architectural design can cause dissatisfaction at work.

参考论证1: 不合理的空间规划 – 空间浪费或杂乱 – 员工难以专注

[unreasonable spatial planning] – [unused or cluttered areas] – [inconvenience in work concentration]

参考论证2: 不合适的空间设计 – 拥挤与不人性化环境 – 工作积极性下降

[poor floor plan design] – [overcrowded and inhumane environment] – [reduced work motivation]

57. 学校是否应该按照学生能力分组教学? #101057

Some people think schools should group students according to their academic abilities while others think students can achieve better performance in mixed groups. Discuss both opinions and give your own opinion.

一些人认为学校应当按照学生的学业能力对学生进行分组, 而另一些人则认为学生在混合分组中能取得更好的成绩。讨论这两种观点并给出你自己的观点。

参考

观点:

I will discuss both grouping students according to their academic abilities and in mixed groups as follows.

Body Paragraph 1 – 按照学习成绩分组 *以下优点或缺点任选一个

优点1: 提高学习效率

Grouping students by scores can improve overall study efficiency.

参考词汇

[more effectively / efficiently / more effective communication / positive influence]

优点2: 方便老师进行教学

Grouping students according to their academic performance makes the teaching process continue more efficiently.

参考词汇

[assignments with the same requirements / same teaching method / comprehension of knowledge / similar cognitive capacity]

缺点1: 成绩差的学生缺乏动力

Students who have lower scores will lack motivation and role models.

参考词汇

[be reluctant to study / fall behind / lag behind / negative interaction]

缺点2: 增加学习压力

Students grouped by scores will become over stressed and anxious.

参考词汇

[increased level of anxiety / as a result of fierce competition / peer pressure / mental pressure]

Body Paragraph 2 – 混合分组 *以下优点或缺点任选一个

优点1: 激励作用

Students in mixed groups will interact and stimulate each other.

参考词汇

[role models / motivation / share experience / help each other]

优点2: 提供公平的教育资源

Grouping students in mixed groups makes every student could have access to same level of education resources.

参考词汇

[sense of fairness / improve equity / fair opportunity / fair competitive environment]

缺点1: 教学方法无法适应所有人

Single teaching methodology cannot work well on all students in mixed groups.

参考词汇

[same method / fall behind / difference of cognitive capacity / various comprehension ability]

缺点2: 造成差生学习压力

In mixed groups, students with worse academic performance will have much more pressure.

参考词汇

[fierce competition / the sense of inferiority / have a negative self-image / psychological issues]

58. 大学生应该支付全额学费 #101058

Because university degrees can get people jobs with higher salaries, university students should pay full cost for their education. Do you believe or not?

因为大学学位能让人们获得高薪工作，所以大学生应该全额支付自己的教育费用。你同意还是不同意？

参考

观点1: 同意

Personally speaking, I strongly believe that university students should pay full cost for their education.

论点1: 大学教育帮助学生职业发展

University students should pay full cost for their education because university education helps students develop their careers.

参考词汇

[future career development / practical skills / career planning / get a good job to earn more salary]

论点2: 大学教育为学生提供高质量的教育, 为学生提供专业知识技能

University students should pay full cost for their education because university education provides high quality education for students.

参考词汇

[detailed and logical knowledge structure / course planning / professional books / professional tutor and lecturer / professional knowledge and skills]

论点3: 因为大学都是主动申请, 所以学生应该为自己的选择支付一定的费用。

University education is voluntary, so students need to pay for their choices.

参考词汇

[not compulsory / selective / active application / tuition fees]

论点4: 学费可以帮助大学完成科学研究, 保证大学竞争力

Tuition fees can help universities to complete scientific research and ensure their competitiveness.

参考词汇

[cutting-edge university technology requires financial support / government cannot help universities pay for it all]

观点2: 不同意

Personally speaking, I strongly believe that university students should not pay full cost for their education.

论点1: 学生没有经济来源, 会承担经济压力

Students are lack of sufficient financial capability, so paying full cost of their education will increase their financial burden.

参考词汇

[independent earning ability / financial support / financial pressure / no income]

论点2: 会抑制学生参与大学教育的积极性

Students will be obstructed to participate in university education if they need to pay tuition fees.

参考词汇

[less motivation / hinder students from entering into university / are not willing to do further study in universities]

论点3: 学生需要赚钱交学费, 即工作又学习会导致心理压力

Students will have to do part-time jobs, which increases their mental pressure.

参考词汇

[time allocation / limited energy and time / mental pressure / cannot allocation time wisely / face multiple tasks from work and study]

论点4: 承担经济压力, 会影响学习成绩

Financial pressure on the students will distract them from studying to working to earn their tuition fees, which will affect their academic performance.

参考词汇

[students avoid more temptation / overcome more difficulties / study harder]

59. 教育和医疗，哪一个更值得政府投入更多资金 #101059

As national services, which one deserve to receive more financial support, education or health?
作为国家服务，教育和医疗哪一个更值得获得更多的财政支持？

参考

观点1：教育

Personally speaking, I strongly believe that the education deserves to receive more financial support.

论点1：教育可以为国家培养人才，促进经济发展

Financial support on education can train talents for the country and promote economic development.

参考词汇

[the society realizes the win-win situation / the talents enter the market / develop economy]

论点2：教育可以帮助个人找到更好的工作，提升幸福指数

Financial support on education can help individuals find better jobs and boost individual happiness.

参考词汇

[find a better job / a better paying job / happier life / better quality of life]

论点3：教育可以发展更多科技项目，促进科技发展

Financial support on education can develop more science and technology projects.

参考词汇

[advanced science and technology / scientific development / benefit mankind / promote the progress of civilization]

论点4：教育可以提高公民素质，提高公民道德标准

Financial support on education can improve the quality of citizens and raise their moral standards.

参考词汇

[social culture / moral standard / personal quality / country level / enhance international image]

观点2：医疗

Personally speaking, I strongly believe that the health deserves to receive more financial support.

论点1：发展医疗可以延长人们寿命

Financial support on medical treatment can prolong people's life span.

参考词汇

[cutting-edge medical equipment / solve difficult diseases / reduce the rate of disease infection / improve personal happiness index]

论点2：发展医疗可以改善人们的日常身体状况，提高人民幸福指数

Financial support on medical treatment can improve people's physical and mental condition.

参考词汇

[cure diverse life-threatening diseases and illness / improve health condition / daily care / boost individual happiness]

论点3：发展医疗可以促进医疗产业和医疗科技的发展

Financial support on health can boost the development of pharmaceutical industry and medical technology.

参考词汇

[advanced medical devices / new treatment equipment / pharmaceutical industry will draw more attention of outstanding medical technicians]

论点4: 发展医疗可以提供更好的社会保障, 提高社会福利, 提高公民满意程度

Financial support on developing health care can provide better social welfare.

参考词汇

[social well-being / age care and age pension / improve the satisfaction of citizens / sufficient funds into health insurance]

60. 低生育率和老龄化现象的主因和后果 #101060

In many countries, the birth rate is slow, and the ageing problem is serious. What are the causes and the effects of this phenomenon? And what are the solutions?

在许多国家, 出生率缓慢, 老龄化问题严重。造成这种现象的原因和影响是什么? 又有哪些解决办法?

参考

观点:

Personally speaking, the slow birth rate and ageing problem is caused by many reasons and there are some solutions to solve the problem.

Body Paragraph 1 – 原因以及影响 *以下原因和影响各任选一个组成body paragraph1

原因1: 现代人们没有这个心理意愿, 不愿意生育

Modern people are not psychologically prepared to get pregnant and are reluctant to give birth.

参考词汇

[family harmony / anxiety before pregnancy / low sense of responsibility]

原因2: 抚养孩子成本高, 很多年轻人没有足够的经济能力

The cost of raising children is high, and many young people do not have enough financial ability.

参考词汇

[overseas parenting products / children's early childhood education / confinement hospital / keeping up with the joneses]

原因3: 现在医疗条件好, 人的平均寿命增长, 不会在年轻的时候着急要生孩子

With better health care and increased life expectancy, there is no rush to have children at a young age.

参考词汇

[cutting-edge medical equipment / late childbirth / scientific birth method and period / better medical support for labor / in a hurry to deliver the baby because an older age means more risks in the process of labor]

原因4: 人们现在追求自由, 结婚晚, 选择晚婚晚育

People now pursue freedom, so they choose to marry later and have children later.

参考词汇

[the social form / the young people's new idea of society / the new conception of procreation / the dink family]

影响1: 低生育率会加剧社会老龄化, 使得社会人口结构畸形

Low fertility will accelerate the aging of society, making the population structure unhealthy.

参考词汇

[aging social structure / more older workers / an efficient workforce / reduce GDP and international competitiveness / baby birth rate]

影响2：劳动力下降，社会生产力变低

Low fertility leads to a declining workforce and lower productivity.

参考词汇

[reduce GDP and international competitiveness / more older workers / an efficient workforce]

影响3：社会福利压力增大

More aging population means a huge burden for age care industry and social welfare.

参考词汇

[an increasing number of people will need to rely on the support of age care fund / governments will need to allocate more budget to fulfill the growing requirement of social welfare.]

影响4：使得新科技领域的发展受阻碍

More aging population will obstruct the development of advanced technology because elder people are not willing to accept new inventions.

参考词汇

[lack of innovative skills and spirits / lowering the demand of advanced technological products / hinder the process of upgrading industries]

Body Paragraph 2 – 措施

措施1：政府制定奖励措施，鼓励生育，政府提供更好的生育福利和新生儿保障

The government sets policies to incentivize and encourage childbirth.

参考词汇

[provides better maternity benefits / newborn protection / maternity protection / compulsory education for free / newborn living fund]

措施2：政府通过鼓励接纳移民，来改善老龄化社会结构

The government is trying to improve the structure of an ageing society by encouraging immigration.

参考词汇

[attract overseas talents / loose immigration policy / immigration security and welfare]

措施3：政府延迟退休

The government should delay the retirement age to make more elder people active in the job market.

参考词汇

[labor force / offset the negative effect of aging population regarding less human capital in the workplaces]

措施4：政府发展老龄产业

The government should promote aging industry to attract elders' interests in producing and purchasing new technical products.

参考词汇

[developing the market that targets elder people / attract their attention to advanced technology / guide their consumption habit towards technological devices]

61. 集中考试和不停考试哪个好 #101061

There are different assessment systems, putting all exams at the end of the term, or assignments and exams being spread out throughout the semester. What are the advantages and disadvantages of each system? Which system do you prefer?

有各种各样的评估体系，比如所有考试都安排在学期末，或者作业和考试分散在整学期进行。每种体系各有什么优缺点？你更倾向于哪种体系？

参考

观点：

Personally speaking, there are both advantages and disadvantages of each assessment and I prefer putting all exams at the end of the term/ assignments and exams being spread out throughout the semester.

*which system do you prefer这个问题只需要在观点句中回答选择某一个审核方式，不需要在body paragraph中具体论证

Body Paragraph 1 – 集中考试 *以下优点和缺点中任意各选一个组成这一段

优点1：集中考试可以为学习提供动力，加速知识吸收

Intensive examinations can provide motivation for learning and accelerate the absorption of knowledge.

参考词汇

[examinations force students to review / speed up the absorption and understanding / integration of knowledge]

优点2：降低平时分数对学生的影响和压力，学生可以更好的投入学习

Putting all exams at the end of the term can reduce learning pressure on students.

参考词汇

[better engaged in learning / panic about the score / steady state of mind / worrying about the score throughout the semester]

优点3：集中考试可以培养学生时间管理能力

Centralized exams can develop students' time management skills.

参考词汇

[allocate their time wisely / study plan / practical skills / reasonable study schedule]

优点4：集中考试会培养整体学习进度，保证学习节奏

The final intensive exam will help students set a strict overall learning schedule.

参考词汇

[disrupt the learning rhythm / reasonable study schedule / complete knowledge structure / gain the knowledge throughout the semester and memorize the knowledge at the end of the term]

缺点1：集中考试会给学生造成很大压力（不要与优点2连用）

Centralized final exams can put a lot of mental pressure on students.

参考词汇

[mental disease / depressive / study pressure / short review time]

缺点2：期末集中考试会造成平时学生学习状态松散懒惰

The final exam will cause students to study in a loose and lazy state.

参考词汇

[do not review at ordinary times / cannot allocate study time reasonably / have more recreational

items / have no study motive / reduce study enthusiasm]

缺点3：期末集中考试无法掌握学生每阶段是否学到知识

The final exam does not capture whether students are learning at each stage.

参考词汇

[combine theoretical knowledge with practice / no time to improve / cause more pressure on later learning]

缺点4 –期末集中考试会导致老师无法知道学生的学习情况，无法针对性教学

The final centralized exam will cause the teacher to be unable to know the student's study situation.

参考词汇

[education performance / targeted teaching / positive Feedback from students / after-school tutoring]

Body Paragraph 2 – 分散考试 *以下优点和缺点中任意各选一个组成这一段

优点1：阶段性测试学生，了解学习的进度，更好的使老师掌握学生学习情况

Periodic test students can help teachers understand the progress of learning.

参考词汇

[better to make the teacher master the students' learning situation / education performance / targeted teaching / positive Feedback from students / after-school tutoring]

优点2：学生可以通过平日考试自我检查，了解是否在前半学期存在疑问，可在后面的学习中调整，并做出改善

Students can check themselves through the daily exam to see if there are any questions in the first half of the semester, which can be adjusted and improved in the later study.

参考词汇

[effective study plan / checking the gaps / answering questions in time / understanding the learning situation / understanding the problems deeply]

优点3：阶段性的测试可以锻炼学生的时间管理能力，合理的分配平时娱乐和学习的时间

Periodic tests can exercise students' time management skills.

参考词汇

[allocate entertainment and study time wisely / set reasonable study plan / effective review study]

优点4：阶段性测试不会因知识过多而导致学生在期末的时候压力过大

Periodic tests do not cause too much pressure on students at the end of the term due to too much knowledge.

参考词汇

[students cannot adapt to the high intensity of learning / decreased concentration / resistance / depressed]

缺点1：阶段性考试会使学生的学习目的性过强，影响学习质量

Periodic tests can make the student's study aim is too strong to affect study quality.

参考词汇

[single goal / fluke mentality / negative motivation to learn]

缺点2：阶段性考试会造成老师的平时更多的工作负担

Periodic exam can cause teacher's peacetime more work burden.

参考词汇

[increasing the number of teachers' grading / reduce the quality of teaching / increase the teaching and counselling workload for teachers]

缺点3：阶段性的失误，不能决定整体的分数，在没有学完全部知识结构，学生无法构建整体的知识框架，降低知识不完整给学生的困惑

Periodic mistakes cannot determine the overall score.

参考词汇

[students cannot construct the overall knowledge framework / without learning the complete knowledge structure / reduce the confusion caused by incomplete knowledge]

缺点4：阶段性测试会使学生没有较为完整的学习周期

Periodic tests may cause students to do not have a complete learning cycle.

参考词汇

[structured learning / fragmented knowledge / complete learning system / short learning cycle]

62. 城市生活与乡村生活，你喜欢哪个？#101062

Living in the countryside or having a city life, which one do you prefer? Please use examples or your personal experience to support your opinion.

生活在乡村还是城市，你更喜欢哪一种？请用例子或个人经历来支持你的观点。

参考

观点 1：乡村生活

Personally speaking, I prefer living in the countryside.

论点 1：生活节奏更慢，压力更小

The countryside can bring less life pressure.

参考论证 1：乡村生活 – 生活节奏放缓 – 压力降低

[countryside life] – [a slower pace of life] – [reduced stress]

参考论证 2：自然环境 – 心理放松 – 身心健康

[natural surroundings] – [mental relaxation] – [better well-being]

论点 2：改善健康

Living in the countryside will provide a healthier living environment.

参考论证 1：乡村环境 – 清新空气 – 身体健康

[countryside environment] – [clean air] – [better physical health]

参考论证 2：污染较少 – 生活质量 – 健康改善

[lower pollution levels] – [living conditions] – [improved health]

论点 3：有利于家庭生活与人际关系

The countryside can be more suitable for family life and close relationships.

参考论证 1：社区规模小 – 人际联系紧密 – 社会支持

[small communities] – [close social connections] – [strong social support]

参考论证 2：父母陪伴 – 儿童成长 – 家庭稳定

[family-oriented environment] – [child development] – [family stability]

观点 2：城市生活

Personally speaking, I prefer living in the city.

论点 1: 教育机会

City life can provide greater access to education opportunities.

参考论证 1: 城市环境 – 教育资源集中 – 学习机会

[urban areas] – [concentration of educational resources] – [more learning opportunities]

参考论证 2: 城市生活 – 多样化教育机构 – 更广泛的学习选择

[city life] – [variety of educational institutions] – [wider range of learning choices]

论点 2: 生活效率更高

Cities will offer a higher level of efficiency in daily life.

参考论证 1: 完善的交通系统 – 出行便利 – 时间节省

[complex public transportation] – [daily commuting convenience] – [time efficiency]

参考论证 2: 多种出行选择 – 出行便利 – 生活效率

[various transportation options] – [easy mobility] – [greater efficiency]

论点 3: 个人提升

City life can provide more opportunities for personal development.

参考论证 1: 文化与社交活动 – 视野拓展 – 个人成长

[various cultural and social activities] – [broader perspectives] – [personal growth]

参考论证 2: 多样社交圈 – 社会互动 – 社交能力

[diverse social circles] – [social interaction] – [social skills development]

63. 医生网络沟通好不好 #101063

Now doctors can talk to patients by using internet-based communication in the office. Discuss the advantages and disadvantages.

如今医生可以在办公室通过基于互联网的通信方式与患者交流。请讨论其利弊。

参考

观点:

Personally speaking, there are both advantages and disadvantages if doctors talk to patients by internet-based communication in the office.

Body Paragraph 1 – 优点

优点1: 可以打破时间限制, 工作时间更加灵活

It can break the time limit and work more flexibly.

参考词汇

[online consultation / online hospital outpatient service / unlimited office space / convenient and fast communication / diagnose during after hours]

优点2: 可以及时解决病人疑问, 合理分配实体就医人数

Internet-based communication can solve the patient's question in time.

参考词汇

[simple problems can be solved quickly through the network / save the patient's time expense / relieve the pressure of the number of patients in the physical hospital / get the patient's feedback in the first time]

优点3: 可多地域专家会诊, 有效提高治愈效果

Under internet-based communications, people can consult with multiple regional experts, which can effectively increase the curative effect.

参考词汇

[network meeting expert consultation / breakthrough of geographical barriers / benefit patients with critical and complicated diseases / reduce consultation cost]

优点4: 不会占据过多的医疗资源, 节省医院成本

Internet-based communications will not occupy too much medical resources, which can save hospital costs.

参考词汇

[network equipment is cheaper than the physical hospital outpatient service / network communication / rationalize the allocation of patients / effective use of hospital resources / reduce the cost of hospital construction]

Body Paragraph 2 – 缺点

缺点1: 无法面诊, 很多病需要更专业的仪器检测, 误诊概率会增高, 无法保证看病治疗

The probability of misdiagnosis will be increased by using internet-based communication in the office.

参考词汇

[some diseases need to be tested to be confirmed / the patient cannot fully describe his or her condition / the network cannot actually observe / resulting in too much misdiagnosis / misinformation]

缺点2: 无法面地面沟通, 无法安慰病人, 会造成医患关系紧张

Doctors are unable to communicate face to face, which will cause tension between doctors and patients.

参考词汇

[it is difficult for patients to feel the actual treatment from the network / difficult to control the patient's emotions / the network has a certain sense of unreality / increase the patient's anxiety / delay the condition]

缺点3: 有网络欺诈可能, 有骗取医疗保险的可能, 不容易监管

There is the possibility of online fraud of medical insurance, which is not easy to regulate.

参考词汇

[the possibility of fraudulent health insurance / network is easy to leak patient information / take illegal advantage of medical insurance / difficult to supervise / increase the difficulty of medical insurance reimbursement review / patients cannot judge the medical level and qualification of doctors]

缺点4: 老年人和贫穷落后地区, 没有办法实现

There is hard to achieve among old people and poor and backward areas.

参考词汇

[it is difficult to realize / old people's insufficient ability to accept new things in backward areas or areas without network / the operation interface is complex / get local medical subsidies]

64. 流行音乐的大学学位 #101064

Pop music should have a university degree. Do you believe or disbelieve?

流行音乐应该拥有大学学位。你信还是不信？

参考

观点1：同意

Personally speaking, it is appropriate for many universities to offer degree courses in popular culture.

论点1：流行文化也是需要系统学习的

Popular culture also needs to be learned and researched systematically.

参考词汇

[many types of professional guidance / pop culture / it is a major degree rather than an interest in entertainment / eliminate misunderstanding of pop culture]

论点2：把流行文化作为事业发展是需要文凭的支撑的

If individuals want to pursue their career in popular culture, they should be armed with professional degree of popular culture.

参考词汇

[professional certification is more competitive / international market requires standard professional recognition / professional certification for employers]

论点3：可以鼓励更多的学生学习流行文化

Offering degree courses in popular culture can attract more students to do further study in their interest field.

参考词汇

[more popular acceptance / effective promotion of popular culture / professional certification makes more parents willing to encourage their children learn / provide more professional learning opportunities for more students / enhance the motivation of students to learn popular culture]

论点4：将流行文化的知识体系标准化，开创一门新的学科

It can standardize the knowledge of popular culture, which creates a brand-new knowledge field.

参考词汇

[to provide students with a more standardized assessment basis / determined assessment standards / complete learning structure / diversify learning classification / enhance the professionalism and pertinence of pop culture education]

观点2：不同意

Personally speaking, it is not appropriate for many universities to offer degree courses in popular culture.

论点1：流行文化发展历史短暂，很可能很快又会被淘汰

Pop culture has a short history and can easily be eliminated by the social development.

参考词汇

[there is no profound pop cultural history / the background of popular culture is weak / weak foundation / it is only a phenomenon that people are passionate about rather than a subject to be learned seriously]

论点2：更多的人去学习流行音乐，会忽视理科科目的学习

More people go to study pop music, which will neglect the scientific education.

参考词汇

[popular culture distracts students / ignores basic learning / few people interested in scientific majors, which will do harm to technology development in our society]

论点3: 可能降低毕业生的整体就业率

It may reduce the employment rate of the whole university's graduates.

参考词汇

[there is little market demand for pop culture positions / pop culture does not belong to basic employment skills / pop culture changes too fast to adapt to the law of social development]

论点4: 缺少内行或专业人士作为教学人员

It is lack of professionals as teaching staff in popular culture.

参考词汇

[fewer pop culture professionals / low threshold of pop culture / uncertain teaching quality of education staff / rapid change of pop culture / cultivate more professional teaching staff]

65. 平价公交的优点及其代价 #101065

What are the advantages of cheaper public transportation? What will it cause to achieve it?

更便宜的公共交通有哪些优势? 要实现这一目标会带来什么影响?

参考

观点:

Personally speaking, there are advantages of cheaper public transportation, and I will explain what will it cause to achieve cheaper public transportation.

Body Paragraph 1 – 优点

优点1: 便宜的公共交通系统可以降低城市居民生活成本, 为居民省钱

A cheap public transport system can reduce the cost of living for city residents.

参考词汇

[save on commuting costs / overhead / save people's money]

优点2: 便宜的公共交通系统可以缓解城市道路交通压力

A cheap public transport system can relieve the traffic pressure on the city's roads.

参考词汇

[more people choose to economical public transportation / the number of private cars decreases / the road traffic jam / during the peak period]

优点3: 便宜的公共交通系统可以减少空气污染, 保护环境

A cheap public transport system can reduce air pollution and protect the environment.

参考词汇

[reduce carbon dioxide emission / environmentally friendly / less exhaust pollutants]

优点4: 鼓励公共交通发展, 使用环保新能源, 节约资源

We will encourage the development of public transport, use environmentally friendly new energy sources and conserve resources.

参考词汇

[save resources / new energy / tram / powered by electricity / fossil fuel / natural resource scarcity]

Body Paragraph 2 – 如何实现平价交通

措施1：政府通过财政拨款，加大资金投入，支持平价交通的发展。

The government should increase financial capital to support the development of affordable transportation.

参考词汇

[cheap fares / fiscal appropriation / government subsidies / government funding]

措施2：政府批准更多土地用于交通发展，优化公共交通线路，节省运营成本，鼓励更多人愿意选择平价交通。

Government should optimize public transportation lines to encourage more people choosing cheaper public transportation.

参考词汇

[build a better public transport system / save operating cost / approve more land for transport development / public resources]

措施3：制定完善道路交通法律，限制私家车出行，加收税务和路费，让民众更多的选择使用平价交通

Government can enact and improve legislation regarding traffic to restrict the travel of private car.

参考词汇

[laws / impose additional taxes and fees / vehicle number limit system / the recovered funds were used for reconstruction of cheap transportation]

措施4：政府应该加大宣传，告诉民众公共出行的好处以及私家车对环境的污染，让民众自愿选择公共交通

Government should advertise the benefits of public transport to encourage more people choose public transportation.

参考词汇

[the pollution of private cars / increase the publicity / green travel / media role]

66. 艺术文化是否该由政府资助 #101066

Some people think that art and culture can improve the quality of life and should be funded by governments. Other people think the funding art and culture should be the responsibility of charities and private investment institutes. What do you think of this opinion?

有些人认为艺术和文化能够提升生活质量，应当由政府提供资金支持。另一些人则认为资助艺术和文化应当是慈善机构和私人投资机构的责任。你如何看待这种观点？

参考

观点1：慈善资助

Personally speaking, I strongly believe that governments should not put too much attention on arts.

论点1：政府应该发展经济，不应该在艺术上占用过多的经济资源

The government should develop the economy and not occupy too much economic resources in the arts.

参考词汇

[government subsidies / limited government funds / rational allocation of public resources]

论点2: 政府应该提高医疗救治水平, 不应该在艺术上占用过多的经济资源

The government should improve medical treatment and should not spend too much economic resources on the arts.

参考词汇

[address the root problem / daily necessities / art is a higher spiritual need / solve difficult medical problems]

论点3: 政府应该先解决衣食住行等基础的民生问题, 艺术不是生活必需品

The government should first address basic issues concerning people's livelihood rather than spend money on arts.

参考词汇

[food / clothing / housing / transportation / daily necessities / tackle poverty problem]

论点4: 政府应该先提高教育水平, 而不是发展艺术

Governments should improve educational quality and equity rather than putting too much attention on arts.

参考词汇

[education can improve the labor force in the job market / arts can only make students indulge themselves in daydream and fantasy / education can increase the competitiveness of individuals, while arts are just a form of entertaining]

观点2: 政府资助

Personally speaking, I strongly believe that governments should put attention on arts.

论点1: 投资在艺术上可以保护艺术的多样性

Investing money in art preserves the diversity of art.

参考词汇

[arts and culture / diversified development / traditional culture continues]

论点2: 投资艺术可以丰富城市居民业余生活, 缓解工作压力

Investing in art can enrich the leisure life of city dwellers, which can relieve work pressure.

参考词汇

[museum / entertainment way / pioneer art / balance work and life]

论点3: 弘扬民族艺术文化, 可以作为国与国之间的交流手段

The invention of national art and culture can be used as a means of communication between countries.

参考词汇

[improve national taste / art exchange / cultural export / national cultural identity / increase international communication channels]

论点4: 可以培养更多的艺术型人才, 增加人们的欣赏水平

The invention of national art can train more artistic talents and increase people's appreciation.

参考词汇

[spiritual enrichment / increase the inclusiveness of diversified cultures / promote the development of internationalization of the country / promote the development of civilization / the cultivation of diversified talents]

67. 国民幸福指数 #101067

More people consider 'national happiness index' as a better measurement for a country's success than the country's economic growth. What do you think about the idea? What can be used to measure 'national happiness'?

越来越多的人认为“国民幸福指数”比经济增长更能衡量一个国家的成功。你如何看待这一观点？可以用什么来衡量“国民幸福”？

参考

观点：

Personally speaking, I strongly believe that 'national happiness index' is a better measurement for a country's success than the country's economic growth.

Body Paragraph 1 – 同意 *本段只能选择“同意”，要不然会和body paragraph 2产生逻辑冲突

原因1：幸福指数可以体现出国民的生活水准

The national happiness index can indicate the citizens' living standards which are the definition of a country's success.

参考词汇

[the happiness index / global assessment of livable cities / level of Satisfaction / life quality]

原因2：幸福指数可以体现国家的资金规划和社会福利

The national happiness index can assess the national financial allocation and welfare system which are the direct reflection of a country's success.

参考词汇

[state financial distribution indicators / data on citizens' emigration and migration / survey on citizens' activity areas and preferences / the government can determine urban planning / basic living facilities based on citizens' preferences / reasonable distribution of tax revenue / improvement of infrastructure]

Body Paragraph 2 – 什么可以衡量国民幸福

论点1：人民的消费水平可以衡量国民幸福

People's consumption level can measure national happiness.

参考词汇

[GDP / national consumption preference / price level / wage income and expenditure / daily goods and luxury goods consumption comparison]

论点2：城市安全指数可以衡量国民幸福

The urban safety index can measure national happiness.

参考词汇

[national security rating / community crime rate / emergency events]

论点3：城市的固定居民数量和迁移量可以衡量国民幸福

The number of permanent residents in cities and the amount of migration can measure national happiness.

参考词汇

[ratio of moving in and out / urban living rate / national regional activity index / livable city rating / number of community / living infrastructure and emergency units]

论点4：人民平均工资水平可以衡量国民幸福

People's average wages are a measure of national happiness.

参考词汇

[overall national income / ratio of consumption / regional average income value / whether the company pays wages on time / income difference among different types of work]

68. 你国家的教育系统 #101068

What do you think are the strengths and weakness of the education system in your country? Use your own experience to support your idea.

你认为你们国家的教育体制有哪些优点和缺点？请用你自己的经历来支持你的观点。

参考

观点：

Personally speaking, there are both strengths and weakness of the education system in my country.

Body Paragraph 1 – 优点

优点1：重视基础教育，提高社会整体受教育程度

My country's educational system can raise the overall educational level of the society.

参考词汇

[reduce illiteracy / improve people's intelligence / increase social stability / improve the basic quality of the people / improve the advanced degree of the social labor force / master more advanced work technology / compulsory education]

优点2：考核机制，促使学生勤奋学习，让学生学到扎实的知识

The assessment mechanism can promote students to study hard and let students learn knowledge faster.

参考词汇

[theoretical knowledge / professional knowledge / effective distribution of social functions / talent selection / promotion of social equality / college entrance examination]

优点3：锻炼学生的学习毅力

My country's educational system can exercise students' study perseverance.

参考词汇

[learn focus / learn from each other in competition / high efficiency and positive learning attitude]

优点4：学费便宜，可以让广大学生获得平等的教育资格

Tuition is cheap and allows students to obtain equal educational qualifications.

参考词汇

[the government can select talents from different social strata / poverty alleviation teaching fund / improve social stability / tuition subsidy / scholarship]

Body Paragraph 2 – 缺点

缺点1：应试教育，让学生感到学习压力大，不利于心理健康发展

Exam-oriented education make students feel stressful, which is not conducive to mental health development.

参考词汇

[points-based placement / fear of testing leads to depression / suicide rate / competitive psychology]

缺点2: 造成教育不平等

The assessment mechanism lead to the educational inequality.

参考词汇

[learning resistance / self-abandoned learning attitude / teachers focus on cultivating good students / reducing learning enthusiasm / uneven distribution of educational resources]

缺点3: 单一的考试机制, 降低学生的创造性和创新性

The single examination mechanism reduces the creativity and innovation of students.

参考词汇

[the education and examination / stereotyped learning / students' personality are unified / targeted training and cultivation / wasting students' own talents]

缺点4: 占用学生大部分时间, 导致对身体发育有影响

The education takes up too much time, so students barely have chance to do exercise.

参考词汇

[go to gym / do sports / physical development; physical growth / abnormal physical growth / impair]

69. 全球化与外语 #101069

In globalization, it is impossible to succeed if you cannot speak a foreign language. Do you believe or disbelieve?

在全球化进程中, 如果不会说一门外语, 就不可能成功。你信还是不信?

参考

观点1: 同意

Personally speaking, I firmly believe that the balance is quite important, but it is hard to achieve.

论点1: 很多工作都要求会说外语, 影响求职和个人发展

Many jobs require speaking a foreign language, which can affect your job and personal development.

参考词汇

[foreign-funded enterprises / market internationalization / foreign investors / international orders / multi-country collaborative projects and work]

论点2: 无法在国外学习交流, 获得更先进的知识

People are unable to study abroad to exchange more advanced knowledge if they cannot speak a foreign language.

参考词汇

[the development of prestigious universities and universities / the trend of studying abroad / English is a basic survival skill abroad rather than just a learning skill / university international exchange programs / international academic exchange]

论点3: 无法与外国人交流, 社交圈狭隘

People are unable to communicate with foreigners to broaden their social circle if they cannot speak a foreign language.

参考词汇

[narrow social circle / culture conflict / unable to open their eyes to learn more about culture / limited international entertainment experience / unable to show their culture to international friends / hindering the development of internationalization of their country / lack of multi-nationality colleagues / international cooperation ability]

论点4: 无法阅读国外资讯, 消息闭塞

People are unable to read information from other countries if they cannot speak a foreign language.

参考词汇

[information block / international journals / international perspective / inability to experience the characteristics of different cultures / learn international knowledge]

观点2: 不同意

Personally speaking, I strongly believe that it is possible to succeed if you cannot speak a foreign language in globalization.

论点1: 现在有很多翻译软件, 不需要自己会语言, 也可以完成交流

Now there are many translation software, people can communicate with foreigners without learning the language.

参考词汇

[portable multi-language translation / online translator and interpreter / scenic spot electronic translator / mobile phone translation / simultaneous translation of multiple languages / help to translate more difficult languages]

论点2: 可以聘请更加专业的翻译人士, 更加准确无误的沟通

People can hire professional translators to get accurate information.

参考词汇

[for simultaneous interpretation / business conference translation / tour guide]

论点3: 成功的路不是唯一的, 即使不会外语也可以

The road to success is not the only one, even if you can't speak a foreign language.

参考词汇

[all roads lead to Rome / language is only a means of communication / multi-channel communication / resolve the trouble caused by language barrier]

论点4: 语言非必备技能, 非专业不必非要掌握

Language is not a necessary skill, so non-professional do not have to master one.

参考词汇

[increasing the employment pressure of language students / increasing the learning burden of other students / paying too much attention to English / weaken the learning of the native language / communication methods]

70. 富国帮穷国 #101070

Wealthy nations are required to share their wealth with poorer countries. What is your opinion?

富裕国家有义务与较贫穷的国家分享财富。你对此有何看法?

参考

观点1: 要分享

Personally speaking, wealthy nations are required to share their wealth with poorer countries.

论点1: 帮助落后地区发展, 尽快摆脱贫困, (从而减少贫富差距)

Wealthy nations can help backward areas to develop and get rid of poverty as soon as possible.

参考词汇

[international aid / foreign-funded enterprises / building factories to increase employment / living and production skills / self-sufficiency / technical support for backward areas]

论点2: 可以提高贫穷国家人民的生活水平

It can improve the living standards of people in poor countries.

参考词汇

[building infrastructure / highways / improve people's lives / food imports and clean water / advanced living concepts]

论点3: 可以提高贫穷国家人民的医疗条件水平, 降低传染病爆发的机率

It can improve health care for people in poor countries and reduce the risk of infectious disease outbreaks.

参考词汇

[medical aid / disease prevention and control / Ebola prevention and control / building professional hospitals and medical facilities / improving daily life habits / improving living hygiene / hygienic living environment]

论点4: 大国承担更多的国际责任

Wealthy nations are required to share their wealth with poorer countries because major countries shoulder more economic development responsibilities around the globe.

参考词汇

[financial aid / international aid / international resource allocation / responsibilities of economic powers / development of human civilization]

观点2: 不要分享

Personally speaking, wealthy nations are not required to share their wealth with poorer countries.

论点1: 会增加富裕国家的经济压力和财政负担

It will increase the economic pressure and financial burden on rich countries.

参考词汇

[fiscal deficit / tax revenue needs to be allocated to other countries / talent diversion / blind pursuit of maintaining international image]

论点2: 会拉低富裕国家人民的生活质量

It will drag down the quality of life of people in rich countries.

参考词汇

[capital outflow / reduction of welfare capital / technology outflow]

论点3: 会影响穷国的生产力和创造力

It will drag down the industrial productivity and creativity of poor countries.

参考词汇

[dependent on the help and aid of rich countries / lose the motivation of developing industrial production / reduce the productivity of some critical industry]

论点4: 低贫穷国家自行发展的积极性

It will reduce the incentive for poor countries to develop on their own.

参考词汇

[waiting for aid from other countries / negative development attitude / excessive dependence may drag down other countries' economy / poor countries will be encouraged to rely too much on others]

71. 大学学费免费 #101071

University tuition fees are increasing. Some argue that higher education should be made free. To what extent do you believe?

大学学费在上涨。有人认为高等教育应该免费。您在多大程度上认同这一观点？

参考

观点1：同意

Personally speaking, I strongly believe that higher education should be made free.

论点1：更好的普及教育，提高社会的受教育程度

Free higher education can make better universal education and improve the educational level of society.

参考词汇

[teaching subsidy / free education to attract more people to receive education / improve social stability / improve the quality of the whole people]

论点2：减少学生的经济压力

Free higher education can reduce financial pressure on students.

参考词汇

[don't have to pay off college loans / do not need to follow an intense payment schedule / financial burden]

论点3：学生可以更加专心的学习

Students can pay fully attention on their studies rather than to do part-time jobs to pay the tuition fees.

参考词汇

[positive learning attitude / pressure-free learning environment / living conditions / facing failure more easily / saving time for study after school / full concentration]

论点4：缩小因贫富差距而造成的受教育程度的不平等性

Free higher education can reduce the educational inequality caused by the gap between the rich and the poor.

参考词汇

[more talents can get professional education / social resources / improve the learning and habits of students / change the attitude of parents from poor families / improve the overall educational level of the country]

观点2：不同意

Personally speaking, I strongly believe that higher education should not be made free.

论点1：增加学校的经济负担

Free higher education can increase the financial burden on schools.

参考词汇

[student funds / limited school funds are overused / schools may charge fees through other ways]

论点2：无法保证高质量的教学水平，降低大学竞争力

Free higher education cannot guarantee the high-quality teaching level, which would reduce the university competitiveness.

参考词汇

[impact on faculty income / reduced investment in teaching research and academic research / reduced resources for international exchange teaching]

论点3：学生会因为免费得到上学资格而不珍惜学习机会

Students don't value the opportunity to study because they get the qualification for free.

参考词汇

[negative attitude towards learning / waste student funds / waste learning opportunities / occupy learning resources]

论点4：学生数量会陡然增加，造成学习环境和教学资源的压力

The number of students will increase abruptly, which would put pressure on the learning environment and teaching resources.

参考词汇

[increased maintenance costs / learning environment / uneven student quality / limited teaching resources]

72. 学校应该教打字还是手写 #101072

Some schools believe that children should learn typing rather than a good handwriting. How far do you believe with that? Show reasons with your experience.

一些学校认为孩子应该学习打字而不是练就一手好字。您在多大程度上认同这种观点？请结合您的经历给出理由。

参考

观点1：学习打字

Personally speaking, I believe that children should learning typing rather than a good handwriting.

论点1 – 打字更加快速，可以提高学习的效率

Typing is faster and can improve the efficiency of learning.

参考词汇

[electronic devices / associative input methods / online teaching]

论点2 – 现阶段更多的办公及教学都适用打字设备，教打字可以增加学生的就业技能

Typing is a skill that should be learned from a very young age to meet the learning and working requirements.

参考词汇

[increase the employment skills / electronic teaching and working / softcopy and hardcopy contents are prevailing / network chat tool for communication between colleagues]

论点3 – 打字不用浪费纸，更加的环保，节省资源

Typing does not waste paper, more environmental protection, which can save resources.

参考词汇

[electronic archiving / correction at will / no need to waste extra paper / electronic transmission / electronic newspaper / global environmental crisis]

论点4 – 电脑可以快速识别打字内容并且及时改正错误，减少内容错误

The computer can quickly identify the typing content and correct the mistakes in time, which can reduce the content errors.

参考词汇

[electronic document review system / intelligent error correction system / textual and logical review / visual correction]

观点2：学习“一手好字”

Personally speaking, I believe that children should learning a good handwriting rather than typing.

论点1 – 弘扬民族传统文化

Learning a good handwriting will promote traditional ethnic culture.

参考词汇

[inheritance of national culture / protection of national culture / national identity / development of national culture]

论点2 – 单词背诵和记忆更加牢固，基础学习更加扎实

Learning a good handwriting will make word recitation and memory more solid.

参考词汇

[writing can effectively improve the memory of new knowledge / writing can improve the ability of self-correction / writing exercises students' logical analysis of words]

论点3 – 学习书法可以提高个人魅力

Learning calligraphy can enhance one's personal charm.

参考词汇

[calligraphy is a high art form / in the process of learning calligraphy / exercise the mind of the practitioner / understand the philosophy of life from calligraphy / good writing can indirectly reflect the quality of the writer / writing on behalf of the characteristics of the culture]

论点4 – 写字不需要一直盯着屏幕看，可以保护学生视力

Learning a good handwriting is no need to stare at the screen all the time, which can protect the student's vision.

参考词汇

[frequent eye diseases / electronic radiation / students addicted to electronic devices are susceptible to temptation / myopia rate is getting younger]

73. 工作学习还是旅游做志愿者 #101073

Some people argue that young people should concentrate on study or work, some people think it is better to put energy in activities designed to broaden their experience, such as international travel and volunteering. Support with examples or cases.

有人认为年轻人应当专注于学习或工作，也有人觉得把精力投入到诸如国际旅行和志愿服务等旨在拓宽自身阅历的活动中会更好。请用实例或案例来支持你的观点。

参考

观点1：专注学习和工作

Personally speaking, young people should concentrate on study or work.

论点1：专心投入学习和工作可以将基础知识学的更加牢固，保障学习质量

Concentrate on study and work can be the basic knowledge of learning more solid, which can ensure the quality of learning.

参考词汇

[focus can improve learning efficiency / avoid external temptation to be distracted / improve the ability to understand knowledge]

论点2: 专心投入学习和工作可以锻炼学生吃苦耐劳的学习毅力

Dedication to study and work can exercise students' hard-working learning perseverance.

参考词汇

[hard work / perseverance / improve the attitude of active learning]

论点3: 专心投入学习和工作可以提高在未来劳动力市场中的竞争力

Concentrate on study and work can improve the competitiveness in the future job market.

参考词汇

[companies prefer more focused employees / work and study efficiency can save more time to complete other study / focus can improve creativity / outperform among all other labor force]

论点4: 专心投入学习和工作可以帮助学生和员工完成更具有挑战的工作, 解决更高更复杂的难题

Focusing on study and work can help students and employees accomplish more challenging tasks and solve higher and more complex problems.

参考词汇

[concentration can put people into a stable and efficient mode / improve the ability to resist pressure / concentration can solve general work problems in a short time / breakthrough difficult problem]

观点2: 专注开拓视野的活动

Personally speaking, it is better to put energy in activities designed to broaden their experience, such as international travel and volunteering.

论点1: 增强人际沟通能力

Broaden experience can enhance interpersonal communication skills.

参考词汇

[communication skills / emotional intelligence / discursive organization]

论点2: 拓宽社交圈子, 交到更多的朋友

Broaden experience can broaden your social circle and make more friends.

参考词汇

[increase the courage of active communication / increase social channels / increase the variety of social groups / participants/ Find common topics]

论点3: 学习到课本中不能学到的实践技能

Broaden experience can learn practical skills that can't be learned in textbooks.

参考词汇

[there are objective differences between the reality and the book theory / the ability to deal with emergencies / the ability to solve problems / the theoretical knowledge cannot cover all the survival skills / many skills are summarized in practice / rather than the theoretical knowledge / the practical knowledge is feasible]

论点4: 保持更乐观开朗的性格, 有助于身心健康

Broaden experience can maintain a more optimistic and cheerful personality, which is conducive to physical and mental health.

参考词汇

[practice activities effectively train the cooperation between body and mind / practice activities / open environment / relax and integrate / optimistic attitude / outdoor activities can train the body]

74. 记者是最艰难的工作 #101074

Journalist is one of the most difficult jobs in the world. What do you think?

记者是世界上最难做的工作之一。你觉得怎么样？

参考

观点1：同意

Personally speaking, I strongly believe that journalist is one of the most difficult jobs in the world.

论点1：记者的人身安全难以保证

The safety of journalists cannot be guaranteed.

参考词汇

[war reporters / expose political scandals will pose a threat to journalists themselves / social journalists are easily involved in social conflicts / on-the-ground journalists are vulnerable to emergencies]

论点2：记者的工作时间不规律

Journalists work during irregular hours.

参考词汇

[it is timely to follow the occurrence time of events / emergencies news / the earlier reporting increases the working pressure of journalists / reporters need to catch up with the news and interview / the workload is large]

论点3：记者必须要报道真实有效的信息，社会责任大

Journalists must report real and effective information and have a great social responsibility.

参考词汇

[misreporting can lead to readers' misreading or public panic / public opinion guidance / misinformation output / social supervision and media supervision]

论点4：记者需要时刻保持中立，需要有很强的独立意识，不能轻易被左右

Journalists need to remain neutral and have a strong sense of independence and cannot be swayed easily.

参考词汇

[being responsible for what is written may mislead the public / more time is needed to review and adjust / sensitive words and events / neutral opinions / social discourse power]

观点2：不同意

Personally speaking, I strongly believe that journalist is not one of the most difficult jobs in the world.

论点1：记者的工资待遇好

Journalists are well paid.

参考词汇

[high salary / high attention / more development opportunities / abundant sources of information]

论点2：记者工作体面，工作环境好

Journalists have decent jobs and good working conditions.

参考词汇

[can contact more people / rich social resources / grasp the social discourse right and the ability to guide the topic / work is more active / broadcast reporters work in a comfortable environment / high

exposure]

论点3: 记者相对于科学家上岗前不需要过于复杂的培训和系统学习

Compared with scientists, journalists do not need too complex training and systematic learning.

参考词汇

[personal judgment / learning without stereotyping / learning without too sophisticated technology / easier than mathematical calculation]

论点4: 记者可以复制网上成型的言论, 不需要有创新性和独到性

Instead of being originality, journalists nowadays can copy online comments from other critics, which reduces their work tasks.

参考词汇

[reporters only need to spread other people's opinion / rather than achieving original creativity / they can just refer to other online comments]

75. 医生病人用网络沟通 #101075

Now doctors can talk to patients by using internet-based communication in the office. Discuss the advantages and disadvantages.

如今医生可以在办公室通过基于互联网的通信方式与患者交流。请讨论其利弊。

参考

观点:

Personally speaking, there are both advantages and disadvantages if doctors talk to patients by internet-based communication in the office.

Body Paragraph 1 – 优点

优点1: 可以打破时间限制, 工作时间更加灵活

It can break the time limit and work more flexibly.

参考词汇

[online consultation / online hospital outpatient service / unlimited office space / convenient and fast communication / diagnose during after hours]

优点2: 可以及时解决病人疑问, 合理分配实体就医人数

Internet-based communication can solve the patient's question in time.

参考词汇

[simple problems can be solved quickly through the network / save the patient's time expense / relieve the pressure of the number of patients in the physical hospital / get the patient's feedback in the first time]

优点3: 可多地域专家会诊, 有效提高治愈效果

Under internet-based communications, people can consult with multiple regional experts, which can effectively increase the curative effect.

参考词汇

[network meeting expert consultation / breakthrough of geographical barriers / benefit patients with critical and complicated diseases / reduce consultation cost]

优点4: 不会占据过多的医疗资源, 节省医院成本

Internet-based communications will not occupy too much medical resources, which can save hospital

costs.

参考词汇

[network equipment is cheaper than the physical hospital outpatient service / network communication / rationalize the allocation of patients / effective use of hospital resources / reduce the cost of hospital construction]

Body Paragraph 2 – 缺点

缺点1：无法面诊，很多病需要更专业的仪器检测，误诊概率会增高，无法保证看病治疗

The probability of misdiagnosis will be increased by using internet-based communication in the office.

参考词汇

[some diseases need to be tested to be confirmed / the patient cannot fully describe his or her condition / the network cannot actually observe / resulting in too much misdiagnosis / misinformation]

缺点2：无法地面沟通，无法安慰病人，会造成医患关系紧张

Doctors are unable to communicate face to face, which will cause tension between doctors and patients.

参考词汇

[it is difficult for patients to feel the actual treatment from the network / difficult to control the patient's emotions / the network has a certain sense of unreality / increase the patient's anxiety / delay the condition]

缺点3：有网络欺诈可能，有骗取医疗保险的可能，不容易监管

There is the possibility of online fraud of medical insurance, which is not easy to regulate.

参考词汇

[the possibility of fraudulent health insurance / network is easy to leak patient information / take illegal advantage of medical insurance / difficult to supervise / increase the difficulty of medical insurance reimbursement review / patients cannot judge the medical level and qualification of doctors]

缺点4：老年人和贫穷落后地区，没有办法实现

There is hard to achieve among old people and poor and backward areas.

参考词汇

[it is difficult to realize / old people's insufficient ability to accept new things in backward areas or areas without network / the operation interface is complex / get local medical subsidies]

76. 流行文化的大学学位 #101076

Many universities offer degree courses in popular culture, such as popular music and video gaming. Do you think it is appropriate and give reasons to support your idea?

许多大学都开设了流行文化方面的学位课程，比如流行音乐和电子游戏。你认为这样合适吗？请给出理由来支持你的观点。

参考

观点1：同意

Personally speaking, it is appropriate for many universities to offer degree courses in popular culture.

论点1：流行文化也是需要系统学习的

Popular culture also needs to be learned and researched systematically.

英澳新三国（同一国家任意三所院校）

1170

免收服务费申请 扫码咨询

参考词汇

[many types of professional guidance / pop culture / it is a major degree rather than an interest in entertainment / eliminate misunderstanding of pop culture]

论点2：把流行文化作为事业发展是需要文凭的支撑的

If individuals want to pursue their career in popular culture, they should be armed with professional degree of popular culture.

参考词汇

[professional certification is more competitive / international market requires standard professional recognition / professional certification for employers]

论点3：可以鼓励更多的学生学习流行文化

Offering degree courses in popular culture can attract more students to do further study in their interest field.

参考词汇

[more popular acceptance / effective promotion of popular culture / professional certification makes more parents willing to encourage their children learn / provide more professional learning opportunities for more students / enhance the motivation of students to learn popular culture]

论点4：将流行文化的知识体系标准化，开创一门新的学科

It can standardize the knowledge of popular culture, which creates a brand-new knowledge field.

参考词汇

[to provide students with a more standardized assessment basis / determined assessment standards / complete learning structure / diversify learning classification / enhance the professionalism and pertinence of pop culture education]

观点2：不同意

Personally speaking, it is not appropriate for many universities to offer degree courses in popular culture.

论点1：流行文化发展历史短暂，很可能很快又会被淘汰

Pop culture has a short history and can easily be eliminated by the social development.

参考词汇

[there is no profound pop cultural history / the background of popular culture is weak / weak foundation / it is only a phenomenon that people are passionate about rather than a subject to be learned seriously]

论点2：更多的人去学习流行音乐，会忽视理科科目的学习

More people go to study pop music, which will neglect the scientific education.

参考词汇

[popular culture distracts students / ignores basic learning / few people interested in scientific majors, which will do harm to technology development in our society]

论点3：可能降低毕业生的整体就业率

It may reduce the employment rate of the whole university's graduates.

参考词汇

[there is little market demand for pop culture positions / pop culture does not belong to basic employment skills / pop culture changes too fast to adapt to the law of social development]

论点4: 缺少内行或专业人士作为教学人员

It is lack of professionals as teaching staff in popular culture.

参考词汇

[fewer pop culture professionals / low threshold of pop culture / uncertain teaching quality of education staff / rapid change of pop culture / cultivate more professional teaching staff]

77. 文学是浪费时间 #101077

Works of literature is a waste of time for students today. Do you believe it? Use your own experience. 如今对于学生来说, 文学作品是浪费时间。你相信吗? 结合自身经历谈谈。

参考

观点1: 同意

Personally speaking, I strongly believe that works of literature is a waste of time for students today.

论点1: 很多文化晦涩难懂, 学生们要花很长时间才能学得会

Reading literature is a waste of time because some works of literature is hard to absorb.

参考词汇

[many types of literature / hard to process the meaning of words / classical style of writing / literary theory / time consuming]

论点2: 文学研究具有个人审美差异和主观性, 不能用统一的方式去衡量学习

The study of literature is a waste of time because learning results cannot be measured in a unified way.

参考词汇

[article quality cannot be unified / individual differences and preferences / individual aesthetic differences / even though students will study hard in this major, their marks might be biased, which is a waste of their study time]

论点3: 研究文学作品是对曾经的时代的人和故事的研究, 对当今生活的现实意义不大

The study of literary works is the study of the people and stories of the past, which has little practical significance in current days.

参考词汇

[only provide knowledge out of sync / have little effect on how to create a better future life / meaningless for future social development]

论点4: 研究文学容易让人忽视现实生活, 逃避现实困难, 生活在虚幻想像中

The study of literature is easy to make people ignore the real life, escape from the difficulties of reality, and live in the illusory imagination.

参考词汇

[literary works will make some people have a fantasy / unable to accept the real life / real values distortion / escape mentality / unable to integrate into the real life]

观点2: 不同意

Personally speaking, I strongly believe that works of literature is not a waste of time for students today.

论点1: 文学研究可以帮助人们更好的了解民族文化

The study of literature can help people better understand the national culture.

参考词汇

[ethnic literature is a fast way to attract the public / understand its own culture / showing certain ethnic characteristics]

论点2: 文学研究可以提升一个人的表达能力

Literary studies can improve one's ability to express oneself.

参考词汇

[enrich your vocabulary / learn different ways of expression / improve your literary accomplishment / modify grammar in a variety of ways]

论点3: 文学研究可以鼓励人们的想象力和创造力

Literary studies can encourage people's imagination and creativity.

参考词汇

[creativity / imagination / logical thinking ability]

论点4: 文学研究可以帮助人们了解过去的历史和生活习俗

Literary study can help modern people learn more about the history and lifestyle in the past.

参考词汇

[convention; tradition / it is another pathway to learn history / understand the historical events]

78. 媒体让人隔绝真实生活 #101078

Media make people lose contact with real life, do you believe or disbelieve?

媒体使人与现实生活脱节, 你信还是不信?

参考

观点1: 同意

I totally believe that media has made people lose contact with real life.

论点1: 对于迷惑性信息越来越失去判断力

People are losing judgment of right and wrong in our real life because media provides a huge amount of misleading information.

参考词汇

[media channels / distinguish correct comments and values / critique of judgement / critical thinking / Exaggerates the fact]

论点2: 媒体成为面对面沟通的替代品

Many media channels like Facebook and Twitter are replacing face to face communication in the real world.

参考词汇

[narrowing social circle / online applications and software / isolated from social communication]

论点3: 媒体吸引人们的注意力, 导致大家不会把注意力放在学习和工作中

Media providing contents will distract people's attention from work and study in our real life.

参考词汇

[pay attention to gossip news and junk information, which is meaningless / less concentration on work and study, which makes people less competitive in their professions]

论点4: 媒体使人和人相互隔绝, 不利于创新思维的发展

Media impairs cooperative creativity and innovation that was supposed to be in our real life.

参考词汇

[isolate peers and colleagues / obstruct communication and cooperation / new ideas and innovative thoughts cannot be generated due to the lack of communication and isolation]

观点2: 不同意

I strongly believe that media do not make people lose contact with real life.

论点1: 媒体增大沟通效率

Media has made it easier for people to connect with one another, which accelerates the efficiency of communication.

参考词汇

[people's connection / lower the time cost for connecting with each other / fast-communication speed]

论点2: 媒体的出现让人们轻松扩大交友圈

Media is contributive to maintain and expand people's social circle.

参考词汇

[maintain a nice friendship based on frequent communication / share interesting information to create chatting topics / know new friends on some online media to broaden their social circle]

论点3: 媒体能够传达准确和及时的新闻

Media delivers fast and accurate information regarding what's going on in the real world, especially during wartime and pandemic situation.

参考词汇

[fast and accurate information / instant delivery of information / keep people updated / latest news]

论点4: 媒体传递各种不同的观点和评论, 可以使人们的想多更加多样

Media disseminates various opinions and comments about specific events, which makes people hold diverted views.

参考词汇

[a wide variety of unbiased opinions from professional critics / perspective/ different source of views over one current affair / thinking in diverse ways]

79. 英语全世界普及 #101079

The use of English seems to be growing as the world interconnected, what reason cause this phenomenon and what are the disadvantages and advantages of this?

随着世界日益相互连接, 英语的使用似乎在不断增长, 是什么原因导致了这一现象? 其利弊又是什么?

参考

观点:

English has been used more and more widely in the world, making it more and more interconnected. Personally speaking, it is an unavoidable phenomenon and it brings benefits/drawbacks to people's life.

Body Paragraph 1 – 什么原因造成

论点1: 说英语的国家都有很强的军事、政治和经济能力

One of the most efficient factors is that English-speaking countries hold the power of military, politic and economic.

参考词汇

[influential countries are almost all English speakers / prevalent and common language / predominant language]

论点2: 英文是世界使用人数最多的通用语言

English is the most prevalent used language in the world, and it is easy to learn for communication purpose.

参考词汇

[popular / spoken by more than 50% of people all over the world / easy-to-learn grammar / large number of English-speaking countries]

论点3: 英语是贸易和国际商务沟通的默认语言

English is the default language for international trade and multinational business.

参考词汇

[imports and exports trade in the B2B world / mega corporations with business across various countries]

论点4: 相比于其他语言, 英语更好学习

Compared with other languages, English grammar is quite easier to understand and learn to become a unified language.

参考词汇

[learning difficulty / easily understandable grammar / language learning]

Body Paragraph 2 - 优点/缺点 *以下优点或缺点任选一个

优点1: 缩小了人与人之间的沟通差距

The widespread usage of English narrows the communication gap between people from different parts of the world.

参考词汇

[communication gap / diverse countries / language usage]

优点2: 沟通进一步增长了国与国的合作, 促进经济的发展

The effective communication stimulates the cooperation opportunities between countries, and further contributes to the increase of global economy.

参考词汇

[communication efficiency / lead to an economic boost / easier to make money between companies coming from different count]

缺点1: 导致其他语言的灭绝和文化多样性

The wide use of English impairs culture diversity and leads to the extinction of minor languages.

参考词汇

[disappearance of culture / loss of cultural tradition / globalization/ Unification]

缺点2: 国际业务的扩张限制了当地企业的发展

The promotion of international businesses can harm the expansion of local businesses.

参考词汇

[fierce competition between new entrants and local business / restriction to expand due to lower purchasing capacity of the local products / slowing the business growth rate]

80. 商业企业帮助解决环境问题 #101080

Business and commercial organizations should help to solve environmental challenges. To what extent do you believe with this opinion?

企业和商业组织应当助力解决环境难题。您在多大程度上认同这一观点？

参考

观点1：同意

I strongly believe that business and commercial organizations should help to solve environmental challenges.

论点1：商业公司拥有大量的工厂和厂房，是污染来源的主要提供者

Business and commercial organizations are the main providers of pollutants as they have large number of factories and plants.

参考词汇

[toxic emissions / manufacturers produce toxic substances unavoidably during the production process / emit through the sewerage to rivers, lakes and the sea]

论点2：商业公司有足够的资金作为支柱提供有效解决方案

Commercial businesses have sufficient funds to implement efficient and effective means to solve the environmental problems.

参考词汇

[enough capital on hand / money-consuming projects / perform researches and studies]

论点3：商业公司可以召集有经验和能力的专家解决问题

Businesses have the power to unite experienced professionals and create effective solutions regarding the pollution.

参考词汇

[power to unite experts who are capable to fix the issue / unite efforts from different parties / create new solutions with smart brains]

论点4：商业企业应当履行他们的企业职责，为所作所为做出弥补

Commercial organizations are the main roots of the pollution, and they should take corporate social responsibility as a compensation.

参考词汇

[compensate their mistakes / main provider of the pollution / take the responsibility for better reputation in the public]

观点2：不同意

I strongly believe that business and commercial organizations should not help to solve environmental challenges.

论点1：解决环境问题是政府的职责所在

Governments should take the responsibilities for solving environmental issues, because different parties in the society hold different functions.

参考词汇

[main functionality is to create a greater economic value / public duty / transferring too much onto environmental problems / optimized solution for the whole society]

论点2：公司没有能力制定计划和规范流程

Business does not have the capacity to make rules, format regulations, and enforce the implementations.

参考词汇

[decision maker / public restrictions set by the government stops businesses from doing something good / complicated and time-consuming approval process]

论点3: 环境问题应当从每个人做起, 是个人的职责所在

Each person in the society holds the responsibility, because actual protections are implemented by individuals.

参考词汇

[all the companies, organizations and entities are composed of individuals / if everyone could make efforts, the society will get benefit.]

论点4: 公司和大企业的影响力有限 不能引起足够的公众认知

Although corporations and mega corporations are large, they are not influential enough to raise public awareness.

参考词汇

[propaganda could only be delivered to loyal customers / businesses don't have enough budget for conducting too much corporate social responsibilities]

81. 聆听者与倾诉者 #101081

In social situations, some people believe that it is better to be a good listener than a good talker. Do you believe or disbelieve?

在社交场合中, 有些人认为做一个好的倾听者比做一个好的交谈者更好。你相信还是不相信?

参考

观点1: 同意

In social situations, some people believe that it is better to be a good listener than a good talker. Do you believe or disbelieve?

论点1: 更容易和他人建立良好的友谊

Being a nice listener makes it easier to make connections with people and build friendship with each other.

参考词汇

[expression of gentleness and kindness / easy-going personality shown to people]

论点2: 能让对方感受到是被尊重的

Being a patient listener could help to make the other party feel being respected and valued.

参考词汇

[comfort the other party / make them feel their importance and enjoy the happiness of being the center of the conversation]

论点3: 更好的开始和他人的话题, 将话题引到他人的兴趣上

A good listener helps to steer conversation towards the other's interests, which helps to build a nice relationship between each other.

参考词汇

[find others' interests / leave a good impression / break the wall of embarrassment]

论点4: 留下更多的时间给自己思考, 更加创新

It helps in creativity generation, because it provides more opportunities for others to talk and more time for the listener to think.

参考词汇

[more time to absorb the information / get the ideas systematically in mind / opportunities given to others]

观点2：不同意

I strongly believe that it is better to be a good talker than a good listener.

论点1：好的想法应当被表达出来，有助于创意的产生

Good ideas generated during a conversation should always be expressed.

参考词汇

[stimulate innovation and generation / development of new ideas and thoughts]

论点2：积极的讨论会帮助制定好的决策计划

Talking effectively might increase the consequences of talking new strategies.

参考词汇

[more choices and options available for making decisions / effective conversation]

论点3：促进高效的沟通，减少时间的浪费

Being talkative in the group increases the strategy making efficiency and avoids unnecessary time waste.

参考词汇

[inspiring conversation environment / ideas and thoughts would get opportunities to be spoken out]

论点4：能言善辩的人总是在人群中获得最广泛的关注，从而扩充社交圈子

Nice talkers can always catch the audience's eyes and win a wide social circle.

参考词汇

[catch people's attention / broaden and widen social relationship / more willing to make friends with people who can talk about a topic on a fresh point]

82. 选工作作为工作还是兴趣 #101082

Students should choose a subject that is better to future employee rather than a subject they are interested in. What's your opinion?

学生应该选择对未来就业更有利的学科，而非仅仅选择自己感兴趣的学科。你怎么看？

参考

观点1：同意

Personally speaking, I strongly believe that students should choose a subject that is better to future employment rather than a subject they are interested in.

论点1：学生应该更现实一些，因为毕业后会面临经济问题

Students need to be realistic to solve their financial issues after graduation.

参考词汇

[heavy financial burdens / make a living / bread winner / not supported by families any more]

论点2：实用学科帮助学生制定稳定的职业规划

Practical subjects help them build a stable career prospect.

参考词汇

[zero risk for the future / income and future with no risk]

论点3: 学习对就业有帮助的学科可以帮助学生更迅速找到工作 顺利转换成为社会的一份子
Choosing a market preferred subject could make students get employed and adapted to the society in a faster speed.

参考词汇

[no waste of time for making money / transfer their roles from students to professionals and develop themselves in that particular field]

论点4: 学习对就业有帮助的学科会使得他们有长期在工作中进步的空间, 而学习有兴趣的学科只是满足短期兴趣发展

Studying a subject that is better to future employment could make students have further progress in the workplace in the future, while studying subjects that they are interested in could only satisfy the short-term interests.

参考词汇

[subjects with employment purpose are always difficult where there are lots of things need to learn / maintaining interests is quite difficult]

观点2: 不同意

Personally speaking, I strongly believe that students should choose a subject they are interested in rather than a subject that is better to future employment.

论点1: 真正的兴趣是成功最可靠的途径

A genuine interest is the surest way to succeed because you are going the work with great passion and interests.

参考词汇

[confidence to challenge yourself / not afraid to lose due to strong interests]

论点2: 获得更高的幸福感和满足感

Doing a job that you are interested in will give you great sense of happiness and fulfillment.

参考词汇

[self-motivated / happy to devote yourself to the job / enjoy your work and life]

论点3: 自己会擅长做自己感兴趣的事情, 从而赚取更高的薪水

Students would specialize in the field that they are interested in, so they can earn more money and reputation if they study and develop their career in this area.

参考词汇

[get promotion because of their efforts put into job / devote oneself into the job / be good at / be skilled in / reputable]

论点4: 选择有兴趣的专业学习会帮助学生提高学习的积极性, 成绩更好

Selecting jobs that they are interested in would motivate students to study hard and develop further in the fields that they are good at.

参考词汇

[glad to devote more time on the subjects / passionate about / motivative]

83. 使用手机的优缺点 #101083

There are more negative impacts than benefits of people using mobile devices. Do you believe?
人们使用移动设备带来的负面影响多于益处，您认同吗？

参考

观点1：更多负面影响

There are more negative impacts than benefits of people using mobile devices.

论点1：经常使用手机对视力有慢性长期的损害

Using mobile phones affect people's physical health since it harms people's eye and results in poor eyesight.

参考词汇

[long-term chronic damage / have to wear glasses all the time]

论点2：使用手机增大了人与人之间的距离

Using mobile phones isolate people from social activities, which creates distance from their relatives and friends.

参考词汇

[no chance to have face-to-face communication / difficult to contact with each other / talk to each other through a small device]

论点3：手机的应用容易造成人们分心

More usage of mobile phones distracts people from concentrating on their work or study.

参考词汇

[low work efficiency / low productivity / poor quality results]

论点4：手机上储存的个人隐私信息容易造成窃取

Cybercrime is much more prevalent now, which makes people's private information could be easily stolen through mobile devices.

参考词汇

[theft / private information / fraud / scamming / lower safety]

观点2：更多正面影响

There are more positive impacts than drawbacks of people using mobile devices.

论点1：手机实现即时沟通，节约时间成本

Mobile phone usage results in instant communication and saves a lot of time for conversation.

参考词汇

[no need to travel for a long time / real-time communication]

论点2：手机工作软件的普及增强工作效率

Using mobile phones increases people's work efficiency, since a lot of applications are available on the phone to support people work without geographic limitation.

参考词汇

[applications for video conferences / phone applications / applications used for graphic design]

论点3：手机导航让人们出行更加省时省力

Mobile phones are installed with GPS where the digital maps can to navigate destinations and know locations.

参考词汇

[navigate destinations / location identification / time saving for finding ways]

论点4: 改成手机可以让家庭成员和工作伙伴沟通更加频繁, 增进人际关系

Mobile phones have enhanced people's relationship with each other since it leads to frequent communication with family members and colleagues.

参考词汇

[make phone calls and video calls more regularly / discuss annoying personal issues in real time with intimate friends to release the stress]

观点3: 正面影响和负面影响同样多

There are as many positive impacts as drawbacks of people using mobile devices.

**从以上两个观点中各任选一个论点即可*

84. 考试应该被替换 #101084

Exams are commonly used in most schools and universities. Some people think exams should be replaced by other forms of assessment. Please discuss both sides.

考试在大多数学校和大学中都很常见。一些人认为考试应该被其他形式的评估所取代。请讨论双方。

参考

观点1: 考试应该被替换

Personally speaking, I strongly believe that exams should be replaced by other forms of assessment.

论点1: 不能公平的检验出学生对于知识的实际掌握状况

Taking merely exams is not a fair way of testing students' true level of mastery of knowledge.

参考词汇

[knowledge acquirement / only particular topics could be tested in an exam / not all topics can be covered]

论点2: 学生为了应付考试只是短期记忆知识点, 学习最终的效果不好

Students would only cram for the exam with short memories, which doesn't comply with the initial purpose of learning and studying.

参考词汇

[totally forget the knowledge after the exam / study for nothing]

论点3: 不能检验出一些更重要的软技能

Taking exams couldn't assess students' overall skills, especially the soft skills including communication skills, leadership skills, teamwork abilities and time management skills.

参考词汇

[soft skills are more important in the workplace / old-fashioned way where only theories can be tested]

论点4: 考试浪费时间

Having exams wastes a large amount of time for students that they could have devoted the time into more useful and interesting subjects.

参考词汇

[spend more time on their interests / foresee their career and future by doing more meaningful things]

观点2：考试不应该被替换

Personally speaking, I strongly believe that exams should not be replaced by other forms of assessment.

论点1：可以同时测试更多学生，提升考核效率

Taking exams improves the efficiency to assess a large number of students within a short time frame.

参考词汇

[no time to test students one by one / marking exam papers as an evaluation method is much faster for evaluating academic performance]

论点2：考试激励学生更努力学习，为在将来得到更好的职业发展

Marks motivate students and drive them to work hard for a good academic result or a better career in the future.

参考词汇

[inspired and encouraged by achieving higher marks / highly motivated to find personal interests in particular subjects]

论点3：考试检验学生相对更加公平

Exam is a relatively fair and equitable form to test students' learning progress.

参考词汇

[students are treated equally / learning results / hard work during a semester means better score in the end]

论点4：改为考试能够检验学生对于知识的真实掌握，因为考生需要在规定时间内作答出标准答案

Having formal tests could test the real learning results of the students, because they need to give out solutions within the time limit.

参考词汇

[test whether students are proficient in the learning materials / time limit without too much time to consider]

85. 年轻人25岁后才准开车投票 #101085

Some people believe that young people can do things such as driving or voting until they are at least 25 years old. Discuss and give your opinion with examples.

有些人认为年轻人至少要到25岁才能做诸如开车或投票之类的事情。对此进行讨论并给出你的观点，同时举例说明。

参考

观点1：同意

Personally speaking, I strongly believe that young people should do things such as driving or voting until they are at least 25 years old.

论点1：25岁以上的人有更加成熟的是非观，能对情况作出综合的判断

People older than 25 years old are more mature, which means they are more likely to be responsible and make comprehensive decisions.

参考词汇

[take responsibilities / with better sense of right and wrong]

论点2: 25岁以上的人从众心理弱, 不容易受同龄人的影响

People over 25 years old are less likely to mimic others' behavior, which means they are less likely to be influenced by inappropriate behavior of peers.

参考词汇

[conformity / group thinking / peer pressure / group mentality]

论点3: 25岁以上的人有更好的经济能力为自己的行为买单

People over 25 years old have stronger financial capabilities, which means they can be financially responsible for their actions to support their activities.

参考词汇

[financially responsible / pay for their activities / result of independent thinking]

论点4: 25岁以上的人有独立进行合理思考的能力, 尤其是面临困难的路况时

People over 25 years old can make independent decisions and judgements that are reasonable and reliable, especially when facing some difficulties on road.

参考词汇

[reasonable decision making / logical and critical thinking / make a quick and better reaction to protect themselves from road hazardous]

观点2: 不同意

Personally speaking, I strongly believe that young people can do things such as driving or voting under 25 years old.

论点1: 青年人应当尽早从实践中学习, 避免有能力后再次犯错

Teenagers should start to learn from practice since they are young, which makes them avoid further mistakes.

参考词汇

[learn from mistakes / differentiate the right from the wrong / have an early understanding of all the operation process]

论点2: 青年人可以向父母和老师寻求帮助

Teenagers could get advice from teachers and parents for quick learning when it comes to driving and voting.

参考词汇

[learn experience from adults / mimic their process of thinking / seek mature advice]

论点3: 青年人有更好的学习能力

Teenagers have better learning abilities which means they can grasp the gist of doing things such as voting and driving.

参考词汇

[learn how to drive in a very short time / acquire the analytical skills of voting during a relatively short term]

论点4: 年轻人应高更早的体验社会, 未来才能更好地适应社会

Early learning of how to do things like voting and driving make them adapt to the society much faster.

参考词汇

[have various life experience / master basic living capacity at a very young age]

86. 控制城市人口 靠规划还是政策 #101086

City population has been growing rapidly. To cope with this problem, should we rely on city planners or new policies?

城市人口一直在快速增长。为了解决这个问题，我们应该依靠城市规划者还是新的政策？

参考

观点1：城市规划

Personally speaking, we should rely more on city planners to make cities grow better.

论点1：城市规划师能建造更多经济适用房容纳居民

The city planners can construct comfortable and economic apartments that can accommodate more residents.

参考词汇

[architecture design / comfortable and economical accommodation / affordable for a majority of people]

论点2：城市规划师可以扩充城市版图，容纳更多居民

We should rely on urban planners to expand city area to absorb the increasing number of citizens.

参考词汇

[residential apartments / bigger urban area enlarge the city area / tackle explosive population growth]

论点3：好的城市规划能充分利用有限土地，容纳更多居民

Better architect design and city planning can take advantage of urban land to accommodation more citizens

参考词汇

[tall buildings with multiple levels / skyscrapers / increase the efficiency of land use / more people live on a same area]

论点4：好的城市规划会吸引更多外来人口开展城市建设,从而容纳更多居民

Good urban design can attract more people from rural area to help citizens build more houses and apartments to hold the increasing population.

参考词汇

[virtuous circle / motivate people from countryside to build a larger city]

观点2：优秀政策

Personally speaking, we should rely more on new policies to make cities grow better.

论点1：新政策可以鼓励人口从城市偏移到郊区

New policies released by the government solve the overcrowding problem in the city by encouraging people to move from cities to suburbs.

参考词汇

[growing urban population / encourage people to move to nearby suburbs / relieve the pressure of cities]

论点2：政府新策可以通过津贴福利的方式解决人口过高问题

Government policies solve the problem from the root by providing allowances to people who obey the population control policies.

参考词汇

[financial rewards/ One-child policy / lower parental benefits/ Higher tax for baby products / reduce birth rate in urban cities]

论点3：政府严格的政策人们更好决定是否要今后在这个城市安身立命

Stricter policies make people from rural area have a more thorough consideration regarding whether to stay or leave in cities.

参考词汇

[help people have a better understanding of the current situation of both the countries and cities/
Comprehensive decision/ People will leave the city to mitigate the population growth in urban cities]

论点4：政策可以用来更好地控制城市人口

Governments could use policies to take a better control of the population of the city by raising the immigration requirement.

参考词汇

[immigration policy / avoid people moving into the city / control the explosive population growth]

87. 网络让年轻人远离人际沟通 #101087

Internet or media is bad for young people because they make the young generation poor in communication and forming relationships. Do you believe with this opinion? Please use examples or your personal experience to support your idea.

互联网或媒体对年轻人不利，因为它们使年轻一代在沟通和建立关系方面变得能力不足。你认同这种观点吗？请用事例或个人经历来支持你的想法。

参考

观点1：同意

Personally speaking, I strongly believe that Internet or media is bad for young people because they make the young generation poor in communication and forming relationships.

论点1：网络吸引人们的大部分注意力，增大了人与人之间的距离

Internet or media makes younger generation become more isolated because it distracts their attention.

参考词汇

[be addicted to online games / reduced the chance of relationship building / isolate one from another / weaken friendship and interpersonal relationship]

论点2：网络占用人们的大部分时间，使得人们没时间认识新朋友

Internet or media takes up most of teenagers' time, so they don't have chance to meet new friends.

参考词汇

[exhaust their time / attract younger generation to browse websites all day long / lose opportunity to form new friendship]

论点3：网络和媒体阻止人们面对面交流，让大家丧失沟通能力

Internet and media isolate teenagers from face-to-face communications, which makes them lack communication skills

参考词汇

[chat with friends using stickers and emojis online rather than using words to express feelings / lack of face-to-face interactions]

论点4：沉迷于网络让青年人在现实世界中说话感觉焦虑，难以扩充社交圈

Teenagers might be addicted to internet and feel nervous to talk to others in the real world, which makes them difficult to broaden social circle.

参考词汇

[be addicted to the Internet / nervous / anxious / enlarge and expand their social circle in the future]

观点2：不同意

Personally speaking, I strongly believe that Internet or media is good for young people's communication and friendship.

论点1：新闻在媒体和网络上播放，让年轻人有更多的话题

News in social media have become an important component in people's daily life, so they have more conversation topic in common.

参考词汇

[share interesting news through online chatting room / information in online media can attract teenagers' attention, so they will discuss those topics together, strengthening their friendship]

论点2：人们都在社交媒体上沟通联络彼此

People nowadays get connections with each other using phone applications and communication software, including Facebook and Twitter.

参考词汇

[virtual connections / increasing the interaction between friends and classmates / enhance their friendship]

论点3：年轻人在网络上更容易发现志趣相投的伙伴

Young people find peers with same interests online, which increases their sense of happiness.

参考词汇

[people with the same interests / potential friendship / find friends that have same opinion regarding one topic or events]

论点4：网络和媒体的出现有助于维持一段远距离关系

People in long-distance get connected with each other through the Internet, which consolidate the relationship between each other.

参考词汇

[long-distance relationship / efficient communication / consolidate the relationship with each other]

88. 参加个人或团体运动 #101088

People should take part in sports either in individual or in teams, because people can learn many useful skills. How far do you agree? Explain and use examples or your own experience.

人们应该以个人或团队的形式参与体育运动，因为人们能够学到许多有用的技能。你多大程度上同意这一观点？请解释并举例说明或结合自身经历。

参考**观点1：同意**

Personally speaking, people should take part in sports either in individual or in teams, because people can learn many useful skills.

论点1：运动可以提升人们专注力

Taking part in sports either in individual or team can enhance concentration skills.

参考词汇

[running / focus on / immerse in / endurance / long-term practice / dullness]

论点2：运动可以加强人们的学习能力

Participating in sports either in individual or team will reinforce learning skills.

参考词汇

[swimming / breathe / float / balance between arms, body and legs / comprehension and understanding]

论点3: 运动可以提高人们的抗压能力

People taking part in sports either in individual or team will improve people's ability to release pressure.

参考词汇

[handle, deal with / relieve stress / relax mind / tension / calm / nervous system / jogging / boxing]

论点4: 运动可以提高人们的快速反应能力

People taking part in sports either in individual or team can increase people's rapid-reaction capability.

参考词汇

[response, respond, responsiveness / react, reaction / immediate / fencing / boxing]

观点2: 不同意

Personally speaking, it is unnecessary that people take part in sports either in individual or in teams.

论点1: 运动会耽误学业

Taking part in sports either in individual or team will negatively influence their academic performance.

参考词汇

[divert one's attention / distraction / waste of time and energy]

论点2: 运动可能会对身体造成伤害

Taking part in sports either in individual or team may lead to injury and irreversible damage.

参考词汇

[excessive exercise / extreme sports / risk their lives / challenge the limits / last a lifetime]

论点3: 运动花费高

Taking part in sports either in individual or team may cost people a lot of money.

参考词汇

[cost for training / membership / extreme sports / take coaching classes / entrance fees / gym]

论点4: 运动耗时间

Taking part in sports either in individual or team may waste people large amount of time.

参考词汇

[spend time training / time consuming / long period of training / gymnastics / figure skating]

89. 男女适合不同的职业 #101089

There are more men or women in certain jobs and there's nothing we can change about it. Do you agree with that?

有些工作男性或女性从业者更多, 对此我们无能为力。你同意这种说法吗?

参考

观点1: 同意

Personally speaking, there are more men or women in certain jobs and there is nothing we can

change about it.

论点1: 女性天生没有男性身体强壮

Male is inherently stronger than female so more men will be engaged in physically demanding jobs.

参考词汇

[suitable for / physically intensive jobs / strength differences / muscle mass]

论点2: 男生天生没有女生有耐心

Male is inherently less patient than women so women will be engaged in jobs that require more emotional intelligence.

参考词汇

[require high level of patience / more sympathy / endurance / emotion adjustment]

论点3: 男生天生没有女生细心

Male is inherently not as careful as female, so more women are in positions that are detail-oriented.

参考词汇

[delicate / sensitive to details / cautious / good at observing]

论点4: 女生天生没有男生理性

Female is inherently not as rational as male so more men will be in charge of jobs that require logic and objectivity.

参考词汇

[emotional creatures / think emotionally / sensible / objective / subjective]

观点2: 不同意

Personally speaking, I don't agree that there are more men or women in certain jobs and there is nothing we can change about it.

论点1: 能力是可以培养的

Working skills can be trained and learned accordingly for certain jobs.

参考词汇

[foster capabilities / consistent practice / different gap can be narrowed]

论点2: 思维可以根据不同的职业做出不同的调整

People can adjust their thinking mode to suit for different jobs no matter men or women.

参考词汇

[subjective initiative / adapt to / fit for / certain types of position / stereotypes]

论点3: 可以通过自己后天努力弥补不足

People can make up the deficiency through own efforts to meet their job requirements.

参考词汇

[persist / overcome defects / gap / differences]

论点4: 环境因素能够影响人们改变行为迎合工作所需

Environmental factors can make people change their behaviors to suit the needs of the job.

参考词汇

[family background / incentives / motivation / social circle]

90. 气温升高的起因和解决方案 #101090

Scientists believe that the increasing average temperature is an issue. What caused global warming and present solution to reduce its effect.

科学家们认为平均气温的不断上升是个问题。阐述导致全球变暖的原因，并提出减少其影响的解决方案。

参考

观点：

Personally speaking, I think global warming is caused by (任选一个原因) and there are some solutions can be applied to reduce its effect.

Body Paragraph 1 - 原因

原因1：汽车尾气

Global warming is caused by the carbon dioxide emissions released by the vehicles.

参考词汇

[fossil fuels / atmosphere / greenhouse gases]

原因2：森林退化

Global warming is caused by the phenomenon of deforestation.

参考词汇

[absorb carbon dioxide / act as carbon sinks / vegetation coverage]

Body Paragraph 2 - 解决方法

方法1：使用可再生能源

Some renewable source can be used to reduce the effect.

参考词汇

[cleaner and more efficiently / wind or solar energy / geothermal resources]

方法2：使用公共交通

People can use public transportation more often to reduce the effect.

参考词汇

[less private vehicles / contain more people / environmentally friendly / less green-house gas emissions]

91. 学校注重考试而非教育 #101091

In schools, there is too much emphasis on training children to pass exams rather than teaching children. How far do you agree with this? Show reasons with your experience.

在学校里，人们过于注重训练孩子通过考试，而非教导孩子。您在多大程度上认同这一观点？请结合您的经历说明理由。

参考

观点1：同意

Personally speaking, there is too much emphasis on training children to pass exams rather than teaching children in schools.

论点1：实践能力是更有利于职业发展的

Schools should focus on teaching practical skills which are more critical in the future job hunting.

参考词汇

[communication skills / problem solving skills / time management skills / merits seek by employers]

论点2: 学校过分注重考试会导致学生压力过大

Solely emphasizing on training for passing tests will result in unbearable stress for children.

参考词汇

[excessive burden of studies / lack of sleep and rest / mental issues / psychological burden]

论点3: 学校应该培养学生解决问题能力

Schools should focus on children's training of problem-solving skills rather than just focus on passing exams.

参考词汇

[real situation / deal with difficulties / tackle / adjust / unable to deal with problems flexibly]

论点4: 学校应该培养学生批判性思维

Schools should focus on training children to think critically rather than just focus on preparation for exams.

参考词汇

[brainstorm / rote memorization / rote learning / flexible / see things from different angles]

观点2: 不同意

Personally speaking, schools should emphasize on training children to pass exams rather than teaching children.

论点1: 考试有助于巩固理论知识

Training for exams can help student consolidate the theoretical knowledge.

参考词汇

[work hard / higher grades / deeply understand / explicit learning results]

论点2: 多考试提高成绩是找到好工作的基础

Decent academic performance achieved by intensive exercises to pass exams is the basic to find a satisfying job in the future.

参考词汇

[good grades, scores / future career / gain an edge over other candidates / have an advantage over others]

论点3: 考试有益于提高应试能力

Adequate preparations for examinations are beneficial to improve children's test-taking ability.

参考词汇

[take exams / test skills / study for the tests / cope with pressure]

论点4: 考试能检测出对知识的吸收程度

Exams can reflect the extent of students' comprehension of knowledge they learned in class.

参考词汇

[ask for a clear logic to answer the question by applying the relevant fundamentals / deeper understanding / strengthens and weaknesses]

92. 商业组织应该帮助解决全球问题 #101092

The statement “business and commercial organizations of any kind need to work hard to help with environmental challenges that faced by the whole world.” To what extent do you agree with this? Talk about your view.

“任何类型的商业和商业组织都需要努力帮助应对全世界面临的环境挑战。”您在多大程度上同意这一说法？谈谈您的看法。

参考

观点1：同意

Personally speaking, business and commercial organizations of any kind definitely need to work hard to help with environmental challenges that faced by the whole world.

论点1：它们是污染的主要来源

Business and commercial organizations of any kind are the major source of environment pollution.

参考词汇

[discharge of pollutants / atmospheric contamination / the ones to blame / consume large quantity of natural resources]

论点2：它们可以引导消费者的行为

Business and commercial organizations have great impacts on shaping the customers' behavior to tackle the environmental challenges.

参考词汇

[loyal customers / environmentally friendly materials / plastic bags / shape people's opinions]

论点3：它们有充足的资金

Business and commercial organizations have sufficient funds to protect environment.

参考词汇

[advertisement / the publicity of environmental protection / sustainable production method / more investments for marketing and campaign to increase public awareness]

论点4：它们有企业社会责任心

Business and commercial organizations have corporate social responsibility to protect environment.

参考词汇

[strong sense of responsibility / organization culture / promise / the enterprise spirit]

观点2：不同意

Personally speaking, I strongly disagree that business and commercial organizations of any kind need to work hard to help with environmental challenges that faced by the whole world.

论点1：它们不能做出理性的判断

Business and commercial organizations could not make wise and unbiased decisions.

参考词汇

[limited information / profit driven / unwilling to sacrifice / rational decisions]

论点2：它们并不专业

Business and commercial organizations do not have professional knowledge to solve environmental problems.

参考词汇

[specialize in running business / lack of proficiency / getting the situation even worse]

论点3: 小企业没有充足资金没法负责

Small business and commercial organizations do not have adequate funds to solve environmental problems.

参考词汇

[research team / high cost / green technology / clean energy / heavy investment / small business]

论点4: 对于没有产生污染的企业不需要负责

Business and commercial organizations that do not produce pollution has no responsibility for environmental issues.

参考词汇

[service industry / heavy industry / be responsible for / take charge of / pollutants / large amount of emission]

93. 社会大学和学位哪个重要 #101093

The university of life or a university degree, which one is more important? Use your own experience.

生活这所大学和大学学位, 哪一个更重要? 请结合自身经历谈谈。

参考

观点1: 社会大学更重要

Personally speaking, the university of life is more important.

论点1: 可以学到学校里学不到的实践技能

The university of life can help people acquire practical skills which cannot be learned from schools.

参考词汇

[communication skills / problem solving skills / time management skills / merits seek by employers]

论点2: 可以获得最新的信息

The university of life provides students with better access to the latest information which cannot be acquired from schools.

参考词汇

[timely information / practical, valuable experiences / update knowledge immediately]

论点3: 可以拓展人脉

The university life is more effective to help people to enlarge their social circles than a university degree.

参考词汇

[meet people with different backgrounds / people from different fields / expand / make new friends]

论点4: 积累经验对未来职业发展有帮助

The university of life is more beneficial to people's future career development than a university degree.

参考词汇

[accumulate work experience / make a clear career direction / experience different thing]

观点2: 大学学位重要

Personally speaking, a university degree is more significant than the university of life.

论点1: 是找到好工作的基础

A university degree plays a significant role in hunting a good job.

参考词汇

[systematic professional learning / career development / job hunting / basic requirements / valued by employers]

论点2: 提高社会地位

University degree can improve people's social status.

参考词汇

[valuable social network / decent background / easier to contact with people from upper class]

论点3: 培养专业技能

A university degree provides related professional training and helps people to obtain solid theoretical knowledge.

参考词汇

[academic knowledge in relevant fields / theoretical foundation / vocational training / internship]

论点4: 在劳动力市场上有相对优势

People with higher university degree have a comparative advantage among other candidates in the job market.

参考词汇

[educational requirement is deemed by the employer as essential to satisfactory performance in that job / objective evaluation / hiring process]

94. 城市空间拥挤, 有何良策 #101094

As urban population growing, city roads are busy and public areas such as parking is packed. People feel that city space is overcrowded. What solutions can you think of for this problem?

随着城市人口的增长, 城市道路变得繁忙, 诸如停车场之类的公共区域也人满为患。人们觉得城市空间过于拥挤。对于这个问题, 你能想到什么解决办法?

参考

观点: 解决方案

Personally speaking, I think there are many solutions to deal with the problem.

论点1: 扩展城市交通

Government should establish more advanced public transportation system.

参考词汇

[build more road / highway / subway / upgrade the infrastructure]

论点2: 制定政策鼓励人们去偏远地区

Government can formulate policies to encourage people to move to suburbs or rural areas.

参考词汇

[encourage / new migrants / favorable policy / remote region]

论点3: 限制道路上机动车数量

Government can limit the numbers of vehicles on the road and ease the traffic pressure.

参考词汇

[odd-and-even license plate rule / address traffic congestion / private automobiles]

论点4：平房变高楼

Governments can construct more high-rise buildings rather than bungalows.

参考词汇

[accommodate more people / vertical design / efficient utilization of space / less occupied area]

95. 高中毕业后该找工作还是读大学 #101095

Some people think school leavers should go to find a job rather than university education. Others think the university education is essential for professional development. What's your opinion of these two views?

有些人认为中学毕业生应该去工作而不是接受大学教育。另一些人则认为大学教育对于职业发展至关重要。对于这两种观点，你有什么看法？

参考

观点1：找工作

Personally speaking, I think school leavers should go to find a job rather than university education.

论点1：实现经济独立

Finding a job rather than university education enables people to achieve economic independence.

参考词汇

[earn money / make ends meet / make a living / less financial burden]

论点2：把理论付诸于实践

Finding a job rather than university education can provide school leavers opportunity to apply the theoretical knowledge into real life.

参考词汇

[develop valuable working skills / scenario / narrow the gap between school taught knowledge and practice]

论点3：扩大社交圈

Finding a job rather than university education can enlarge people's social circle.

参考词汇

[meet people with different backgrounds / people in different fields / social network / extend]

论点4：提高软技能

Finding a job rather than university education can improve people's soft skills.

参考词汇

[communication skills / teamwork spirits / interpersonal skills / problem solving skills]

观点2：读大学

Personally speaking, leavers should choose university education rather than finding a job.

论点1：学习专业知识有利于职业发展

A university education can equip students with professional knowledge which is useful for career development.

参考词汇

[comprehensive knowledge / job opportunity / highly competent people / expertise in a particular field]

论点2: 提高社会地位

A university education can improve school leavers' the social status.

参考词汇

[valuable social network / decent background / easier to contact with people from upper class]

论点3: 明确职业方向

A university education is advantageous to make a clear career direction.

参考词汇

[what fields you are interested in / specialized knowledge / professional knowledge / when take the course]

论点4: 高文凭提高找工作的相对优势

People with higher university education have a comparative advantage among other candidates in the job market.

参考词汇

[educational requirement is deemed by the employer as essential to satisfactory performance in that job / basic requirement / minimum requirement / objective evaluation / hiring process]

96. 科技让生活更有趣 #101096

Technology allows us to have a useful and interesting life than in the past. Do you agree or disagree?

科技让我们过上了比过去更有用且有趣的生活。你同意还是不同意?

参考

观点1: 同意

Personally speaking, technology allows us to have a useful and interesting life than in the past.

论点1: 让人们联系更紧密

Technology allows us to have a useful and interesting life because it enhances people's connectivity.

参考词汇

[social media / information sharing platform / hyper-connected society / communicate without geographic barriers and time limits]

论点2: 人们可以及时获得资讯

Technology allows us to have a useful and interesting life because people can assess timely information via internet.

参考词汇

[internet has no time limits / acquire the latest news at any time / gathering useful and valuable information / facilitate distant learning]

论点3: 增加了娱乐项目

Technology diversifies the ways of entertainment.

参考词汇

[TV programs / series / shows / music player / events live streaming / broadcasting / social network / online games]

论点4: 提高工作效率

Technology can boost working efficiency and productivity.

参考词汇

[simplify the procedures of doing things / computerized, computerization / intelligent products / multitasking]

观点2：不同意

Personally speaking, I don't agree that technology allows us to have a useful and interesting life than in the past.

论点1：人与人变得疏远

Technology distracts people from social life and isolate them.

参考词汇

[social media has ingrained in lives / lack of face-to-face communication/ Indulge in virtual reality]

论点2：人们变得懒惰

Technology makes people become lazy, resulting in a dull life.

参考词汇

[easily get access to all kinds of information / a simple click of a button / rely solely on the technology / lack of impetus to have a try]

论点3：使人们犯罪

Technology tends to induce people to commit crime.

参考词汇

[internet fraud / violent information / sexual information on the website / accelerate the spread of negative information / mimic behaviors]

论点4：技术会侵犯人的隐私

The development of technology increases the risk of privacy leakage and raise people's concern.

参考词汇

[erode people's private life / security / personal information / let out]

97. 懒惰的新闻报道已成为家常便饭 #101097

The lazy journalism has become commonplace in today's digitalized world. Explain what is it and the cause of it?

在当今数字化的世界里，偷懒的新闻报道已屡见不鲜。请解释一下这是什么以及其成因？

参考

观点：

Personally speaking, I will explain what lazy journalism is and the cause of it.

Body Paragraph 1 - 解释定义 *围绕参考定义来写

参考定义：懒新闻

Lazy journalism is defined as a report lack of original idea or journalists don't check the authenticity of the stories.

参考词汇

[irresponsible journalism / writer / veracity / number of sources / simply collect information together / without further examination]

Body Paragraph 2 - 解释原因

原因1: 新闻行业的畸形竞争

Poor journalism is caused by the unhealthy competition in the news industry.

参考词汇

[try hard to become the first reporter of the news / focus on the speed instead of the quality of news / front page / attractive headline]

原因2: 记者为了自身利益

Poor journalism is caused by the collapse of journalism attitude.

参考词汇

[pursue the short-term profit / cater for the masses / violate, against the values / fake news / fabricate the truth]

98. 政府不应该承诺经济持续增长 #101098

Governments promise continuous economic growths, but it's actually an illusion. Some people think that governments should abandon this. Please talk about the validity and the implications.

政府承诺经济持续增长，但这实际上是一种错觉。有人认为政府应当放弃这种做法。请谈谈其合理性和影响。

参考

观点:

Personally speaking, it is invalid for government to promise continuous economic growths and there are some negative implications.

Body Paragraph 1 - 政府承诺经济持续增长不现实

原因1: 全球化让经济变化捉摸不定

The validity of governments' promises should be doubted because globalization brings uncertainty to the economic development.

参考词汇

[enjoy financial benefits and suffer from financial crises at the same time / economic ties / increase the uncertainty and instability]

原因2: 经济有自身的规律，不受政府控制

Governments cannot fulfill the promise of continuous economic growths as the economic cycle is beyond the control of governments.

参考词汇

[economy fluctuates between periods of growth and recession / thrive and recess based on the stages of business cycle / the nature of market economy]

Body Paragraph 2 - 政府承诺所带来的不好后果

缺点1: 政府失去民心

Failed promise will result in the loss of confidence in the government.

参考词汇

[voters / disappointed / promise turned out to be an illusion / reputation / mismatch between expectation and real life]

缺点2: 投入的成本、人力、时间都会浪费

The costs, labors and time that have been invested will be in vain.

参考词汇

[human, physical and financial resources / waste in time / financial burden to both government and individuals]

99. 人类活动导致气温上升 #101099

Lots of scientists agreed that human activities increase global temperatures. Do you agree? Please give solutions for global warming.

许多科学家都认为人类活动导致全球气温升高。你同意吗? 请给出应对全球变暖的解决方案。

参考

观点:

Personally speaking, I agree that human activities increase global temperature and there are some solutions for global warming.

Body Paragraph 1 - 人类活动使得全球气温变暖

原因1: 燃油汽车的使用

The prevalent use of conventional petrol cars leads to surged levels of burning fossil fuels.

参考词汇

[private vehicles / carbon dioxide emissions / greenhouse gases / heat island effect]

原因2: 砍伐树木

Deforestation causes less trees to absorb excessive carbon dioxide.

参考词汇

[absorb carbon dioxide / act as carbon sinks / vegetation coverage]

Body Paragraph 2 - 解决方法

方法1: 用电动车代替燃油汽车

People can replace petrol cars with electric ones.

参考词汇

[encourage the use of green vehicles / renewable resource / new energy]

方法2: 减少森林砍伐

People should use more recycled products rather than constantly cutting down trees.

参考词汇

[go paperless / use digital material / reuse and recycle]

100.先天因素和后天因素哪个更加影响人们的性格和行为 #101100

Scientists have been debating the impact of nature and nurture on people's personality and behavior. Which one do you think has a greater influence on people's personality and behavior?

科学家们一直在争论先天和后天对人的性格和行为的影响。你认为哪一个对人的性格和行为有更大的影响?

参考

观点1：先天因素

Personally speaking, nature has a greater influence on people's personality and behaviors.

论点1：基因决定了人的性格和行为

People's personality and behaviors are inherently determined by genetic code.

参考词汇

[act on / formation of personality / collectively / cognitive and perception ability / nature side of the theory / genetic information / personality traits]

论点2：祖先决定了人的性格和行为

People's personality and behaviors are inherently caused by our recent ancestors.

参考词汇

[psychodynamic theory / unconscious / Freud / interactions / fundamental part of our personality / comprised of memory from our ancestors]

论点3：遗传决定了人的性格和行为

People's personality and behaviors are inherently caused by inheritability.

参考词汇

[biparental inheritance / traits / genetic in origin / similarity]

观点2：后天因素

Personally speaking, nurture has a greater influence on people's personality and behaviors.

论点1：家庭环境

Family relationship plays a major role in forming personality and behaviors.

参考词汇

[parents behaviors / natural prototype / first teacher / the closest interaction / mimic]

论点2：居住环境

Living environment and condition will have greater influence on people's personality and behaviors.

参考词汇

[urban areas / countryside / mindset / nourish by the atmosphere / character shaping / setbacks]

论点3：教育水平

Educational level is pivotal in influencing people's personality and behaviors.

参考词汇

[expand horizons / sense of value / field of vision]

论点4：社交圈

Social circle has a greater impact on shaping people's personality and behaviors.

参考词汇

[mimic behaviors / subtle influence / assimilation / colleague / friends / blend in with the crowd]

观点3：先天和后天因素共同作用

Personally speaking, both nature and nurture have influences on people's personality and behaviors.

*从以上两个观点中各任选一个论点即可

101.学生能不能自己选择去不去上课 #101101

Some people think students should attend all classes they enrolled in, but other people believe that students can choose to attend the classes or not. Give your own opinion.

有些人认为学生应该参加他们所选修的所有课程，但另一些人则认为学生可以自行选择是否参加课程。给出你自己的观点。

参考

观点1：参加所有课程

Personally speaking, students should attend all classes they enrolled in.

论点1：系统地吸收老师教的知识

Attending all classes they enrolled in can help them build a systematic theoretical knowledge.

参考词汇

[class schedule / scientifically designed / concepts and knowledge taught in different classes are intertwined]

论点2：充分利用教学资源

Teaching facilities can be fully used if students attend all classes they enrolled in.

参考词汇

[more opportunities / clarify questions in time / lecturer / academic resources]

论点3：更好查缺补漏

Attending all classes they enrolled in can help them to fill a vacancy leak.

参考词汇

[more interactions with teachers and peers in class / quick feedbacks from teachers / deeply understand the knowledge]

论点4：有益于提高学习成绩

Attending all classes they enrolled in is beneficial to their academic performance.

参考词汇

[peer support / discuss with classmates / share ideas / enhance motivation]

观点2：自主选择

Personally speaking, students can choose to attend the classes or not.

论点1：自主安排学习时间

Students can actively attend the classes based on their own schedule.

参考词汇

[cater to / personalize their own study plan / more zealous and energetic / flexibility]

论点2：节约时间

Students should choose to attend the classes by themselves because it can save a lot of time.

参考词汇

[based on their own knowledge base / internship / review / listen to the recording]

论点3: 有更多的自由度去做想做的事情

Students have more freedom to do things they like if they do not have to attend all classes.

参考词汇

[take part-time job / meaningful things / time management / interested in]

论点4: 有更多兴趣去学习, 提高学习表现

Students should choose to attend the class by themselves because it can stimulate students' interests in learning.

参考词汇

[self-motivated / choose the class they are more interested in / academic performance]

102.新员工比老员工更有技能知识 #101102

Some people think that younger employees often have more skills, knowledge and motivation than the old employees. To what extent do you agree with it? Use your experience.

有些人认为年轻员工往往比年长员工拥有更多的技能、知识和积极性。您在多大程度上同意这种观点? 请结合您的经历阐述。

参考

观点1: 同意

Personally speaking, younger employees often have more skills, knowledge and motivation than the old employees.

论点1: 新员工接受了更前沿的教育

Younger employees receive cutting-edge education.

参考词汇

[more prone to / updated / emerging technologies / creative mind / think outside the box]

论点2: 新员工更有活力

Younger employees have more energy and eagerness that drive them to learn and explore more.

参考词汇

[willing to learn more / new to the industry / cannot wait to apply the theory into practice / the excitement of novelty]

论点3: 新员工更容易被激励

Younger employees are more easily to be motivated.

参考词汇

[incentives / motivate, motivation / chase promotion / poorly-paid force / physiological needs]

论点4: 新员工更有包容性

Younger employees are more inclusive than old employees.

参考词汇

[quick learner of new knowledge and skills / accept other's opinions or suggestions modestly / break convention]

观点2: 不同意

Personally speaking, old employees often have more skills, knowledge and motivation than

younger ones.

论点1: 老员工更有经验和行业知识

Old employees have more experience and industry knowledge than young employees.

参考词汇

[problem solving skills / think deeply and profoundly / familiar with the industry / accumulated experiences from years of practice]

论点2: 老员工经济压力大更有动力

Old employees have more financial burden driving them to work harder than young employees.

参考词汇

[responsibility for raising family / family pressure / financial burden from every sphere / greater motivation / better work performance]

论点3: 老员工有更强的应变能力

Old employees have the strong ability to accommodate alterations.

参考词汇

[flexible, Flexibility / deal with problems / experience more / adapt and change / reaction capability]

论点4: 老员工想要有更高的社会地位

Old employees have strong motivation to get higher social status.

参考词汇

[self-actualization / self-esteem / pursue / not just material pursuit / self-worth]

103.大学离家近和远的优缺点 #101103

Please write an essay to discuss both advantages and disadvantages of these two choices: students choose universities where near home, or students choose universities that are far away from home.

请写一篇议论文, 探讨这两种选择的利弊: 学生选择离家近的大学, 还是选择离家远的大学。

参考

观点:

Personally speaking, there are both advantages and disadvantages of these two choices that students choose universities where near home and students choose universities that are far away from home.

**body paragraph1 写离家近的优缺点; body paragraph2 写离家远的优缺点*

Body Paragraph 1 – 大学离家近 *以下优点和缺点中任意各选一个组成这一段

优点1: 节省时间

Choosing university near home can save a considerable of time.

参考词汇

[no need to / spend time on / commuting from school to home / transport]

优点2: 节约交通费

Students can spend less money on commuting if they choose universities near to home.

参考词汇

[fees on public transportation / huge number of amount / main part of daily expense]

缺点1：无法拓展社交圈

Living too close to university will limit student's social circle.

参考词汇

[share daily life with old friends / meet new people / expand social networks / follow the same routine]

缺点2：没有新的生活体验

Students will miss a great chance to have a new life experience if they live near to the universities.

参考词汇

[encounter different people and things / completely new environments / more challenges / expose to the local culture]

Body Paragraph 2 – 大学离家远 *以下优点和缺点中任意各选一个组成这一段

优点1：拓展社交圈 *注意和“离家近”的缺点1不要同时使用

Students living far away from the universities has a great chance to expand their social network.

参考词汇

[meet new people / immerse in new environment / communication skills / broaden horizons]

优点2：培养独立生活能力

Choosing universities far away from home will cultivate students' ability of living independently.

参考词汇

[assistance from parents / tie one's own shoestrings / fend for oneself / accommodation / responsible]

缺点1：浪费时间 *注意和“离家近”的优点1不要同时使用

Students will waste a huge time on commuting if they live far away from the universities.

参考词汇

[time-consuming transportation / sacrifice the study time]

缺点2：心理压力

Students who choose universities far away from home might suffer from homesickness and bear psychological burden.

参考词汇

[without support from parents / have difficulty in blending in with the new crowds / mental pressure / anxiety]

104.学校用电脑代替书本 #101104

Nowadays in some schools, textbooks have been replaced by notebook computers. Are you supportive to this phenomenon? Give your reasons and support with your own experience.

如今在一些学校，笔记本电脑已经取代了课本。你支持这种现象吗？给出你的理由，并结合自身经历加以说明。

参考

观点1：支持

I am supportive to the phenomenon that textbooks have been replaced by notebook computers.

论点1：减轻财政负担

It can ease schools' financial burden.

参考词汇

[no need to print out tons of textbook / reduce the cost / release financial pressure]

论点2: 学生读到更多书

Students can have access to more books and academic resources online.

参考词汇

[have larger storage / internet connection / no time limit / update quickly]

论点3: 提高学习效率

It can increase students' learning efficiency.

参考词汇

[key words searching on the computer / more time left to do other things / no need to spend hours to find books on the bookshelves in the library]

论点4: 节省学生空间

This replacement can help students to save space.

参考词汇

[portable / small size / USB / no need to carry amount of books / heavy]

观点2: 不支持

I am not supportive to the phenomenon that textbooks have been replaced by notebook computers.

论点1: 对于学校来说设备开销大

It will cost schools a huge amount of money to purchase the equipment and computers.

参考词汇

[maintenance and update / recruit technical staff / related expenses]

论点2: 降低学习效率

It will decrease the study efficiency.

参考词汇

[distracting functions / addicted to / academic performance / inconvenient to take notes / highly rely on the internet connection]

论点3: 影响视力

It will damage students' eyesight.

参考词汇

[impair vision / stare at computer screen / dryness of eyes / eyestrain / reflections]

论点4: 对学生来说增加开销

It will increase students' financial burden.

参考词汇

[purchase electronic equipment / expensive / portable electronics]

105.每个人都必须学一门外语吗 #101105

In globalization, it is impossible to succeed if you cannot speak at least one foreign language. Do you think everyone must learn at least one foreign language?

在全球化进程中，如果不会说至少一门外语，就不可能成功。你认为每个人都必须至少学习一门外语吗？

参考

观点1：同意

Personally speaking, everyone must learn at least one foreign language to succeed in globalization.

论点1：在职场中失去相对优势，从而影响成功

You cannot have a comparative advantage in the labor market without, which would undermine the chances of success.

参考词汇

[multinational enterprises / meet a job's basic qualifications / show no advantage among other candidates / cooperate with foreign colleagues / negotiate or communicate with foreign clients]

论点2：无法在国外学习先进的知识，从而影响成功

You cannot learn foreign advanced knowledge to succeed.

参考词汇

[abundant educational resources in foreign languages / qualified professors, Experienced teaching faculty in foreign countries / well-planned teaching / expand horizons]

论点3：不能很好的与他人沟通，从而影响成功

You cannot communicate with other people from other countries in the context of globalization, which would undermine the chance to success.

参考词汇

[life skill / cultivate / interacting with people / make a living / earn money]

论点4：不能拓展社交圈，从而影响成功

You cannot have a wider network to help you get succeed.

参考词汇

[unique opportunity / wider social network / personal and professional lives / lifelong friendships]

观点2：不同意

Personally speaking, I disagree that everyone must learn at least one foreign language to succeed in globalization.

论点1：有翻译人员和翻译工具

The translation tools and interpreters can assist you to succeed.

参考词汇

[specialized translator / effective communication / without language barriers]

论点2：在当地企业不需要懂外语，也可成功

You can succeed in local enterprises without learning foreign language.

参考词汇

[local corporations that not affected by globalization / no cooperation with foreign companies / no language barriers]

论点3: 学外语并不是成功的唯一条件, 出色个人品质对成功更重要

Instead of learning a foreign language, outstanding personality qualities are more of a necessity of success.

参考词汇

[personal traits / social competence / self-management ability / perseverance and ambition]

论点4: 学外语并不是成功的唯一条件, 实操技能才是

Success is not solely depending on learning a foreign language, whereas practical skills is more critical to one's success.

参考词汇

[problem solving skills / time management skills / learning skills / beneficial for all different areas]

106.全球化谁最受益 #101106

Globalization has brought people closely together, especially in culture, communication and business field. Who do you think would benefit the most from globalization?

全球化使人们在文化、交流和商业领域紧密相连。你认为谁会从全球化中获益最多?

参考

观点1: 个人在全球化中是最受益的

Personally speaking, individuals would benefit the most from globalization.

论点1: 开拓眼界

Globalization can broaden individuals' horizons.

参考词汇

[explore new cultures / interact with people from different cultural backgrounds / learn new knowledge]

Individuals can purchase imported goods that are brought by globalization.

参考词汇

[consume imported products in domestic markets / without geographical limitations / international trade / trade liberalization]

论点3: 能够感受不同的国家文化

Individuals can have a chance to experience different cultures when immersing in globalization.

参考词汇

[get access to / cultural diversity / various background and living style / share different views and values]

论点4: 能够接受全球范围内的先进的教育

Individuals can have access to advanced education on a global scale.

参考词汇

[unique teaching methods in foreign land / exchange opinions / latest academic materials / technological breakthroughs]

观点2: 企业在全球化中是最受益的

Personally speaking, enterprises would benefit the most from globalization.

论点1: 改进生产和管理方式

The production and management method of business can be improved from globalization.

参考词汇

[introduce advanced technology / sophisticated equipment / bring progressive management / boost productivity]

论点2: 降低成本

Enterprises can lower their costs through globalization.

参考词汇

[outsourcing / imported materials with low price / global division of labor / suppliers on a global scale]

论点3: 获得最新的技术

Enterprises can gain the latest technological breakthroughs generated by globalization.

参考词汇

[scientific achievements / applied technology in manufacture / advanced research equipment]

论点4: 招揽全世界的人才

Enterprises can recruit elites and talents from worldwide.

参考词汇

[high-quality personnel / competitive edge / effective and efficient / high-leveled skilled labor]

107.生活经验和好学历哪个对找工作更有帮助 #101107

Life experience and good qualifications, which one is more helpful in finding a job?

生活经验和良好的资质, 哪一个在找工作时更有帮助?

参考

观点1: 生活经验

As far as I'm concerned, life experience will be more helpful in finding a job.

论点1: 帮助提高工作所需的实践技能

Life experience can help to improve practical skills that are required in workplace.

参考词汇

[problem-solving skills / know how to deal with difficulties in the real situation / interpersonal skills / teamwork spirits]

论点2: 帮助明确职业方向

Life experience is more advantageous in clarifying people's career direction.

参考词汇

[identify exactly which industry you are interested in / know what you like and dislike through the practice / choose, choice / working field]

论点3: 帮助建立更广的人脉

Life experience brings wider networks, facilitating the access to get employed.

参考词汇

[social networks / valuable networking / references / workplace connections / decent jobs]

论点4: 培养更坚毅的品格

People with abundant life experience are more stoic and persistent to find a job.

参考词汇

[bear hardships and stand hard work / never give up / explicit purpose, goal / valued by employers]

观点2：好学历

Personally speaking, good qualification is more helpful in finding a job.

论点1：好学历意味着人们经过专业训练，更被雇主青睐

Good qualifications indicate people are equipped with adequate professional training, which is greatly valued by employers.

参考词汇

[apply professional knowledge that learned in the university / analytical skills / deep learning platforms / professional competence]

论点2：好学历是雇主招聘时的基本要求

People with good qualifications have a comparative advantage among other candidates while seeking a job.

参考词汇

[educational requirement is deemed by the employer as essential to satisfactory performance in that job / basic requirement / objective evaluation / hiring process]

论点3：好学历给人们提供更牢固的理论基础

People with good qualifications have solid theoretical knowledge which can be applied specifically into real work and help people land a good job.

参考词汇

[academic performance / excellent resume / theoretical knowledge and professional proficiency / interest the employers]

论点4：好学历让人更自信，面试时表现更好

People with good qualification are more confident and prone to perform better in interviews, helping them to find a job.

参考词汇

[great confidence, self-esteem / compete with other candidates, applicants / evaluation / hinge on the how well they perform at the interview]

108. 应不应该举办大型赛事 #101108

Should large-scale games such as the Olympic Games and the World Cup be held?

像奥运会和世界杯这样的大型赛事应该举办吗？

参考

观点1：同意

Personally speaking, large scale games such as the Olympic Games and World Cup should be held.

论点1：促进文化传播

Large-scale games can promote the dissemination and exchange of different cultures.

参考词汇

[communication / transmission / learn about foreign cultures / communicate with local people]

论点2: 促进举办国的经济发展

Large-scale games can lead to a boost in economic growth in the host country.

参考词汇

[higher investment / foreign visitors / increased consumer spending / more job opportunities as increased consumer demand / buy souvenir / a large flow of visitors]

论点3: 加强各国联系、改善国际关系

Large-scale games can enhance the connectivity between different countries and thus improve international relationships.

参考词汇

[splendid chance / bring together / closely / promoting peace, friendship and healthy sporting competition]

论点4: 提高举办国的国际地位

Large-scale games can enhance its host country's international status and global influence.

参考词汇

[build better image for the country / spread its unique culture / increase its international standing]

观点2: 不同意

Personally speaking, large scale games such as the Olympic Games and World Cup should not be held.

论点1: 增加举办国的经济负担和支出

The cost of hosting a major sporting event will increase the financial burden on the local economy.

参考词汇

[build competition venues / more funds in improving public transportation and infrastructures / financial deficit]

论点2: 浪费资源, 资源利用效率低下

Hosting large scale games will cause inefficient utilization of resources.

参考词汇

[hosting the events requires a lot of investment like infrastructure, which may not necessarily be used in the future / inappropriate allocation of resources / waste of resources]

论点3: 造成环境污染

Hosting large scale games will have a negative impact on the environment.

参考词汇

[carbon dioxide emissions / throw the litters / large swarm of tourists / generate more waste]

论点4: 威胁公共健康

Hosting large scale games could be a great threat to public health because the country will be more vulnerable to pandemic.

参考词汇

[epidemic / flu / at great risk to virus transmission / high density of population / cross infection]

109.性格是不是决定个人生活 #101109

The kind of a person's life depends on his/her personality. What's your opinion of this, and use your own experience as examples.

一个人的生活方式取决于其性格。你对此有何看法？请结合自身经历举例说明。

参考

观点1：同意

Personally speaking, the kind of a person's life depends on his/her personality.

论点1：性格会决定一个人的事业成功与否

Personality can contribute to the success or failure of one's future career.

参考词汇

[persistent and hardworking / not afraid of failure / good working attitude / determined mind / better working performance]

论点2：性格会决定人际关系

Personality is the decisive factor for people's interpersonal relationship and social activity.

参考词汇

[outgoing people have good social skills and can make more friends / expand social circle / good at communicating with others]

论点3：性格会影响人的职业选择

Personality determines peoples' career choice.

参考词汇

[introvert / extrovert / popular career choice / tendency to be self-employed / ambitious]

论点4：性格影响人的认知思维水平

Personality greatly impacts people's cognitive function, thus influencing their learning.

参考词汇

[hinder learning / inept at expressing and dealing with negative emotions / think calmly and clearly / impede cognitive function]

观点2：不同意

Personally speaking, I do not think the kind of a person's life depends on his/her personality.

论点1：个人生活还取决于成长环境

The kind of a person's life depends on the environment they live.

参考词汇

[growth environment affects a person's attitude on work and lifestyles / family background / parenting styles]

论点2：个人生活取决于他/她的受教育水平

The kind of a person's life depends on his or her educational level.

参考词汇

[a higher educational attainment can help to get a better job and higher income, which leads to a good quality of life / has a correlation with higher salary / promotion]

Involving in extra-curricular activities is beneficial for school children's physical health.

参考词汇

[after-school activities / sports and recreation / build fitness / healthy lifestyle]

论点4: 有利于心理健康

Involving in extra-curricular activities strengthen school children's mental health.

参考词汇

[open heart to share their opinions / have a chance to meet new friends / build confidence / peer support]

观点2：对大学生更重要

Personally speaking, it is necessary for university students to be involved in the extra-curricular activities.

论点1：增强大学生的专业技能

Involving in extra-curricular activities can facilitate university students' professional proficiency.

参考词汇

[some extra-curricular activities including vocational training / internships / academic achievement / intensify the research in a particular field]

论点2：提供更多灵感，对学习的领域有更加全面的认知

Involving in extra-curricular activities can provide more inspiration in their study fields.

参考词汇

[create broader perspectives / encompassing inspiration / steal an idea / source of inspiration]

论点3：有利于生活和学习的平衡

Involving in extra-curricular activities is beneficial for their study and private life balance.

参考词汇

[a great chance to refresh and recharge / pursue their dreams / spend time on leisure and easy things / entertainment / mental health]

论点4：有利与建立良好的人际关系，为未来找好工作做铺垫

Involving in extra-curricular activities can help university student establish social network which is helpful for their future career.

参考词汇

[valuable social network / decent background / easier to contact with people with professional academic background]

观点3：对中小学生和大学生同样重要

Personally speaking, it is equally important for school children and university students to be involved in the extra-curricular activities.

**从以上两个观点中各任选一个论点即可*

112.你国家的公共交通的优缺点 #101112

What are the strength and weakness of the public transportation system in your country?

你们国家的公共交通系统有哪些优点和缺点？

参考

观点：

Personally speaking, the public transportation in my country has both strength and weakness.
Body Paragraph 1 – 优点

优点1：人们交通成本低

The strength of my country's public transportation is the low cost of transportation fees.

参考词汇

[affordable price / standard price / save money / avoiding fuel, maintenance, parking and other expenses]

优点2: 班次多, 方便人们灵活出行

The strength of my country's public transportation is flexible timetable.

参考词汇

[frequent trains, trams and buses / an efficient way to allows those who cannot drive go to any places]

Body Paragraph 2 – 缺点

缺点1: 上下班高峰期拥挤

The weakness of my country's public transportation is the traffic congestion in rush hour.

参考词汇

[limited amount of space aboard / crowded / too many vehicles on the road]

缺点2: 班次固定 *优点2和缺点2只能选一个, 不然会造成观点矛盾

The weakness of my country's public transportation is the traffic rigid timetable.

参考词汇

[runs on a set schedule / waiting time should always be considered / late for work]

113.监狱应不应该惩戒犯罪 #101113

While prisons should punish criminals, others believe that the primary function of the prison is to help them how to have better lives. What do you think is the main purpose of the time spent in prison: punishment or rehabilitation?

虽然监狱应当惩处罪犯, 但也有人认为监狱的主要功能在于帮助他们改善生活。你认为在监狱服刑的主要目的是惩罚还是改造?

参考**观点1: 惩戒**

Personally speaking, the main purpose of the time spent in prison is punishment.

论点1: 惩戒可以让犯人对他们犯下的罪行进行反思, 因畏惧触犯法律带来的严厉后果, 以后可以安分守己, 遵守法律

Punishment can make criminals discipline themselves and prevent them from conducting crimes again.

参考词汇

[communication skills / problem-solving skills / know how to deal with difficulties in the real situation / interpersonal skills / teamwork skills]

论点4：培养更强的工作能力

University life cultivate people to be more competent for future career.

参考词汇

[professional training / capacity for work / experience from extra-curricular activities / leadership]

观点2：不同意

Personally speaking, I believe that an educational degree is much more important than university life in a job market.

论点1：大学文凭可以提高就业机会

Having an educational degree can improve the chances of employment.

参考词汇

[improve competitive advantage / during the recruitment process / proof of professional knowledge with the passing of a certificate of a degree / basic requirement of the company]

论点2：大学文凭有利于人们获得更高的工资

Having an educational degree can help students to obtain decent salary.

参考词汇

[more opportunities to win pay increases / higher base pay and bonuses / necessary requirement]

论点3：好学历更好提高工作效率

Having an educational degree can help to improve working efficiency.

参考词汇

[apply the knowledge that learned in the university / solid theoretical knowledge / analytical skills / develops speed of learning and ability to learn at depth / academic knowledge]

论点4：好学历让人更自信，面试时表现更好

People with good qualification are more confident and prone to perform better in job interview.

参考词汇

[great confidence, self-esteem / compete with other candidates, applicants / evaluation / hinge on the how well they perform at the interview]

119.运动员应该有更高的薪水 #101119

Most athletes earn more salaries than people in other industries. Do you think these people deserve such high salaries?

大多数运动员比其他行业的人挣得多。你认为这些人配得上这么高的薪水吗?

参考

观点1: 同意

Personally speaking, I believe that athletes deserve higher salaries than people in other industries.

论点1: 需要花很多精力和时间进行长期训练

It takes a lot of time and effort for long-term training which is usually extremely exhausting.

参考词汇

[time-consuming / long-term / spend a lot of effort in practicing / undergo years of systematic training]

论点2: 有受伤的高风险

These athletes are always at great risk of severe injury.

参考词汇

[some difficult movements may easily cause permanent injuries / serious or irreparable damage / sequela / intensive training]

论点3: 短暂的职业生涯

These athletes have relatively finite career time.

参考词汇

[professional life is often shortened by injuries or accidents / cannot maintain their peak performance for long]

论点4: 代表着国家的荣誉,为国争光

Representing their country, the success of athletes contributes greatly to their country's glory.

参考词汇

[highest level of reward / reputation / world image of the country]

观点2: 不同意

Personally speaking, I believe that athletes do not deserve such high salaries.

论点1: 每个行业都会接受长期培训

Each industry requires years of training not just athletes.

参考词汇

[competition is intense in all professions / time-consuming / same, equal]

论点2: 其他行业为社会做更多贡献

Other occupations make more contributions than athletes to society.

参考词汇

[other occupations like doctor and police contribute considerably to the society / more dangerous / risk their own life]

论点3: 违背了真正的体育精神

It diminished the true meaning of sports.

参考词汇

[compete for money not for true passion of sports / take the soul and magic out of sports]

论点4: 不利于社会公平,加大了贫富差距

Such high salaries contribute to the income inequality within society.

参考词汇

[some athletes get oversized contracts / increase the income inequity between athletes and the majority of people / unfair to other industry]

120.你国家的公交系统优缺点 #101120

What are the strengths and weaknesses of the public transport in your country?

你们国家公交系统的优势和劣势是什么?

参考

观点:

Personally speaking, I believe that there are both strengths and weaknesses of public transport in my country.

Body paragraph 1 – 优点

论点1: 节省人们开支

Public transportation in my country can save people's money.

参考词汇

[flat rate / lower price / save daily expenses / cheap price / affordable for public]

论点2: 节约自然资源, 缓解环境压力

Public transport in my country can conserve natural resources and relieve environmental pressure.

参考词汇

[less carbon dioxide emission / sustainable development / the popularity of public vehicles driven by electricity / reduce the usage of private vehicles]

Body paragraph 2 – 缺点

论点1: 车内人口密集且客流量过大, 容易传染流感等疾病

Contagious diseases like influenza are easy to spread in the overcrowded public transports especially during peak hours.

参考词汇

[overcrowded stations / rush hours / virus / infect, infectious, infection]

论点2: 没有严格的时间表规定班次, 非常容易迟到

Buses in most cities don't provide a proper schedule to the passengers, which makes people experience difficulties in planning journeys using public transportation.

参考词汇

[intelligent inquiry system / timetable / schedule / be late for work]

121.大学教育在现今世界中是不是必需的 #101121

A university education is necessary in today's world. Do you believe with this opinion? Use your own experience to support.

在当今世界，大学教育是必要的。你相信这个观点吗？用你自己的经验来支持。

参考

观点1：同意

Personally speaking, I believe that a university education is necessary in today's fast-changing world.

论点1：帮助学生提高就业竞争力

University education can help students improving their competitiveness in employment.

参考词汇

[improve chances of employment / qualification for recruitment / basic requirement of the company / intense competition]

论点2：帮助学生建立社交网络

University education can help students establishing social network.

参考词汇

[experience various activities in the university / meeting people from related industries / know how to get along with others]

论点3：提高本国在全球的经济竞争力

University education can improve a country's comparative advantage in global economy.

参考词汇

[knowledge accumulation and application have become major factors in economic development / cultivate compound talents / equip labor force with high skills]

论点4：帮助学生掌握实用技能

University education can improve students' practical skills.

参考词汇

[have difficulties during learning process / assignments / presentations / improve time-management skills / communication skills]

观点2：不同意

Personally speaking, I believe that a university education is not necessary in today's fast-changing world.

论点1：不教学生在工作岗位中更需要的软件技能

University education doesn't spend a lot of time teaching useful soft skills on campus, including communication skills and team management skills.

参考词汇

[job-related skills / workplace / competitiveness in the job market / mismatch between what schools deliver and what the market needs]

论点2：限制学生的创造思维和开发能力

The knowledge taught at university is so systematic that it hinders students' innovation and creativity.

参考词汇

[systematic / brainstorm / innovative ideas / cognitive development]

论点3：学校教育的知识过于老旧

The knowledge taught at university is out of date, and there is a mismatch between what schools deliver and what the market needs.

参考词汇

[keep up with the fast-changing environment / out-of-date knowledge / technology development / information update]

论点4：相比于大学教育，在现今社会，兴趣更容易让人取得成功

Taking university education is not a necessary way to succeed in today's world, and it is more valuable to devote time to explore their real interests and passion.

参考词汇

[success / time value / great ideas / purpose of taking university education / devote time and energy]

122.与书本或正统教育相比，人生经历是最好的老师 #101122

Some people argue that experience is the best teacher. Life experiences can teach more effectively than books or formal school education. How far do you believe with this idea? Support your opinion with reasons and/or your personal experience.

有些人认为经验是最好的老师。生活经验比书本或正规学校教育更有效。你对这个想法相信多少？用理由和/或你的个人经历来支持你的观点。

参考

观点1：是更好的老师

Personally speaking, life experiences can teach more effectively than books or formal school education.

论点1：能教会实践技能

Life experiences can teach students practical skills.

参考论证1：真实生活经验 – 更多沟通机会 – 沟通能力提升

[experience from real life] – [more communication opportunities] – [improved communicative skills]

参考论证2：实习经历 – 能学习到问题的解决方法 – 解决问题的能力提升

[internship experiences] – [the study of solutions to problems] – [enhanced problem-solving skills]

论点2：可帮助就业能力的提升

Life experiences can improve students' employment skills more than textbooks.

参考论证1：在做中学 – 专业技能提升 – 就业竞争力增强

[learning by doing] – [professional skill development] – [improved employability]

参考论证2：实习经历 – 提前适应工作环境 – 长期职业发展

[internship experiences] – [advanced adaptability of the working environment] – [sustainable career development]

论点3：帮助学生知识更好的理解

Life experiences can help students better understand the knowledge.

参考论证1：在做中学 – 对理论知识的应用 – 对知识更深的掌握

[learning by doing] – [the application of theoretical knowledge] – [deeper mastery of knowledge]

参考论证2：在实验中学习 – 了解知识如何形成 – 更牢固的记忆

[learning by doing experiments] – [the understanding of how the knowledge is formed] – [stronger memories of knowledge]

观点2：不是更好的老师

Personally speaking, life experiences cannot teach more effectively than books or formal school education.

论点1：影响学习效率

Life experiences will reduce learning efficiency.

参考论证1：通过生活琐事学习 – 模糊的学习目标 – 学习成绩差

[learning through daily matters] – [vague learning objectives] – [poor study results]

参考论证2：在做中学 – 老师逐步的引导 – 学习速度慢

[learning by doing] – [step-by-step guidance of teachers] – [slower learning pace]

论点2：无法进行测评

Learning through life experiences is hard to assess compared with learning from textbooks.

参考论证1：在生活中学习 – 口头和动手技能 – 无法通过考卷进行评估

[learning from life] – [communicative and hands-on abilities] – [inability to assess on paper]

参考论证2：在做中学 – 需要全程监督 – 增加评估的时间成本

[learning by doing] – [the supervision of the entire process] – [increased time cost of learning assessment]

论点3：书本教育会更客观、更有逻辑

Textbooks and formal education can teach more objectively and logically than life experiences.

参考论证1：书本知识和传统教育 – 由易到难的设计 – 对知识的掌握更有逻辑性

[textbooks and formal education] – [the design of knowledge from easy to difficult] – [logical mastery of knowledge]

参考论证2：书本知识 – 严格的校对和审核 – 与口头传授的知识相比，没有个人偏向

[knowledge from textbooks] – [strict proofreading and review] – [no personal preferences compared with oral knowledge]

123.大学购买数码媒体取代纸质书的利弊 #101123

With the increase of digital media available online, the role of the library has become obsolete. Universities should only procure new digital media rather than constantly update textbooks. Discuss both the advantages and disadvantages of this position and give your own point of view.

随着网上数字媒体的增加，图书馆的作用已经过时了。大学应该只购买新的数字媒体，而不是不断更新教科书。讨论这个观点的优点和缺点，并给出你自己的观点。

参考

观点：既有优点，又有缺点

Personally speaking, there are both advantages and disadvantages of universities procuring new digital media rather than constantly updating textbooks.

Body Paragraph 1 – 优点

论点1：获取信息更加高效便捷

Digital media will allow students to access information more quickly and conveniently.

参考论证1：数字资源 – 即时获取 – 学习效率提升

[digital media] – [instant access] – [higher learning efficiency]

参考论证2：在线平台 – 随时随地学习 – 时间灵活性

[online platforms] – [flexible access] – [time efficiency]

论点 2: 降低成本

Digital resources can reduce educational costs.

参考论证 1: 数字教材 – 印刷成本降低 – 经济节约

[digital textbooks] – [lower production costs] – [cost savings]

参考论证 2: 数字媒介采购 – 内容在线更新 – 长期经费节省

[adoption of digital media] – [online content updates] – [long-term budget savings]

Body Paragraph 2 – 缺点

论点 1: 削弱深度阅读与专注能力

Relying only on digital media may reduce learning concentration.

参考论证 1: 电子屏幕阅读 – 注意力分散 – 学习质量下降

[screen-based reading] – [distraction] – [lower learning quality]

参考论证 2: 浅层浏览 – 深度思考减少 – 理解受限

[superficial browsing] – [reduced deep thinking] – [limited comprehension]

论点 2: 设备与技术稳定性不足

Reliance on digital media can create platform stability problems.

参考论证 1: 数字教学设备 – 断电或网络中断 – 教学活动被迫中断

[digital learning devices] – [power outages or internet disconnection] – [interruption of teaching and learning]

参考论证 2: 高校数字资源系统 – 系统故障或平台崩溃 – 学习进度延误

[university digital platforms] – [system failure] – [delays in academic progress]

124. 政府应该改善公共交通还是多修路 #101124

As cities expanding, some people claim governments should look forward creating better networks of public transportation available for everyone rather than building more roads for vehicle owning population. What's your opinion? Give some examples or experience to support.

随着城市的扩张, 一些人声称政府应该期待为每个人创造更好的公共交通网络, 而不是为拥有汽车的人建造更多的道路。你怎么看? 给出一些例子或经历来支持。

参考**观点1: 改善公共交通**

Personally speaking, governments should create better networks of public transport available for everyone.

论点1: 经济实惠

Creating better networks of public transport will provide more affordable commuting options for everyone.

参考论证1: 改善公共交通 – 更少交通花费 – 实惠的通勤方式

[improving public transport] – [lower transportation costs] – [economical travel methods]

参考论证2: 公共交通系统 – 性价比高的票价 – 减轻家庭经济负担

[upgraded public transportation systems] – [cost-effective ticket prices] – [reduced financial burden for families]

论点2: 节约通勤时间

Developing public transport will reduce the time spent on commuting.

参考论证1: 发展公共交通 – 减少交通拥堵 – 节约通勤时间

[public transport development] – [reduced traffic congestion] – [time savings during commuting]

参考论证2: 大容量的公共交通 – 高峰期更短的通勤时间 – 通勤人员时间花费更少

[high-capacity public transport] – [shorter commuting time in rush hours] – [lower time cost for commuters]

论点3: 保护环境

Public transport development will lead to better protection of the environment.

参考论证1: 公共交通 – 更少资源消耗 – 提升环境可持续发展

[public transportation systems] – [lower resource consumption] – [greater environmental sustainability]

参考论证2: 公共交通 – 低能耗 – 更好的环境保护

[public transport] – [lower energy consumption] – [improved environmental protection]

观点2: 建造更多道路

Personally speaking, governments should build more roads for vehicle owning population.

论点1: 节约出行时间

Building more roads will lower commuting time.

参考论证1: 建造道路 – 改善交通流量 – 更少通勤时间

[road construction projects] – [improved traffic flow] – [shorter commuting time]

参考论证2: 扩大道路网络 – 改善交通拥堵 – 驾车人节约时间

[expanded road networks] – [eased traffic congestion] – [time savings for drivers]

论点2: 促进城市和区域发展

Better road construction will promote urban and regional development.

参考论证1: 扩建道路基础设施 – 加速城市化进程 – 缩小城乡差别

[road infrastructure expansion] – [accelerated urbanisation] – [narrowed urban-rural gap]

参考论证2: 道路建设 – 提高城乡互通 – 社会均衡发展

[road construction] – [enhanced access between cities and rural areas] – [balanced social development]

论点3: 提高就业率

Setting a limitation on maximum wage will lead to risks of losing talent.

参考论证1: 道路建设项目 – 更多劳动力需求 – 更高就业率

[road construction projects] – [increased labour demand] – [higher employment rate]

参考论证2: 道路发展 – 对熟练和非熟练工人的需求 – 创造更多岗位

[road development] – [demand for skilled and unskilled workers] – [more job creation]

125.教师护士应该有更高的薪水 #101125

As cities expanding, some people claim governments should look forward creating better networks of public transportation available for everyone rather than building more roads for vehicle owning population. What's your opinion? Give some examples or experience to support.

许多工人像护士和教师应该得到更多的报酬, 特别是近年来, 当人们在金融/电影演员和公司领导支付更多的金额。你在多大程度上相信或不相信上述说法, 你的观点是什么?

参考 *建议这道题选择“同意”

观点: 同意

Personally speaking, I believe that workers like nurses and teachers should get more pay, especially in recent years when people in finance, film actors and company leaders were paid a

larger amount of sum.

论点1: 工作环境压力更大

Workers like nurses and teachers have to work under higher pressure compared with those in the financial sector.

参考词汇

[caution / high attention / stressful working environment / long working hours / exhausting]

论点2: 工作非常重要, 和日常生活息息相关

The daily work routine of teachers and nurses satisfies our basic educational and medical needs.

参考词汇

[daily life / basic needs / educator / emergency / sickness]

论点3: 需要足够的细心和耐心

Jobs of workers like nurses and teachers must be done prudently to avoid any small mistakes that could generate huge problems.

参考词汇

[prudency / carefulness / patience / mistakes that can't be made up / future development of students]

论点4: 面临着一定的危险性

Workers like nurses and teachers face higher life risks in their workplace because they are directly exposed to bad working conditions.

参考词汇

[viruses / infection / heavy constructive tractors and machines / physical threats]

126. 兼顾工作与私人生活 (普遍性与后果) #101126

The time people devote to job leaves very little time for personal life. How widespread is the problem? What problem will this shortage of time cause?

人们花在工作上的时间几乎没有留给个人生活的时间。这个问题有多普遍? 时间的短缺会导致什么问题?

参考

观点: 非常普遍且会带来问题

Personally speaking, the problem is extremely widespread and this shortage of time will cause problems.

Body paragraph 1 – 非常普遍

论点1: 年轻人工作压力过大

Young workers under big working pressure will experience an imbalance between jobs and personal life.

参考论证1: 工作机会越来越少 – 频繁加班 – 没时间处理私人事务

[fewer job opportunities] – [frequent overtime work] – [reduced time on personal affairs]

参考论证2: 工作任务越来越重 – 早出晚归的生活模式 – 没时间消遣

[huge working tasks] – [a lifestyle of leaving home early and returning late] – [less time on leisure]

论点2: 生活负担过重

Young citizens with huge living expenses will face the issue of balancing work and life.

参考论证1: 高生活成本 – 多做工作赚钱 – 没时间享受私人生活

[high living costs] – [more work shifts to earn money] – [less time on personal life]

参考论证2: 高昂的城市生活成本 – 加班工作以保收支平衡 – 没时间娱乐放松

[high costs of city life] – [overtime work to make ends meet] – [limited time spent on entertainment]

Body paragraph 2 – 时间短缺会带来问题

论点1: 会带来健康问题

The shortage of personal time will lead to severe health issues.

参考论证1: 没时间放松 – 长期焦虑压抑 – 精神健康问题

[no time for relaxation] – [long-term anxiety and depression] – [mental health problems]

参考论证2: 没时间做运动 – 久坐、肌肉紧张 – 身体健康问题

[little time on exercise] – [prolonged sitting and muscle tension] – [physical health problems]

论点2: 会带来家庭情感问题

The shortage of personal time will generate relationship issues.

参考论证1: 没时间陪伴伴侣 – 更多的争吵 – 婚姻关系破裂

[limited time with partner] – [increased chances of getting into fights] – [the breakdown of family relationships]

参考论证2: 没时间陪伴孩子 – 较少互动 – 家庭关系淡薄

[less parent-child time] – [limited opportunities for interaction] – [indifferent family relationships]

127. 兼顾工作与私人生活 (重要性 & 成因) #101127

Nowadays, it is increasingly more difficult to maintain the right balance between work and other aspects of one's life, such as time with family and leisure needs. How important do you think this balance is? Why do people find it hard to achieve?

如今, 在工作和其他生活方面, 比如与家人相处的时间和休闲需求之间保持平衡越来越难了。你认为这种平衡有多重要? 为什么人们觉得这个平衡很难实现?

参考

观点: 重要, 但难以达成

Personally speaking, I firmly believe that the balance is quite important, but it is hard to achieve.

Body Paragraph 1 – 重要性

论点1: 改善身体健康

Balancing work and life can bring about improved physical health.

参考论证1: 工作生活平衡 – 规律作息 – 身体状况改善

[work-life balance] – [regular eating and sleeping schedules] – [improved physical conditions]

参考论证2: 工作生活平衡 – 更多休息时间 – 长期身体健康

[the balance between work and personal time] – [more time for rest and personal care] – [long-term physical well-being]

论点2:

The balance between work and life can lead to higher work efficiency.

参考论证1: 工作生活平衡 – 减少疲劳 – 工作表现改善

[work-life balance] – [balanced routine and less fatigue] – [improved work performance]

参考论证2: 工作生活平衡 – 心理压力减少 – 生产力更高

[the balance between work and personal time] – [less mental stress] – [higher individual productivity]

Body Paragraph 2 – 成因

论点1：社会压力

Social competition can lead to excessive work pressure.

参考论证1：职场竞争激烈 – 加班多休息少 – 难以维持个人生活

[high workplace competition] – [extra hours and less rest] – [difficulty in maintaining personal life]

参考论证2：职业压力与攀比 – 工作时间和精力增加 – 工作与生活失衡

[career pressure and peer comparison] – [increased working time and effort] – [work-life imbalance]

论点2：生活成本

The high living expenses may cause longer working hours.

参考论证1：高日常开销 – 加班满足经济需求 – 难以维持工作生活平衡

[high household bills] – [more work shifts to meet financial demand] – [difficulty in maintaining work-life balance]

参考论证2：高城市生活成本 – 经常加班 – 工作与个人生活失衡

[high living costs in modern cities] – [frequent overtime work] – [work-life imbalance]

128.描述一个新发明及其优点或缺点 #101128

In our technological world, the number of new inventions has been evolving on a daily basis. Please describe a new invention and explain the impact, either beneficial or detrimental, that you feel it has had on society.

在我们的技术世界里，新发明的数量每天都在变化。请描述一项新发明，并解释你认为它对社会产生了有益或有害的影响。

参考

观点1：智能手机

Personally speaking, I firmly believe that the new invention is the smartphone, and it will have beneficial impacts on society.

论点1：软件可达成多任务处理

Smartphones can enable multitasking via the use of software and applications.

参考论证1：智能手机 – 工作与娱乐应用整合 – 一台设备完成多项任务

[smartphone] – [integration of work and entertainment apps] – [completion of multiple tasks on one device]

参考论证2：智能手机使用 – 多种软件组合于一机 – 同时完成学习和工作任务

[use of smartphones] – [combination of multiple software] – [manage multiple duties simultaneously]

论点2：网络连接可实现即时通讯

Smartphone can provide instant communication through internet connectivity.

参考论证1：智能手机 – 接入 Wi-Fi 或 5G 网络 – 实时在线交流

[smartphone] – [access to Wi-Fi networks] – [immediate connection with families and friends]

参考论证2：智能手机 – 接入 Wi-Fi 或 5G 网络 – 实时在线交流

[smartphone] – [instant internet access to chat apps] – [quick message delivery and real-time calls]

论点3：安装应用可提供便携式娱乐

The smartphone can provide portable entertainment with installed applications.

参考论证1：智能手机 – 安装音乐和视频应用 – 随时享受电影和歌曲

[smartphone] – [built-in music and video applications] – [enjoyment of songs and movies anytime]

参考论证2：智能手机 – 移动游戏和社交媒体平台 – 休闲时娱乐

[smartphone] – [mobile gaming and social media platforms] – [easy access to fun during leisure time]

观点2：电动汽车

Personally speaking, I firmly believe that the new invention is the electric vehicle, and it will have beneficial impacts on society.

论点1：替代燃油汽车可降低空气污染

Electric vehicles can lead to reduced air pollution with the replacement of fuel-driven cars.

参考论证1：电动汽车 – 使用电池驱动 – 减少有害废气排放

[electric car] – [battery-based power system] – [less emission of harmful gases]

参考论证2：电动汽车 – 无尾气排放系统 – 空气更清洁

[electric vehicles] – [absence of exhaust pipes] – [cleaner air in daily use]

论点2：使用电力可节省开支

Electric vehicles can bring about financial savings because of the use of electricity.

参考论证1：电动汽车 – 充电费用低于加油费用 – 日常出行支出减少

[electric car] – [lower charging cost compared with refueling] – [reduced daily travel expenses]

参考论证2：电动汽车 – 使用家庭电力充电 – 长期交通成本更低

[electric vehicle] – [home electricity charging] – [lower long-term transportation cost]

论点3：电机设计可带来安静的驾驶体验

Electric vehicles can provide a quiet driving experience with their motor technology.

参考论证1：电动汽车 – 使用电机而非引擎 – 更少驾驶噪音

[electric car] – [the use of electric motors instead of engines] – [less driving noise]

参考论证2：电动汽车 – 减少运行震动 – 丝滑安静的驾驶

[electric vehicle] – [reduced vibration during operation] – [smoother and quieter ride]

129.成长环境对人的影响（名人为例） #101129

There are many people who are defined by the place where they grow up. Please think of a celebrity you know who becomes famous because of his/her home base or the place where he/she grows up. Give examples of how his/her accomplishment is influenced by the place where he/she grows up.

有很多人是由他们成长的地方来定义的。请想一个你知道的名人，因为他/她的家乡或长大的地方而出名。举例说明他/她的成就是如何受到他/她成长的地方的影响。

参考

观点1：甘地

Personally speaking, I firmly believe that people's geological background plays an important role in his achievements and thinking process, and Gandhi who lived in British Raj is influenced by the place where he grows up.

论点1：甘地的世界观受到了成长环境的影响

In the wave of national liberation in India, Gandhi witnessed people's suffering in the harsh environment of his motherland, and thus formed a world view to pursue independence and liberation.

参考词汇：

[pursuit human rights / suffering of common people / personal growth experience / stage of social

development/ colonized]

论点2: 甘地的性格受到了成长环境的影响

The public were conservative and oppressive in India under British rule, so Gandhi developed his indomitable character.

参考词汇:

[persistence / free and independent character / hard struggle / toiling masses]

观点2: 成龙

Personally speaking, I firmly believe that people's birthplace plays an important role in his achievements and thinking process, and Jackie Chan who lived in China is influenced by the place where he grows up.

论点1: 成龙的特长受到了中国武术文化的影响

Jackie Chan has been influenced greatly by Chinese traditional culture since his childhood and then he becomes a Chinese Kungfu master.

参考词汇:

[Chinese history / traditional culture / passion for martial arts]

论点2: 成龙坚忍不拔的性格受到了中国人民吃苦耐劳品质的影响

Jackie Chan's indomitable character is influenced by the hard-working character of the Chinese people.

参考词汇:

[traditional virtues / self-reliance / persistent and dauntless]

观点3: 比尔盖茨

Personally speaking, I firmly believe that people's geological background plays an important role in his achievements and thinking process. Bill Gates was cultivated in a well-educated family in America, and he is influenced by the place where he grows up.

论点1: 比尔盖茨出生在美国这个鼓励创新和研发的国家, 培养了他对IT的兴趣

Bill Gates was raised in America, an innovative country that encourages creativity, which cultivates his interests in IT technology.

参考词汇:

[innovative / creativity / education / Microsoft / advanced technology and talents]

论点2: 比尔盖茨父母的鼓励教育法促使他对公益产生浓厚的兴趣, 使得他投身于公益事业。

Parenting in Bill Gates' family encouraged kindness and care about other people, which made him devote himself to charity donations.

参考词汇:

[charity / kindness / values and principles / nurtured by his parents]

130.电视功能（放松、陪伴） #101130

Television has many functions to play in everyone's life. For some it's relaxation; for some, it is the companion. To what extent do you think the statement is true? Please provide your argument and supporting evidence from your own experience.

电视在每个人的生活中有许多功能。对有些人来说电视让他们放松，对一些人来说电视是他们的陪伴。你认为这种说法在多大程度上是正确的？请从你自己的经历中提供你的论点和支持性证据。

参考

观点：既可放松，也可陪伴

Personally speaking, I firmly believe that television can be both relaxation and the companion.
Body Paragraph 1 – 放松

论点1：缓解情绪

Television can provide emotional comfort.

参考论证1：电视节目 – 喜剧和脱口秀 – 缓解压力

[TV programs] – [comedies and talk shows] – [relief from daily pressure]

参考论证2：每天看电视 – 综艺笑声 – 焦虑减少情绪改善

[daily TV watching] – [laughter from variety shows] – [reduced anxiety]

论点2：放松身心

Television can bring physical and mental relief.

参考论证1：电视节目 – 风景纪录片 – 心情平静舒缓

[TV shows] – [scenery documentaries] – [peaceful and calm mind]

参考论证2：电视节目 – 音乐节目 – 身心放松恢复精力

[TV programs] – [music shows] – [relaxation and energy recovery]

Body Paragraph 2 – 陪伴

论点1：减少孤独感

Television can lead to reduced feeling of loneliness.

参考论证1：看电视节目 – 填补空闲时间 – 陪伴感

[watching television programs] – [filling free time] – [a sense of companionship]

参考论证2：看新闻 – 了解全球动态 – 满足感

[watching news] – [global updates] – [a sense of fulfilment]

论点2：提供社交性陪伴感

Television can bring a connection to the outside world.

参考论证1：看新闻节目 – 了解社会动态 – 产生社会融入感

[watching news programs] – [awareness of social events] – [a sense of inclusion]

参考论证2：看热门综艺 – 拥有共同话题 – 增加社交交流机会

[watching popular shows] – [shared discussion topics] – [more social interaction]

131. 女性兼顾家庭与职场的建议 #101131

More and more women are raising a family with a career. Please give your suggestions on a personal level and national level.

越来越多的女性一边工作一边养家。请在个人层面和国家层面给出你的建议。

参考

观点：从个人层面和国家层面给建议

Personally speaking, I will give suggestions for women with a career on personal level and national level.

Body Paragraph 1 – 个人层面

论点1：和丈夫合理分工家务

Have a reasonable separation of domestic work between wives and husbands.

参考词汇：

[household chores / household duties / a fair share of]

论点2：考虑家政服务和保姆服务

Considering the assistance of housekeeping service and babysitting services.

参考词汇：

[childcare / nannies / babysitters / take over / relieve the burden]

论点3：如果压力太大，可以向家人朋友或心理咨询师寻求帮助

Considering the assistance of housekeeping service and babysitting services.

参考词汇：

[family counselling services / emotional support / have somebody to talk to]

Body Paragraph 2 – 国家层面

论点1：国家社保福利体系提供津贴补助

Social welfare system could provide financial help.

参考词汇：

[parental leave / maternity leave / parenting payment / family tax benefit]

论点2：雇主应给予女性员工优待政策

Employers should give special considerations for female employees.

参考词汇：

[flexible return-to-work plan / compassionate leave / family issues / wage gap between the two genders / working mothers]

论点3：政府加强儿童托管服务与设施

Governments should improve childcare services and facilities.

参考词汇：

[childcare subsidies / a relief for working mothers / leave their kids at childcare / qualified childcare professionals]

132.减少工时以缓解就业率 #101132

In modern society, unemployment among young people is a serious problem. One solution is to shorten the working week and put more people to work. Give your opinion of the idea, considering the advantages and disadvantages, whether it can apply to young people or the whole workforce.

在现代社会，年轻人失业是一个严重的问题。一个解决办法是缩短每周的工作时间，让更多的人去工作。给出你对这个想法的看法，考虑到优点和缺点，它是否适用于年轻人或整个劳动力。

参考

观点1：年轻人

Personally speaking, shortening the working week and putting more people to work can apply to young people to address unemployment.

Body Paragraph 1 – 优点

论点1：年轻人能更快适应弹性工时

Young people's higher adaptability to flexible working hours can speed up employment allocation.

参考论证1：年轻人 – 对弹性工时的接受度高 – 岗位分配更灵活

[young workers] – [higher acceptance of flexible working hours] – [more flexible job allocation]

参考论证2：缩短工作周 – 岗位拆分与轮岗 – 青年就业率提升

[a shortened working week] – [job sharing and role rotation] – [a higher youth employment rate]

论点2：年轻人可以兼顾个人提升

A shorter working week allows the combination of employment and personal development for young people.

参考论证1：缩短工作时间 – 继续学习与技能提升 – 就业竞争力增强

[reduced working hours] – [time for further learning and skill development] – [improved employability]

参考论证2：青年阶段 – 工作与自我提升并行 – 长期职业发展

[less working hours at early career stage] – [balance between work and self-improvement] – [sustainable career development]

Body Paragraph 2 – 缺点

论点1：影响职业发展

The shortage of working time for young people will hinder their career development.

参考论证1：减少工作时间 – 工作经验少 – 没有机会晋升

[reduced working time] – [less working experience accumulated] – [little chance to win promotion]

参考论证2：缩短工作天数 – 工作能力提升慢 – 在职业竞争中落后

[fewer working days per week] – [slower improvement of working abilities] – [failure in job competition]

论点2：影响收入

Shortening the working week will cause financial pressure for younger people.

参考论证1：工作时间有限 – 收入降低 – 无法偿付日常开支

[limited working hours] – [reduced income] – [inability to cover daily expenses]

参考论证2：降低工作时间 – 雇主给的福利补贴少 – 养老和医疗基金不足

[fewer working days per week] – [less welfare subsidy paid by their employer] – [insufficient funds for age and medical care]

观点2：整个劳动力

Personally speaking, shortening the working week and putting more people to work can apply

to the whole workforce to address unemployment.

Body Paragraph 1 – 优点

论点1：提升社会整体就业率

Shortening the working week and putting more people to work will improve the overall employment rate in society.

参考论证1：个体的工作时间减少 – 需要更多轮班 – 创造更多岗位空缺

[reduced working time for individual workers] – [increased need for work shifts] – [more job vacancies created]

参考论证2：工作时间减少 – 需要更多人参与才能完成工作额 – 招聘的需求上升

[reduced working duration] – [more employees needed to fulfil the job task] – [risen demand for hiring]

论点2：全民享受生活和工作的平衡

Applying a shorter working week to the whole workforce can promote work-life balance while maintaining employment growth.

参考论证1：缩短工作时间 – 更多个人时间 – 在扩大就业的同时改善工作与生活平衡

[reduced working hours] – [more time for personal life] – [improved work-life balance alongside higher employment levels]

参考论证2：缩短工作周 – 社会整体生活节奏放缓 – 更可持续的工作与生活模式

[a shortened working week] – [a slower overall pace of working life] – [a more sustainable work-life balance for society]

Body Paragraph 2 – 缺点

论点1：工作归属感弱

Shortened working hours across the whole workforce can weaken overall job involvement.

参考论证1：减少工作时间 – 快速完成任务 – 整体工作责任感下降

[reduced working time] – [pressure for rapid task completion] – [decline in overall job responsibility]

参考论证2：缩短工作天数 – 频繁任务交接 – 工作连续性与团队投入度下降

[fewer working days per week] – [frequent task handovers] – [reduced continuity and collective job involvement]

论点2：影响收入

Shortening the working week for the entire labor force will cause financial pressure for the whole society.

参考论证1：工作时间有限 – 收入降低 – 无法偿付日常开支

[limited working hours] – [reduced income] – [inability to cover daily expenses]

参考论证2：降低工作时间 – 雇主给的福利补贴少 – 养老和医疗基金不足

[fewer working days per week] – [less welfare subsidy paid by their employer] – [insufficient funds for age and medical care]

133.学校是否应该强制规定穿校服 #101133

Should schools have strict rules on wearing uniforms?

学校应该对穿校服有严格的规定吗?

参考

观点1: 不应该

Personally speaking, I firmly believe that schools should not have strict rules on wearing uniforms.

论点1: 限制学生个性

Restrain students' various personalities and preferences.

参考词汇:

[same design and color / cannot express their natural characteristics / hinder / lose their self-identity]

论点2: 经济压力

Pose financial burden to students and their families.

参考词汇:

[high quality uniform costs a lot of money / families with low incomes]

论点3: 选择有限

There are limited choices of categories of clothing for students.

参考词汇:

[only summer uniform and winter uniform / either too heavy or too light for students to wear in different weather conditions]

论点4: 心理问题

May make students develop mental issues.

参考词汇:

[become resistant to school regulations / be unwilling to do sth / be reluctant to do sth / mandatory / compulsory / intensify students' resistance consciousness]

观点2: 应该

Personally speaking, I firmly believe that schools should have strict rules on wearing uniforms.

论点1: 减少攀比

Reduce comparison between their financial backgrounds.

参考词汇:

[bully / promote equality / reduce the impact of inequality / compete in their dresses]

论点2: 专注学习

Help students focus on their study.

参考词汇:

[let student concentrate on studying rather than dressing up / distracted students from study / spend more time on their appearance / create effective learning environment]

论点3: 提高归属感

Increase the sense of belonging for students.

参考词汇:

[unique color and symbol / pride / belongingness]

论点4: 加强学校安全

Enhance safety in school.

参考词汇:

[prevent strangers or even gangsters to enter into school / student management]

134.名人是否要放弃隐私 #101134

People who are famous entertainers or sportspeople should give up the right to privacy because this is the price of fame. To what extent do you agree or disagree with this point of view? Give your reasons or use your own experiences to support.

那些著名的艺人或运动员应该放弃隐私权，因为这是成名的代价。你在多大程度上同意或不同意这一观点？给出你的原因或用你的经历做支持。

参考

观点1: 应该放弃

Personally speaking, people who are famous entertainers or sportspeople should give up the right to privacy.

论点1: 促进事业发展

People who are famous entertainers or sportspeople giving up privacy can promote their career development.

参考论证1: 放弃隐私权 – 公众曝光率和知名度 – 事业发展

[giving up privacy] – [more public exposure and visibility] – [career advancement]

参考论证2: 丧失个人隐私 – 媒体关注度和知名度 – 更多职业机会

[the loss of personal privacy] – [media attention and popularity] – [more career opportunities]

论点2: 带来持续的收入

Celebrities and athletes giving up privacy can bring about substantial income.

参考论证1: 有限的个人隐私 – 粉丝经济 – 稳定的收入来源

[limited personal privacy] – [fan economy] – [stable income sources]

参考论证2: 牺牲隐私 – 粉丝驱动的商业活动 – 可持续的经济回报

[the sacrifice of privacy] – [fan-driven commercial activities] – [sustainable financial returns]

论点3: 提高市场价值

Famous individuals giving up the right to privacy can boost their market value.

参考论证1: 减少的隐私 – 市场认可度 – 名人价值提升

[reduced privacy] – [market recognition] – [enhanced celebrity value]

参考论证2: 减少的隐私 – 个人品牌影响力 – 更强的商业竞争力

[the reduction of personal privacy] – [personal brand influence] – [stronger commercial competitiveness]

观点2: 不应放弃

Personally speaking, people who are famous entertainers or sportspeople should not give up the right to privacy.

论点1: 侵害公民合法权利

Famous entertainers or sportspeople giving up their privacy will cause the loss of legal rights.

参考论证1: 隐私曝光 – 个人权利受侵害 – 公民合法权益受损

[privacy exposure] – [a violation of individual rights] – [damage to legal civil rights]

参考论证2: 放弃个人隐私 – 个人生活被侵犯 – 丧失基本的合法权利

[giving up personal privacy] – [invasion of personal life] – [the loss of a fundamental lawful right]

论点2: 带来心理压力

Celebrities and athletes giving up the right to privacy will bring about mental stress.

参考论证1: 有限的个人隐私 – 心理负担增加 – 精神健康问题

[limited personal privacy] – [increased psychological burden] – [mental health problems]

参考论证2: 牺牲隐私 – 情绪紧张和焦虑 – 长期心理压力

[the sacrifice of privacy] – [emotional tension and anxiety] – [long-term psychological pressure]

论点3: 带来安全问题

Famous individuals giving up the right to privacy can cause safety risks.

参考论证1: 个人隐私暴露 – 被跟踪和骚扰 – 伤害风险

[exposure of personal privacy] – [stalking and harassment] – [risks of harm]

参考论证2: 放弃个人隐私 – 犯罪目标明确 – 上升的安全威胁

[giving up personal privacy] – [identifiable targets for crime] – [increased security threats]

135.未来人们工时会减少 #101135

“In the future, people will work less hours at their jobs.” To what extent do you agree with it? Please support your opinion with your own experience.

“未来，人们的工作时间会更短。”你在多大程度上同意它？请用你自己的经验来支持你的观点。

参考

观点1: 工作时间会更短

Personally speaking, people will work less hours at their jobs.

论点1: 科技发展

The advancement of technology can reduce people's working time.

参考论证1: 机器人技术的广泛应用 – 工作效率提升 – 工作时长减少

[widespread use of robotic technology] – [improved work efficiency] – [reduced working hours]

参考论证2: 自动化和人工智能 – 重复性劳动减少 – 工作时间缩短

[automation and artificial intelligence] – [reduction in repetitive tasks] – [shorter working hours]

论点2: 健康生活方式的重视

The emphasis on a healthy lifestyle will bring about fewer working hours.

参考论证1: 健康生活方式的普及 – 工作与生活平衡 – 减少工作时长

[the popularity of healthy lifestyles] – [work-life balance] – [reduced working time]

参考论证2: 对身心健康的关注 – 避免过度工作 – 更少的工作时间

[concern for physical and mental health] – [avoidance of overwork] – [less working hours]

论点3: 灵活工作制度

Flexible working systems can promote less working hours.

参考论证1: 灵活工作制度 – 工作时间自主性提高 – 工作时长减少

[flexible working arrangements] – [greater control over working time] – [reduction in working hours]

参考论证2: 远程办公模式 – 灵活调整工作时间 – 工作时间减少

[remote working models] – [flexible adjustment of working hours] – [lower overall working time]

观点2：工作时间不会更短**Personally speaking, people will not work less hours at their jobs.**

论点1：激烈的工作环境

The intense competition in the workplace will cause difficulty in working less hours.

参考论证1：激烈的职场竞争 – 工作压力增加 – 工作时间延长

[fierce workplace competition] – [increased work pressure] – [longer working hours]

参考论证2：绩效导向的工作环境 – 加班文化 – 难以减少工时

[performance-oriented work environment] – [overtime culture] – [difficulty in reducing working time]

论点2：生活压力

Living stress reduces the possibility to work less hours.

参考论证1：高生活成本 – 经济压力 – 延长工作时间

[high living costs] – [financial pressure] – [extended working hours]

参考论证2：家庭与经济负担 – 对收入的依赖 – 持续长时间工作

[family and financial burdens] – [dependence on income] – [continuous long working hours]

论点3：就业不稳定

Job instability will lead to the impossibility of reducing working hours.

参考论证1：就业不稳定 – 对失业的担忧 – 延长工作时间

[job insecurity] – [fear of unemployment] – [longer working hours]

参考论证2：裁员与岗位缩减 – 工作投入增加 – 难以减少工时

[layoffs and job reductions] – [increased work commitment] – [difficulty in reducing working hours]

136.年龄限制 #101136

Age restrictions can be seen everywhere. It is believed that people should not do things until they reach the right age, such as marriage and driving. Select one activity and state the minimum age that you think. Support with your own experiences.

年龄限制随处可见。人们认为，在达到合适的年龄之前，不应该做一些事情，比如结婚和开车。选择一件事，并说明你所认为的这件事的最低年龄。用你自己的经历来支持你的观点。

参考

框架建议：

Introduction段（第一段）点出你选择的事例以及你认为做这件事最适合的年龄

Body Paragraph 1（第二段）写年龄限制的原因

Body Paragraph 2（第三段）写年龄限制的另一个原因

观点1：结婚 20岁**Personally speaking, the minimum age for marriage is twenty.**

论点1：稳定的婚姻关系

Setting an age requirement of twenty for marriage will provide marital stability.

参考论证1：结婚年龄限制 – 情感成熟 – 稳定的家庭关系

[the minimum age requirement of twenty for marriage] – [emotional maturity] – [stable domestic relationships]

参考论证2：结婚年龄限制 – 仔细考虑 – 更健康的家庭关系

[the minimum age of twenty for marriage] – [careful consideration] – [healthier family relationships]

论点2：保证年轻人的个人发展

Setting an age limit of twenty for marriage will promote personal development for young individuals.

参考论证1：年龄限制来避免结婚 – 专注完成学业 – 更好的学业发展

[the minimum age requirement of twenty to avoid early marriage] – [full concentration on study] – [better academic development]

参考论证2：结婚年龄限制 – 积累社会经验 – 更好的职业发展

[the minimum age of twenty for marriage] – [more social experience] – [improved career development]

论点3：减少经济压力

Setting a minimum age of twenty for marriage can contribute to a lower financial burden.

参考论证1：结婚年龄限制 – 稳定收入 – 经济压力较小

[the minimum age requirement of twenty for getting married] – [stable income sources] – [less financial pressure]

参考论证2：结婚年龄限制 – 经济独立 – 降低婚姻中的经济压力

[the minimum age of twenty for marriage] – [financial independence] – [lower financial stress in marriage]

观点2：开车 18岁

Personally speaking, the minimum age for driving is eighteen.

论点1：保障道路安全

Setting a minimum age of eighteen for driving will bring about improved road safety.

参考论证1：开车年龄限制 – 应对突发情况的能力 – 安全驾驶

[the minimum age of eighteen for driving] – [ability to handle emergencies] – [safe driving behavior]

参考论证2：开车年龄限制 – 更好的风险感知 – 驾车人节约时间

[a minimum driving age of eighteen] – [better hazard perception] – [better road safety]

论点2：减少公共风险

Setting a minimum age requirement of eighteen for driving will lower public risks.

参考论证1：开车年龄限制 – 负责任的行为 – 保障公共安全

[the minimum age of eighteen for driving] – [rational and responsible behavior] – [safety to other road users]

参考论证2：开车年龄限制 – 更强规则意识 – 更负责任的驾驶行为

[a minimum driving age of eighteen] – [awareness of traffic rules] – [more responsible driving behaviors]

论点3：提升交通效率

Delaying the legal driving age to eighteen can lead to more efficient traffic flow.

参考论证1：开车年龄限制 – 更稳定的驾驶表现 – 提高交通效率

[the minimum age of eighteen for driving] – [stable driving performance] – [improved traffic efficiency]

参考论证2：开车年龄限制 – 更稳定的驾驶表现 – 更顺畅的交通

[a minimum driving age of eighteen] – [more consistent driving behavior] – [smoother traffic flow]

137.外语应该成为必修课吗 #101137

Should schools make learning a foreign language compulsory?

学校应该把外语作为必修课吗?

参考

观点1：应该

Personally speaking, I firmly believe that schools should make learning a foreign language compulsory.

论点1：批判性思考

Schools making learning a foreign language compulsory can bring about students' critical thinking ability.

参考论证1：阅读外文文章 – 接触不同视角 – 辩证比较各种想法

[reading articles in foreign languages] – [access to different viewpoints] – [critical comparison of opinions]

参考论证2：分析外文文章 – 了解全球问题 – 理解不同政见

[analyzing foreign texts] – [exposure to global issues] – [an understanding of different political perspectives]

论点2：职场竞争优势

Schools mandating the study of a foreign language will bring about a competitive edge in job hunting.

参考论证1：掌握外语 – 满足跨国公司需求 – 更具职场竞争力

[mastering foreign languages] – [meeting multi-national companies' demands] – [competitiveness in the job market]

参考论证2：掌握外语 – 国际合作和谈判 – 更多职业发展机会

[proficiency in a foreign language] – [international collaborations] – [broader career opportunities]

论点3：促进跨文化交流

Schools requiring students to study a foreign language can lead to the enhancement of cross-cultural communication.

参考论证1：掌握外语 – 理解不同的习俗和传统 – 跨文化同理心互相尊重

[learning a foreign language] – [an understanding of its culture] – [intercultural empathy and respect]

参考论证2：掌握外语 – 与不同国家的人交流 – 增进国际友谊

[mastering a foreign language] – [cross-cultural communication] – [closer international friendships]

观点2：不应该

Personally speaking, I firmly believe that schools should not make learning a foreign language compulsory.

论点1：学业压力

The requirement for schools to mandate foreign language learning can cause students' academic burden.

参考论证1：强制学习外语 – 额外的作业时长 – 更大的学习压力

[mandatory foreign language courses] – [extended study hours] – [greater academic pressure]

参考论证2：过多的外语学习时间 – 休闲时间减少 – 其他科目表现差

[excessive foreign language study time] – [less time for other subjects] – [weaker performance in them]

论点2：增加学校运营成本

Schools enforcing compulsory foreign language education can lead to operational expenditure

increases.

参考论证1: 增加外语课程 – 高薪聘请外语老师 – 增加学校的财政负担

[adding the foreign language courses] – [recruitment of qualified foreign-language teachers] – [increased financial burden on schools]

参考论证2: 开设外语课程 – 购买专业教材 – 增加预算减少

[mandating foreign language course] – [purchases of specialized materials] – [increased budget pressure]

论点3: 个人兴趣和职业需求不匹配

Forcing students to learn a foreign language can bring about a mismatch with students' interests and career goals.

参考论证1: 强制学外语 – 与个人职业抱负不符 – 有限的职业发展

[mandatory foreign language courses] – [a conflict with career interests] – [obstacles to career development]

参考论证2: 对外语 – 对功课的热情下降 – 学习不投入

[lack of interest in foreign language] – [declining academic passion] – [lower academic engagement]

138.国家把钱花在建筑修复,而非现代住房 #101138

More and more countries spend large amounts of money on the restoration of buildings instead of on modern housing. To what extent do you agree or disagree with this analysis? Support your writing with your experience and/or examples.

越来越多的国家花大量的钱来修复建筑,而不是现代住房。你在多大程度上同意或不同意这种分析?用它的优点或缺点来支持你的写作。

参考

观点1: 同意

Personally speaking, I firmly believe that countries should spend large amounts of money on the restoration of buildings.

论点1: 艺术多样性

The restoration of historical buildings can bring about artistic diversity.

参考论证1: 修复传统建筑 – 保留旧有设计风格 – 艺术表现更广泛

[traditional building restoration] – [survival of old design styles] – [wider artistic expression]

参考论证2: 修复过去美丽建筑 – 保持传统美学 – 更强艺术欣赏力

[past building restoration] – [exposure to traditional aesthetics] – [greater art appreciation]

论点2: 文化遗产保护

The restoration of historic architecture can lead to the protection of cultural heritage.

参考论证1: 修复旧建筑 – 记录过去生活方式 – 更好理解地方历史

[restoring old buildings] – [a record of past lifestyles] – [better understanding of local history]

参考论证2: 修复旧建筑 – 青少年的教育资源 – 传统文化的可持续发展

[restoration of old buildings] – [educational resources for teenagers] – [sustainable development of traditional culture]

论点3: 旅游业发展

The restoration of old buildings can bring about a boost to the tourism industry.

参考论证1: 修缮旧建筑 – 更多旅游景点 – 当地旅游收入增加

[old building maintenance] – [more tourist attractions] – [increased local tourism income]

参考论证2: 修缮老建筑 – 文化旅游体验 – 吸引外国游客

[maintenance of old architecture] – [cultural tourism experiences] – [greater appeal to overseas tourists]

观点2: 不应该保护

Personally speaking, I believe that countries should not spend large amounts of money on the restoration of buildings.

论点1: 财政负担

Restoring historical buildings can lead to heavy financial burdens.

参考论证1: 修缮旧建筑 – 需要购买稀缺材料 – 公共资金开销

[the restoration of old buildings] – [purchase of rare materials] – [public fund expenditure]

参考论证2: 大规模修复 – 需聘请优秀工匠 – 地方财政压力

[large-scale restoration] – [the demand for skilled constructors] – [financial pressure on local government]

论点2: 城市发展受限

The restoration of old buildings can cause limitations on city development.

参考论证1: 修缮旧建筑 – 新建工程空间减少 – 现代基础设施建设放缓

[maintenance of old buildings] – [less space for new constructions] – [slower improvement of modern infrastructure]

参考论证2: 维修旧建筑 – 道路扩建受限 – 城市化受影响

[restoring old architecture] – [restrictions on road expansion] – [negative impacts on urbanization]

论点3: 安全隐患

The restoration of aging buildings can bring about potential safety risks.

参考论证1: 保护老旧建筑 – 修复破损屋顶 – 高空坠物风险

[maintenance of aging buildings] – [restoration of broken roofs] – [hazards of falling objects]

参考论证2: 修复遗产建筑 – 隐蔽安全问题 – 施工事故风险

[restoring heritage sites] – [hidden safety issues] – [risks of construction accidents]

139. 21世纪的孩子越来越难 #101139

It is hard for children living in the 21st century than in the past. Do you agree or disagree?

孩子们在21世纪的生活和成长比过去更难了。你同意还是不同意?

参考

观点1: 更困难

Personally speaking, it is getting harder for children to live and grow in the 21st century than in the past.

论点1: 社会竞争加剧

Increased competition from society will cause difficulty for children's living and growing in the 21st century.

参考论证1: 激烈的升学竞争 – 严格的录取标准 – 学习难度增加

[intense academic competition] – [strict admission requirements] – [increased difficulty in study]

参考论证2: 全球化世界中的竞争 – 全面能力要求 – 学习压力加重

[competition in a globalized world] – [all-round capability requirements] – [increased academic

pressure]

论点2: 恶劣的成长条件

Poor environmental conditions will bring about difficulty in children's growth.

参考论证1: 环境污染 – 身体健康受影响 – 糟糕的成长条件

[environmental pollution] – [negative impacts on health] – [terrible living and growing conditions]

参考论证2: 空气污染 – 容易患病 – 不健康的居住生活环境

[air pollution] – [vulnerability to illness] – [unhealthy living and growing environments]

论点3: 自理能力差

Poor self-care ability will lead to the impossibility to live and grow in the 21st century.

参考论证1: 缺乏基本生活技能 – 无法应对困难 – 生存能力不足

[lack of basic life skills] – [difficulty in handling challenges] – [poor survival ability]

参考论证2: 缺乏自理能力 – 解决问题能力的不足 – 生存能力有限

[lack of self-care ability] – [insufficient problem-solving skills] – [limited survival capability]

观点2: 更容易

Personally speaking, it is easier for children to live and grow in the 21st century than in the past.

论点1: 高质量教育

Higher quality of education will bring about better knowledge acquisition for children in the 21st century.

参考论证1: 完整的教育体系 – 多样化课程设置 – 积累多方面的学识

[well-developed education systems] – [a wide variety of courses] – [knowledge in various fields]

参考论证2: 国际交流和留学 – 全球化学习视野 – 大量宽广的知识

[overseas study and exchange programs] – [global learning perspectives] – [a vast amount of broad knowledge]

论点2: 丰富的学习资源

Richer learning resources can make children study easily in the 21st century.

参考论证1: 网络与在线平台 – 获取知识更加便捷 – 学习效率提高

[online platforms and digital networks] – [easier access to knowledge] – [improved learning efficiency]

参考论证2: 免费教育资源 – 灵活的学习方式 – 学习门槛降低

[free educational resources] – [flexible learning modes] – [lower learning barriers]

论点3: 良好的成长条件

A more comprehensive health system will lead to better health conditions for children in the 21st century.

参考论证1: 先进的医疗体系 – 儿童健康保障 – 更健康的成长环境

[advanced healthcare systems] – [better health protection for children] – [healthier growing conditions]

参考论证2: 家长健康意识 – 均衡营养饮食 – 身体素质提升

[parental health awareness] – [balanced and nutritious diets] – [improved physical condition]

140.要不要限定最高薪资 #101140

"Should there be a maximum wage for high-paying people." To what extent do you agree with this statement? Please give your reasons and/or arguments.

“应该为高收入人群设定最高工资标准吗?”你在多大程度上同意这种说法?请给出你的理由和/或论点。

参考

观点1: 应该设定最高工资标准

Personally speaking, there should be a maximum wage for high-paying people.

论点1: 降低企业财务负担

The maximum wage policy will reduce corporate financial burden.

参考论证1: 限制最高工资 – 高薪需求减少 – 劳动力成本降低

[maximum wage limits] – [less requirement for high salaries] – [lower labour costs]

参考论证2: 高管薪酬上限 – 控制工资支出 – 公司财务更稳定

[capped executive pay] – [controlled payroll expenses] – [improved company financial stability]

论点2: 减轻员工精神负担

Setting a maximum wage will reduce the mental burden for employees.

参考论证1: 设置最高工资限制 – 减少竞争升职的压力 – 减轻精神负担

[setting a limitation on maximum wage] – [less pressure to compete for promotions] – [reduced mental burden]

参考论证2: 最高工资上限 – 更多时间用于休息和个人升华 – 更好的心理健康

[maximum wage limits] – [more time for rest and personal life] – [better psychological well-being]

论点3: 促进社会稳定

Maximum wage policies will lead to greater social stability.

参考论证1: 为高薪人士设置限制 – 缩小的收入差距 – 减轻社会矛盾

[wage caps for high earners] – [narrowed income gap] – [reduced social conflict]

参考论证2: 限制超额收入 – 更公正的收入分配 – 提升社会和谐

[restrictions on excessive income] – [more equitable income distribution] – [enhanced social harmony]

观点2: 不应设定最高工资标准

Personally speaking, there should not be a maximum wage for high-paying people.

论点1: 降低工作积极性

Setting wage ceilings will lower employees' motivation at their jobs.

参考论证1: 最高工资上限 – 收入增长受限 – 工作积极性降低

[maximum wage limits] – [restricted income growth] – [reduced work motivation]

参考论证2: 收入上限 – 阻碍工资上涨 – 工作热情降低

[income caps] – [obstacles to salary growth] – [declining work enthusiasm]

论点2: 不利于经济发展

Maximum wage limitations will slow down economic development.

参考论证1: 最高工资限制 – 降低私人财富积累 – 经济活力降低

[maximum wage regulations] – [reduced private capital accumulation] – [less economic vitality]

参考论证2: 工资限制 – 不愿投资其他行业 – 经济发展减缓

[income limitations] – [unwillingness to invest in other industries] – [slower economic development]

论点3: 人才流失风险

Setting a limitation on maximum wage will lead to risks of losing talent.

参考论证1：最高工资上限 – 员工满意度降低 – 技术人员流失

[maximum wage limits] – [declining employee satisfaction] – [loss of skilled personnel]

参考论证2：工资限制 – 工作满意度降低 – 员工忠诚度降低

[wage caps] – [decreased job satisfaction] – [reduced employee loyalty]

141. 负担过重有利于更高成就 #101141

Nowadays, more and more people believed that overburden can help complete higher quality in achievements. For example, professional teachers, coaches believe that this applies to students and athletes, on individual and national level. What is your point of view? Give examples to support it.

如今，越来越多的人认为负担过重有助于取得更高质量的成就。例如，专业教师和教练认为这适用于学生和运动员，无论是个人层面还是国家层面。你的观点是什么？请举例说明。

审题要点：

题干中提及到的students和athletes不一定非要在论点中体现，但是尽量在文中提及这两个人群。

如果想要讨论student和athlete这两类人群是否会由于负担过重而达到更高成就，那么就可以在论据中用这两类人群举例例证。

如果不想讨论student和athlete这两类人群是否会由于负担过重而达到更高成就，则可以在观点中表明，“除了学生和运动员以外，所有人/还有其它人群可以/不可以由于负担过重而达到更高成就”

题干中提及的on the individual and national level需要在文中展现。建议同学们主体段1从个人角度写，主体段2从国家层面写。

参考

观点1：同意

Body Paragraph 1 – 个人层面

论点1：过重的经济负担促使人们更好地工作

Overburden of financial problems brings more motivation towards people's job

参考词汇

[devote themselves into their work to earn more money / exploit people's potential ability]

论点2：负担过重激励自我发展

Increase the stimulation of self-development.

参考词汇

[overburden from the competition in the society / promote people's self-improvement / reduce the time spent on unnecessary activities such as video games / win a promotion in the job / win a higher social status/ realize full potential]

论点3：学习的负担促使学生更好地记忆知识

Overburden from learning can make students memorize theoretical knowledge deeply.

参考词汇

[they will be motivated to spend more time on study / concentrate on what teacher says / promote self-study]

论点4：来自对手的压力让运动员保持更好的竞技精神

Overburden from rivals can make athletes maintain a better competitive spirit.

参考词汇

[be longing for winning a medal / practice harder / exploit their muscular power]

Body Paragraph 2 - 国家层面

论点1: 提升社会生产效率

Increase the production efficiency of the community.

参考词汇

[the policy will help to set an appropriate allocation of social resources / each citizen will have a mission for the development of their community / boost economy]

论点2: 制定严格的目标能促进优先产业的发展

Countries setting a stringent development goal can promote the development of some prioritized industries.

参考词汇

[promote the proper use of social resources / active the economic market / some industries will lead other fields to develop innovative creation]

论点3: 负担过重能增强国家凝聚力

People will be united to face a crisis and solve the problems effectively when the whole country is under excessive burden

参考词汇

[when the Covid-19 virus attack, each country is suffering from the shortage of medical staff, so citizens with medical knowledge volunteer in solidarity and cooperation to cure patients]

论点4: 筛选出最适合为国家做贡献的人才

Select the best talents that can promote the development of the country.

参考词汇

[screen out people who are not a good fit for some positions / distinguish between people who can work under pressure and who cannot]

观点2: 不同意**Body Paragraph 1 – 个人层面**

论点1: 导致较大的精神压力

Cause mental pressure on individuals.

参考词汇

[work stress / no time for personal life]

论点2: 工作的负担会负面影响家庭关系

Overburden from work can negatively impact on family relationship.

参考词汇

[work-life balance / arguments / relationship breakdown / divorce]

论点3: 造成人们之间不公平的竞争

Promote unfair competition among people.

参考词汇

[too much focus on personal interests / outperform other in an unethical way]

Body Paragraph 2 – 国家层面

论点1: 损害公共设施的质量

Impair the quality of public infrastructure.

参考词汇

[workers will rush to build some public facilities without caring about the quality / bring safety risk to citizens]

论点2: 造成较低的国民生活幸福感

Lower the sense of satisfaction of life among citizens.

参考词汇

[no energy and spirit to create more social wealth / fertility rate decline / lead to national population aging]

论点3: 严苛的政策会降低人们的工作生活积极性

Oppressive policies discourage people's initiatives.

参考词汇

[inability to achieve the goal set by the authority / lower level of inner motivation]

论点4: 造成资源短缺

Result in a lack of resources available.

参考词汇

[insufficient labor and financial resources / shortfall]

142. 过度竞争对个人和社会的利弊? #101142

What are the advantages and the disadvantages of being over-competitive to individuals and society?

过度竞争对个人和社会有什么好处和坏处?

参考

观点1: 优点

论点: 个人层面

论点1: 提高个人工作效率

Over-competition helps to enhance people's work efficiency.

参考词汇

[creates an efficient work ethic, in which the people doesn't want to waste time on things that don't help them to achieve goals / will reduce the time on unnecessary activities such as computer games / exploits people's potential ability / motivates people to work harder / increase productivity]

论点2: 激发个人创造力

Over-competition fuels people's creativity.

参考词汇

[forces people to come up with unusual decisions and find creative ways of solving problems. / when people want to win in the fierce competitive environment, they are more likely to look at a variety of solutions to any problem and push boundaries and experiments with solutions / innovative thinking]

论点3: 帮助个人自省

Over-competition can help people to do self-reflection.

参考词汇

[in a competitive environment, people will be driven to do things better, which means they have to evaluate their strengths and weakness. To improve their strengths or weaknesses, they must identify

things they need to get better at, which help them to do more self-reflection / reinforce strengths and overcome weaknesses / become highly motivated to achieve great heights]

论点：国家层面

论点1：提高生产效率，促进社会经济发展

Over-competition will increase the production efficiency and economy of the society.

参考词汇

[set an appropriate allocation of social resources / citizens will work together towards their mission for the development of the society / productive and dynamic efficiency gains from competition / economic development and growth]

论点2：促进市场经济的发展

Over-competition can promote the development of economic market.

参考词汇

[competitive markets allow a nation's resources to be used to best effect in the production of goods and services / competition gives firms continuing incentives to make their production and distribution more efficient, to adopt better technology, and to innovate / these sources of productivity improvement lead to the rapid growth of market]

观点2：缺点

论点：个人层面

论点1：导致心理健康问题

Over-competition will cause mental health problems for individuals.

参考词汇

[constantly being under pressure often results in anxiety, which might cause mental disorder / increase the anxiety felt / depression/ anxious]

论点2：降低工作质量

Over-competition will decrease people's quality of work.

参考词汇

[recklessly pursue the speed of output without focusing on the details of work tasks / product defects / cause some troubles in products' fundamental structure / suffer a lot of hidden trouble in the course of using / further cause potential security risk/ bring safety issues/ pose a potential danger]

论点3：做出冲动的决定

Over-competition can lead to impulsive decisions for individuals.

参考词汇

[people seeing competitor getting ahead of them might result in making some rushed decisions/ impulsive choices / act without thinking / without having a double-check or considering possible consequences of their choices]

论点：国家层面

论点1：损害公共基础设施的质量

Over-competition will impair the quality of public infrastructure.

参考词汇

[works will rush to build some public facilities without caring about the quality and details / bring safety risk to citizens / over-competition will lower the national productivity and performance / citizens with too much pressure have no energy and spirit to create more social wealth / slack in work]

/ cause the reductions in output]

论点2: 导致恶性竞争

Over-competition will hinder the industrial development.

参考词汇

[irrational resource allocation / disturb the order of market economy / monopolize the market / an ineffective competition policy cannot safeguard the rights of entrepreneurs to enter and to leave markets]

143.既然有人工智能翻译，还需要学外语吗 #101143

Advanced technology such as artificial intelligence can translate a foreign language easily. To what extent do you think learning a foreign language is unnecessary?

先进的技术，比如人工智能，能够轻松地实现外语翻译。那么，你认为学习外语在多大程度上是不必要的呢？

参考

观点1：需要

Personally speaking, I firmly believe that learning a foreign language is still necessary.

论点1: 提高批判思维能力

Learning a foreign language can bring about students' critical thinking ability.

参考论证1: 阅读外文文章 – 接触不同视角 – 辩证比较各种想法

[reading articles in foreign languages] – [access to different viewpoints] – [critical comparison of opinions]

参考论证2: 分析外文文章 – 了解全球问题 – 理解不同政见

[analyzing foreign texts] – [exposure to global issues] – [an understanding of different political perspectives]

论点2: 职场竞争优势

Learning a foreign language will bring about a competitive edge in job hunting.

参考论证1: 掌握外语 – 满足跨国公司需求 – 更具职场竞争力

[mastering foreign languages] – [meeting multi-national companies' demands] – [competitiveness in the job market]

参考论证2: 掌握外语 – 国际合作和谈判 – 更多职业发展机会

[proficiency in a foreign language] – [international collaborations] – [broader career opportunities]

论点3: 促进跨文化交流

Studying a foreign language can lead to the enhancement of cross-cultural communication.

参考论证1: 掌握外语 – 理解不同的习俗和传统 – 跨文化同理心互相尊重

[learning a foreign language] – [an understanding of its culture] – [intercultural empathy and respect]

参考论证2: 掌握外语 – 与不同国家的人交流 – 增进国际友谊

[mastering a foreign language] – [cross-cultural communication] – [closer international friendships]

观点2：不需要

Personally speaking, I firmly believe that learning a foreign language is not necessary.

论点1: 无需自己学习外语

Artificial intelligence translators can bring about a reduced need for foreign language study.

参考论证1: 人工智能翻译 – 即时翻译 – 无需自主学习

[artificial intelligence translators] – [instant translation of complex texts] – [less reliance on traditional language learning]

参考论证2: 实时语音翻译软件 – 快速理解 – 无需学习外语

[real-time voice translation software] – [fast interpretation in real-life communication] – [reduced need for foreign language acquisition]

论点2: 专注其他更重要的提升

Using machine translation can lead to a focus on other priorities.

参考论证1: 使用人工智能翻译工具 – 减少记词和语法的时间 – 更多时间专注个人提升

[using AI translators] – [less time spent memorizing vocabulary and grammar] – [more time for professional development]

参考论证2: 使用机器翻译软件 – 减轻语言学习负担 – 在别的科目表现更好

[using translation software] – [less academic burden from language classes] – [better performance in other subjects]

论点3: 生活中的沟通帮手

Artificial intelligence translation can bring about sufficient communication for real-life situations.

参考论证1: 人工智能翻译用于商务 – 与海外合作伙伴沟通 – 高效跨国合作

[using AI translation in business] – [smooth communication with partners abroad] – [effective cross-border collaboration without foreign language learning]

参考论证2: 使用机器翻译平台 – 与当地人轻松交流 – 顺畅沟通

[using machine translation platforms in travel] – [easy communication with locals] – [smooth interactions without language study]

144. 太空旅行对现代生活的影响 #101144

Some people think air travel has more negative impact than positive on modern life. What do you think?

有些人认为航空旅行对现代生活带来的负面影响大于正面影响。你觉得怎么样?

参考

观点1: 弊大于利

论点1: 航空事故风险高

Air travel involves higher risk as it is prone to accidents.

参考词汇

[air crash / with the extreme speed and height / a small mistake can be very dangerous / unstable airflow / flammable objects / confined space]

论点2: 增加环境负担

Air travel increases environmental pressure.

参考词汇

[dump carbon dioxide into the air / speed up the process of global warming]

论点3: 不可确定性

Air travel is uncertain and unreliable.

参考词汇

[unpredictability / weather conditions / fog, snow, heavy rain, storm / cancellation of scheduled flights]

/ suspension of air service]

观点2：利大于弊

论点1：航空旅行产生经济效益

Air travel can generate economic growth.

参考词汇

[facilitate tourism and international trade / provide more job opportunities / aviation and spaceflight]

论点2：丰富人们的休闲生活

Air travel can broaden people's leisure experience.

参考词汇

[a wide choice of holiday destinations around the world / overseas travel / travel abroad / enable people to enjoy the scenery of foreign countries / experience foreign culture and customs]

论点3：节约时间

Air travel can save people's time.

参考词汇

[the fastest way to get from one place to another / long- distance travel / transportation means / compared to railway and cruise]

145.多种媒体同时向公众传递信息 #101145

The simultaneous dissemination of information by multiple media to the public is helpful for people to obtain accurate information. To what extent do you agree with this statement? Give your opinions and reasons.

通过多种媒体向公众同时传播信息，有助于人们获得准确的信息。你在多大程度上同意这种说法？给出你的观点和理由。

【建议参考思路】

(1) 同意：

a)多种途径的媒体可以让不同阶层、不同地域的人们都可以接收到准确信息

Multiple channels of media make accurate information accessible to people of different social status and regions

b)不同的媒体对于不同事件的报道角度是多元的，接收多角度的信息可以让公众收到最全面的信息

Different media will report different events from multiple angles, so the public can receive the most comprehensive information by receiving information from multiple angles

(2) 不同意：

a)媒体数量太多，媒体质量参差不齐，可能会混入不准确的虚假信息

There are too many media with uneven quality, which may be mixed with inaccurate and false information

b)过量的报道和宣传（信息轰炸）会夸大信息的严重程度，可能导致公众对于信息的判断产生不公正不中立的看法

Excessive reporting and propaganda (information bombardment) will exaggerate the severity of information, which may lead to unfair and neutral views of the public on information judgment

146.年轻人模仿名人 #101146

Nowadays, many young people are imitating celebrities in sports and movies. What do you think about this?

如今，许多年轻人在体育和电影中模仿名人。你怎么看待这个现象？

参考

观点1：这种现象很好

论点1：年轻人将体育和电影明星作为自己的鼓励和抱负的来源。

Young people often find inspiration and motivation in celebrities, viewing their success stories as powerful sources of encouragement and ambition.

参考词汇

[aspiration / a strong desire or ambition to achieve something great / role models / modelling behaviour / resilience / improve their ability to bounce back from setbacks and adversity]

论点2：模仿那些注重身体和心理健康的名人可以引导年轻人选择更健康的生活方式。

The emulation of celebrities who prioritise fitness and well-being can lead to healthier lifestyle choices among young people.

参考词汇

[reducing obesity rates / improving overall health / healthier lifestyle / being aware of and making choices that promote good health / exercise routine / adopting healthy habits]

观点2：这种现象不好

论点1：这种现象导致社会价值观失衡。

It has raised concerns about an imbalance in society values, with an overemphasis on vanity and superficiality, often neglecting deeper moral and ethical principles.

参考词汇

[interpersonal relationship / Imitating celebrities may lead to a distancing from real interpersonal relationships as the focus shifts towards virtual idols / lose their self-identity / excessive imitation of celebrities may cause young people to lose their unique self-identity]

论点2：年轻人没有综合发展

Another issue is the potential hindrance to holistic development among the youth, as the single-minded focus on imitating stars can lead to neglect of education and limited career choices.

参考词汇

[single-mindedness / overly focusing on imitating celebrities may cause young people to overlook other important aspects of holistic development / education / negative impact on academic performance and knowledge accumulation]

147.雇主是否应该在工作场所提供健身器材 #101147

Health is important, and so is a healthy workplace. Should bosses provide exercise facilities to their employees in the workplace? Do you agree or disagree? Please give your advice.

健康很重要，一个健康的工作场所也很重要。老板应该在工作场所为员工提供健身设施吗？你同意还是不同意？请给出你的建议。

参考

观点1：同意

论点1：提高员工健康和幸福感

It can enhance employee health and well-being.

参考词汇

[providing fitness facilities can help employees maintain health and well-being, reducing stress and anxiety / physical exercise aids in the release of endorphins, elevating mood and job satisfaction / offering fitness facilities may increase employee satisfaction with the company, contributing to long-term loyalty / by promoting employee health, companies can lower medical and health insurance expenses]

论点2: 增加工作效率

It can boost workplace productivity.

参考词汇

[exercise can enhance both physical and mental health, thereby improving employee work efficiency / physical activity can leave employees feeling more energised and better equipped to tackle workplace challenges / moderate physical activity can alleviate physical fatigue, enhancing employees' sustained work capacity / physical activity can stimulate creative thinking, aiding problem-solving and innovation]

观点2: 不同意

论点1: 额外成本和管理复杂性

It causes additional costs and management complexity.

参考词汇

[cost concerns / providing fitness facilities entails investment and operational costs, potentially increasing the company's financial burden / management challenges / maintaining and managing fitness facilities may heighten management complexity, consuming employee time and resources]

论点2: 工作和私人生活分离

It raises the concern about separation of work and personal life.

参考词汇

[work-life balance / offering fitness facilities may make it challenging for employees to establish a healthy work-life balance / responsibility sharing / employees bear the responsibility for maintaining their own health, and companies should not shoulder all the burden / personal freedom / employees should have the freedom to decide how to maintain their health without undue interference from the company]

148. 是否应该为学生的成就而付钱给老师 #101148

There is a current trend of paying teachers for students' achievements. Some people agree that it is an incentive for teachers to link students' achievements to teachers' salary, while others disagree. What is your opinion?

现在有一种根据学生的成绩付钱给老师的趋势。一些人同意教师将学生的成就与教师的工资挂钩是一种激励, 而另一些人则不同意。你的意见是什么?

参考

观点1: 同意

论点1: 激励教师提供更好的教育

I agree as this way can motivate teachers to provide better education.

参考词汇

[performance bonuses / bonuses based on student achievements can motivate teachers to deliver

higher-quality education / job Satisfaction/Being able to receive rewards may increase job satisfaction among teachers, encouraging them to be more dedicated to teaching / fairness / a performance-based bonus system can more fairly reward teachers for their efforts and achievements]

论点2: 提高教育质量

This also can enhance educational quality.

参考词汇

[a salary system based on student performance can enhance the competitiveness of schools and the education system / such a system can promote educational reform by encouraging innovation and improvements in teaching methods / student grades serve as an objective measure to assess teacher performance, providing targeted feedback]

观点2: 不同意

论点1: 可能引发教学偏向和不公平

It has potential for teaching bias and unfairness.

参考词汇

[student diversity / students come from diverse backgrounds and have various learning needs; relying solely on grades to measure teacher performance may be unfair / imbalances educational goals / overemphasising grade-based bonuses may lead teachers to overly focus on exam preparation, neglecting other educational objectives such as holistic education]

论点2: 压力和焦虑

The policy of linking teachers' salaries to student performance will increase the mental pressure and anxiety of teachers.

参考词汇

[job stress / the additional pressure teachers face due to their salary being tied to student performance may result in increased job stress / anxiety / teachers may experience anxiety because they worry that their income will fluctuate based on student performance rather than their teaching quality]

149.文艺应该政府资助还是慈善资助 #101149

Some people think that art and culture can improve the quality of life and should be funded by governments. Other people think the funding art and culture should be the responsibility of charities and private investment institutes. What do you think of this opinion?

有些人认为艺术和文化可以提高生活质量，应该由政府资助。其他人认为资助艺术和文化应该是慈善机构和私人投资机构的责任。你怎么看这个观点？

参考

观点1: 应该由政府资助

论点1: 促进文化普及和保护

This should be funded by the government, thereby promoting cultural accessibility and preservation.

参考词汇

[government funding can ensure that more people have access to and enjoy artistic and cultural activities, increasing cultural accessibility / cultural heritage / government funding helps protect and pass down the nation's cultural heritage, preserving history and traditions / public education / government funding can support cultural education, providing opportunities for people to better understand and appreciate art and culture]

论点2：维护艺术的独立性和创造性

This should be funded by the government, thereby maintaining artistic independence and creativity.

参考词汇

[artistic freedom / artists can express their creativity more freely with government funding, without being constrained by commercial considerations / diversity / government funding can support diverse and experimental artistic and cultural projects, promoting cultural diversity]

观点2：应该由慈善机构和私人投资机构资助

论点1：节省政府资源

This should be funded by charities and private investment institutes, thereby saving government resources.

参考词汇

[resource allocation / allowing charities and private investment institutes to fund arts and culture can free up government resources for other critical areas like education and healthcare / financial sustainability / relying on private funding can enhance the financial sustainability of arts and culture projects, reducing the government's financial burden]

论点2：促进竞争和创新

This should be funded by charities and private investment institutes, thereby promoting competition and innovation.

参考词汇

[market competition / depending on private funding can encourage arts and culture institutions to compete more, improving efficiency and quality / private funding can incentivise artists and cultural institutions to explore novel creative projects, driving cultural innovation]
